## **The Driving Licences (Amendment) (Guernsey) Regulations, 2002**

### **Explanatory Note**

A category P driving licence for a moped entitles the holder to drive any two-wheeled or three-wheeled vehicle which is fitted with an internal combustion engine with a cylinder capacity not exceeding 50cc.

These regulations introduce a new administrative code that the Committee can apply to a driving licence so that, where an individual successfully undertakes a driving test in category P using a three-wheeled vehicle, the full driving licence that is subsequently granted to that person only entitles him or her to drive three-wheeled vehicles in that category.
