

Island of  Guernsey

Ordinance of the States **VI**
1959

Made 22nd April, 1959.
Coming into Operation 1st July, 1959.

**The Pharmacists, Poisons and Pharmacy
(Guernsey) Ordinance, 1959**

ARRANGEMENT OF SECTIONS

PART I

Section No.

Authorisation of Pharmacists

1. Authority to practise.
2. Grant of authorisation.
3. Interim authorisation by a Law Officer of the Crown.
4. Cessation of authorisation.
5. Definition of "authorised pharmacist".

Section No.

PART II

Poisons

6. Prohibitions and regulations with respect to sale of poisons.
7. Listed sellers to be entitled to sell poisons in Part II of the Poisons List.
8. Exemption with respect to medicines.
9. Additional restrictions of sale of poisons in the Fourth Schedule.
10. Complete exemption for articles and substances in the Third Schedule.
11. Restriction of sales by listed sellers of Part II poisons.
12. Requirements as to colouring in certain cases.
13. Restriction of sale of strychnine and mono-fluoroacetic acid.
14. Manner of labelling containers.
15. Labelling of name of poison.
16. Labelling of particulars as to proportion of the poison.
17. Indication of the character of the poison.
18. Special precautions in the case of certain articles.
19. Name and address of premises.
20. Form of containers.
21. Storage of poisons.
22. Transport of poisons.
23. Special provisions with respect to the transport of poisons specified in the Ninth Schedule.
24. Supply of medicines to out-patients from certain hospitals, etc.
25. Supply of medicines for use in hospitals, etc.
26. Storage of poisons in institutions.

Section No.

PART III

Pharmacy

27. Preparation and sale of medicines.
28. Control of importation of certain medicines.
29. Special provisions with respect to the sale of medicines specified in the Eleventh Schedule.
30. Standard of quality and purity of medicines.
31. Restrictions on sale of aspirins.
32. Exceptions in the case of doctors, dentists, etc.
33. Restrictions on sale of camphorated oil.

PART IV

Supplemental

34. Preparation and sale of poisons and medicines by bodies corporate, etc.

PART V

Miscellaneous

35. Inspection and enforcement of Ordinance.
36. Order making power.
37. Penalty.
38. Interpretation.
39. Repeals.
40. Extent.
41. Citation and commencement.

SCHEDULES

First Schedule : Substances included in the Poisons List to which special restrictions apply.

Second Schedule : Form of entry to be made in the book to be kept by sellers of poisons in accordance with section six of the Ordinance.

Third Schedule : Articles exempt from the provisions of the Ordinance.

Fourth Schedule : Substances to be sold by retail only upon a prescription given by an authorised medical practitioner, authorised dentist or authorised veterinary surgeon.

Fifth Schedule : Form to which substances specified are restricted when sold by listed sellers of Part II poisons.

Sixth Schedule : Poisons required to be coloured in certain cases.

Seventh Schedule : Statement of particulars permitted in certain cases as to the proportion of the poisons.

Eighth Schedule : Indication of character of articles prescribed for the purposes of section six of the Ordinance.

Ninth Schedule : Poisons required to be specially labelled for transport.

Tenth Schedule : The Poisons List.

Eleventh Schedule : Certificate for the purchase of a poison.

Twelfth Schedule : Substance in which poison is exempted by section 6 (7) of this Ordinance.

Thirteenth Schedule : Forms of certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide.

Fourteenth Schedule : Medicines to which special provisions apply.

Fifteenth Schedule : Enactments repealed.

The Pharmacists, Poisons and Pharmacy (Guernsey) Ordinance, 1959

THE STATES, in pursuance of their Resolution of the fifth day of November, nineteen hundred and fifty-eight, hereby order:—

PART I—Authorisation of Pharmacists

1. A person, other than a person already authorised so to do by the Royal Court or by the Court, shall not practise in this Island as a pharmacist (which expression includes a pharmaceutical chemist or chemist and druggist) unless he has been authorised so to do by the Court. Authority to practise.

2. A person who applies to the Court to be authorised under the provisions of the last preceding section to practise as a pharmacist in this Island may be so authorised if the Court is satisfied that he is registered as qualified to practise as a pharmacist in the United Kingdom. Grant of authorisation.

3. Notwithstanding the provisions of the last preceding section, where there is no immediate opportunity for a person to apply to the Court to be authorised in accordance with the provisions of that section, a Law Officer of the Crown may, on being satisfied that that person is registered as qualified to practise as a pharmacist in the United Kingdom, authorise him to practise as a pharmacist in this Island until the first sitting of the Court next following the date on which that person is so authorised by a Law Officer of the Crown. Interim authorisation by a Law Officer of the Crown.

Cessation of authorisation.

4. A person authorised, whether under the provisions of this Ordinance or of any Ordinance repealed, either in whole or in part, by this Ordinance, to practise as a pharmacist in this Island shall cease to be so authorised if that person ceases for any reason to be registered as qualified to practise as a pharmacist in the United Kingdom.

Definition of "authorised pharmacist".

5. In this Ordinance, except where the context otherwise requires, the expression "authorised pharmacist" means a person authorised to practise as a pharmacist under and by virtue of the provisions of this Part of this Ordinance.

PART II—*Poisons*

Prohibitions and regulations with respect to sale of poisons.

