EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations prescribe the harbour dues payable under section 2 of the Harbour Dues (Saint Peter Port and Saint Sampson) Law, 1957, and the charges payable for the use of harbour facilities under section 33(1) of the Harbours Ordinance, 1988. These Regulations increase the existing harbour dues and facilities charges by approximately 4 per cent. Under the terms of the Fees, Charges and

^c G.S.I No. 100 of 2010.

Penalties (Guernsey) Law, 2007, these dues and charges may now be prescribed by regulations of the Public Services Department.

Legislative background.

Harbour dues payable under section 2 of the 1957 Law were originally set out in a Schedule to that Law. Section 1 of the Harbours, Moorings and Pilotage (Fees and Dues) Law, 1986 amended section 2 of the 1957 Law to provide that the dues would be payable at such rates as the States may, from time to time, by Resolution determine. In 2001, the 1957 Law was further amended by section 1 of the Harbour Dues, Harbour Charges and Mooring Charges (Guernsey) (Amendment) Law, 2001 to provide that such a States resolution could authorise the Board of the Public Services Department to amend the amount of those dues in respect of any specified twelve month period or periods by an amount not exceeding the change in the Guernsey Retail Price Index during such earlier twelve month period or periods as may be so specified.

Charges for the use of harbour facilities under section 33 of the Harbours Ordinance, 1988 were originally payable at such rates as the States may from time to time determine by resolution. Section 33 was amended by section 1 of the Harbours (Amendment) Ordinance, 2001 to provide that such a States resolution could authorise the Board of the Public Services department to amend the amount of those charges in respect of any specified twelve month period or periods by an amount not exceeding the change in the Guernsey Retail Price Index during such earlier twelve month period or periods as may be so specified.
