

Consolidated text* of Preserved Commission Implementing Regulation (EU) 2017/2313 setting out the format specifications of the plant passport for movement within the Union territory and the plant passport for introduction into, and movement within, a protected zone

Text of the Preserved Commission Implementing Regulation (EU) 2017/2313 setting out the format specifications of the plant passport for movement within the Union territory and the plant passport for introduction into, and movement within, a protected zone, as amended, insofar as it applies to Guernsey, by:

- The Plant Health (Brexit) (Amendment) (Guernsey) Regulations, 2020 (G.S.I. No. 130 of 2020)
- The Plant Health (Brexit) (Amendment) (Guernsey) Regulations, 2021 (G.S.I. No. 53 of 2021)

Whilst it is believed to be accurate, this document is not authoritative and has no legal effect. No warranty is given that the text is free of errors and omissions and no liability is accepted for any loss arising from its use.

This document is up to date as at the 28th April 2022 so that the reader should check for any subsequent amendments to this Regulation under later Guernsey legislation.

* Note: unlike the consolidated texts of legislation of domestic origin i.e. Laws, Ordinances and Statutory Instruments, this consolidation does not include notes on each amendment.

PRESERVED COMMISSION IMPLEMENTING REGULATION (EU) 2017/2313

of 13 December 2017

setting out the format specifications of the plant passport for movement within the Union territory and the plant passport for introduction into, and movement within, a protected zone

Having regard to Regulation (EU) 2016/2031 of the European Parliament and of the Council of 26 October 2016 on protective measures against pests of plants, amending Regulations (EU) No 228/2013, (EU) No 652/2014 and (EU) No 1143/2014 of the European Parliament and of the Council and repealing Council Directives 69/464/EEC, 74/647/EEC, 93/85/EEC, 98/57/EC, 2000/29/EC, 2006/91/EC and 2007/33/EC¹, and in particular Article 83(7) thereof,

Whereas:

- (1) Article 83(7) of Regulation (EU) 2016/2031 empowers the Commission to adopt the format specifications of plant passports for movement within the Union territory and of plant passports for introduction into, and movement within, a protected zone. In order to ensure easy visibility and clear legibility, it is important for plant passports to have standardised formats. This also ensures that plant passports are clearly distinguishable from any other information or label.
- (2) Due to the differences in size and characteristics of plants, plant products or other objects for which a plant passport is required, a certain degree of flexibility should be ensured as regards format specifications of plant passports. Therefore, within each category of plant passports set out in Parts A to D of the Annex, various alternative models should be available which allow for taking into account the said differences of plants, plant products or other objects for which a plant passport is required. Moreover, those models should not specifically provide for the size of the plant passports, the use of a border line, the proportion of the size of their elements, and the fonts used therein.
- (3) The elements of the plant passport should be arranged within a rectangular or square shape, and should be clearly separated from any other written or pictorial matter by a border line or otherwise. As experience has shown, this is important to enhance the visibility of plant passports and their distinctiveness from any other information or label.
- (4) For reasons of legal certainty, this Regulation should apply from the same date as Regulation (EU) 2016/2031.
- (5) Many plants, plant products and other objects for which plant passports will be issued in accordance with Commission Directive 92/105/EEC² before the date of application

¹ OJ L 317, 23.11.2016, p. 4.

² Commission Directive 92/105/EEC of 3 December 1992 establishing a degree of standardization for plant passports to be used for the movement of certain plants, plant products or other objects within

of this Regulation will still be on the market or moved after that date. As no health concern requires the immediate change of the format specifications, plant passports issued before 14 December 2019 should remain valid until 14 December 2023.

- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article A1

Interpretation

Unless the context otherwise requires, words and expressions which are not defined in this Regulation and appear in Regulation (EU) 2016/2031 of the European Parliament and of the Council have the same meaning in this Regulation as they have in Regulation (EU) 2016/2031.

Article 1

Models for UK plant passports

1. PlantUK plant passports for movement within Guernsey, the introduction into Guernsey from a Relevant British Island territory and the introduction into a Relevant British Island from Guernsey~~the Union territory~~ shall comply with one of the models provided for in Part A of the Annex.
2. PlantUK plant passports for introduction into, and movement within, a Guernsey pest-free area and for the introduction into a Relevant British Island pest-free area~~protected zone~~, shall comply with one of the models provided for in Part B of the Annex.
3. PlantUK plant passports for movement within Guernsey, the introduction into Guernsey from a Relevant British Island and the introduction into a Relevant British Island from Guernsey~~the Union territory~~, combined with a certification label pursuant to the ~~second~~first subparagraph of Article 83(5) of Regulation (EU) 2016/2031, shall comply with one of the models provided for in Part C of the Annex.
4. PlantUK plant passports for introduction into, and movement within, a Guernsey pest-free area and for the introduction into a Relevant British Island pest-free area~~protected zone~~, combined with a certification label pursuant to the ~~third~~first subparagraph of Article 83(5) of Regulation (EU) 2016/2031, shall comply with one of the models provided for in Part D of the Annex.

Article 2

Requirements for the elements of the UK plant passports

the Community, and establishing the detailed procedures related to the issuing of such plant passports and the conditions and detailed procedures for their replacement (OJ L 4, 8.1.1993, p. 22).

The elements of the UK plant passport, as set out in Annex VII to Regulation (EU) 2016/2031, shall be arranged within a rectangular or square shape, and shall be legible without the use of a visual aid.

They shall be contained within a border line, or otherwise clearly separated from any written or pictorial matter, so as to be easily visible and clearly distinguishable.

Article 3

Entry into force

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

Article 4

Date of application

This Regulation shall apply from 14 December 2019.

Plant passports issued before 14 December 2019, in accordance with Directive 92/105/EEC, shall remain valid until 14 December 2023.

~~This Regulation shall be binding in its entirety and directly applicable in all Member States.~~

Done at Brussels, 13 December 2017.

For the Commission
The President
Jean-Claude JUNCKER

ANNEX

Technical specification: The size of the plant passports, the use of a border line, the proportions of the size of their elements, and the fonts used in the models are only examples.

~~The flag of the Union may be printed in colour, or in black and white, either with white stars on black background, or vice versa.~~

Legend

1. The words '~~Plant-UK plant~~ Passport' or '~~Plant-UK plant~~ Passport – ~~PZ'-PFA'~~ in English and, if relevant, in one other official language of the Union, to be separated by a slash.
2. The botanical name(s) of the plant(s) species or taxon(s) concerned, in the case of plants and plant products, or, where appropriate, the name of the object concerned, and, optionally, the name of the variety.
3. ~~The two letter code indicated in norm ISO 3166-1 alpha-2 (1³), referred to in point (a) of Article 67 of Regulation (EU) 2016/2031, for the Member State in which the professional operator issuing the plant passport is registered.~~
4. The alphabetical, numerical or alphanumerical national registration number of the professional operator concerned.
5. Where applicable, the traceability code of the plant, plant product or the other object concerned.
6. Where applicable, the unique barcode, QR-code, hologram, chip or other data carrier, supplementing the traceability code.
7. ~~Where applicable, the two letter code indicated in norm ISO 3166-1 alpha-2, referred to in point (a) of Article 67 of Regulation (EU) 2016/2031, of the Member State(s) of origin. Where originating in, or from, Guernsey or a Relevant British Island, 'GB'.~~
8. Where applicable, the name(s) of the third country/countries of origin or its/their two-letter code indicated in norm ISO 3166-1-alpha-2.

~~8A Where applicable, 'GB(NI)'.~~

~~³ ISO 3166 1:2006, Codes for the representation of names of countries and their subdivisions — Part 1: Country codes. International Organisation for Standardisation, Geneva.~~

9. Scientific name(s) of ~~protected zone~~PFA quarantine pest(s) or, alternatively, the ~~codes specifically attributed to those pests, referred to in Article 32(3) of Regulation (EU) 2016/2031~~their EPPO codes¹.
10. Information required for an official label for seeds or other propagative material referred to ~~respectively in Article 10(1) of Council Directive 66/401/EEC, Article 10(1) of Council Directive 66/402/EEC, Article 10(1) of Council Directive 68/193/EEC, Article 12 of Council Directive 2002/54/EC, Article 28(1) of Council Directive 2002/55/EC, Article 13(1) of Council Directive 2002/56/EC, Article 12(1) of Council Directive 2002/57/EC, or the label for pre-basic, basic or certified material as referred to in point (b) of Article 9(1) of Council Directive 2008/90/EC~~respectively in ~~Article 10(1) of Council Directive 66/401/EEC (2⁴), Article 10(1) of Council Directive 66/402/EEC (3⁵), Article 10(1) of Council Directive 68/193/EEC (4⁶), Article 12 of Council Directive 2002/54/EC (7⁵), Article 28(1) of Council Directive 2002/55/EC (6⁸), Article 13(1) of Council Directive 2002/56/EC (7⁹), Article 12(1) of Council Directive 2002/57/EC (8¹⁰), or the label for pre basic, basic or certified material as referred to in point (b) of Article 9(1) of Council Directive 2008/90/EC (9¹¹).~~