6. (1) Subject to the provisions of this Part and Part IV of this Ordinance, a person shall not:—

- (a) sell, offer for sale or attempt to sell any of the poisons included in Part I of the Tenth Schedule to this Ordinance (which Schedule is hereinafter referred to as "the Poisons List") unless—
 - (i) he is an authorised pharmacist, and
 - (ii) the sale is effected by, or under the supervision of, an authorised pharmacist;
- (b) sell, offer for sale or attempt to sell any of the poisons included in Part II of the Poisons List unless either—
 - (i) he is an authorised pharmacist; or
 - (ii) his name is entered on a list kept by the Board in pursuance of section seven of this Ordinance entitling him, subject to the provisions of this Ordinance, to sell poisons included in Part II of the Poisons List;

(c) sell, offer for sale or attempt to sell any of the poisons included in Part I or in Part II of the Poisons List unless the container of the poison is labelled—

- (i) with the name of the poison, and
- (ii) in the case of a preparation which contains any of the said poisons as one of the ingredients thereof, with particulars as to the proportion which the poison contained in the preparation bears to the total ingredients, and
- (iii) with the word "POISON" or, in the case of a preparation as aforesaid, an indication of the character of the preparation, and
- (iv) with the name of the seller of the poison and the address of the premises on which it was sold,

in clear legible capital letters.

(2) Subject to the provisions of this Part and Part IV of this Ordinance:—

(a) a person shall not sell, offer for sale or attempt to sell any of the poisons included in the First Schedule to this Ordinance to any person unless that person is either—

- (i) certified in writing in the manner provided for in subsection (3) of this section and by the person authorised by the provisions of subsection (4) of this section to give a certificate for the purposes of this section; or
- (ii) known by the seller or by some authorised pharmacist in the employment of the seller at the premises where the sale is effected;

to be a person to whom the poison may properly be sold;

- (b) the seller of any such poison shall not deliver it until—
- (i) he has made or caused to be made an entry in a book to be kept for that purpose, each page of which shall be in the form set out in the Second Schedule to this Ordinance, stating the date of the sale, the name and address of the purchaser and of the person, if any, by whom the certificate required under paragraph (a) of this subsection was given, the name and quantity of the article sold and the purposes for which it is stated by the purchaser to be required; and
 - (ii) the purchaser has affixed his signature to the entry aforesaid;
- (c) a person shall not sell, offer for sale or attempt to sell any of the poisons included in Part I or Part II of the Poisons List to any person unless that person is aged sixteen years or more.

(3) A certificate given for the purposes of paragraph (a) of subsection (2) of this section shall be in the form and shall contain the particulars set out in the Eleventh Schedule to this Ordinance.

(4) All householders are hereby authorised to give such certificates as aforesaid:

PROVIDED that a certificate given by a householder who is not known to the seller of the poison to be a responsible person of good character shall not be a sufficient certificate for the purposes of the said paragraph (a) of subsection (2) of this section unless it is endorsed in the manner specified in the Eleventh Schedule to this Ordinance by the Chief Officer of Police.

(5) On any sale of a poison upon such a certificate as aforesaid the certificate shall be retained by the seller.

(6) Paragraph (a) of subsection (2) of this section shall, in its application to sales by listed sellers of poisons included in Part II of the Poisons List, be deemed to be satisfied if the person to whom the poison is sold is known by the person in charge of the premises on which the poison is sold or of the department of the business in which the sale is effected to be a person to whom the poison may properly be sold.

(7) The provisions of subsection (2) of this section shall not apply, so far as the poison specified in the first column of the Twelfth Schedule to this Ordinance is concerned, to sales of substances specified in the second column of that Schedule.

(8) Nothing in this Part of this Ordinance shall extend to or interfere with—

- (a) the sale of poisons by way of wholesale dealing; or
- (b) the sale of an article to an authorised medical practitioner, authorised dentist or authorised veterinary surgeon for the purposes of his profession; or
- (c) the sale of an article for use in or in connection with any hospital, infirmary, dispensary or similar institution approved by an order, whether general or special, of the Board; or
- (d) the sale of an article to a person or institution concerned with scientific education or research if the article is required for the purposes of that education or research.

Listed sellers
to be entitled
to sell poisons
in Part II of
the Poisons
List.

7. (1) The Board shall keep, for the purposes of this Part of this Ordinance, a list of persons (in this Ordinance referred to as "listed sellers") who, not being entitled to sell poisons included in Part I of the Poisons List are, subject to the provisions of this Ordinance, to be entitled to sell poisons included in Part II of the Poisons List and shall, subject as hereinafter provided, enter in the list the name of any person who makes an application to the Board, in the form prescribed, to have his name entered in the list as a person entitled, subject to the provisions of this Ordinance, to sell such poisons.

(2) The Board may refuse to enter in or may remove from the list the name of any person who fails to pay the fees prescribed or who, in the opinion of the Board, is, for any sufficient reason relating to him personally, not fit to be on the list.

(3) If any person is aggrieved by the refusal of the Board to enter his name in the said list or by the removal of his name therefrom under this section, he may, in such manner and within such period as may be directed by Order of the Royal Court, appeal to the Court against the refusal or removal.

(4) Every person shall pay to the Board such fees as may be prescribed in respect of—

- (a) the entry of his name in the list; and
- (b) the retention of his name in the list in any year subsequent to the year in which his name is first entered therein.

(5) If any person whose name is entered in the list is convicted before any court of any criminal offence which, in the opinion of the court, renders him unfit to have his name on the list, the court may, as part of the sentence, order his name to be removed from the list and direct that he shall, for such period as may be specified in the order, be disqualified from having his name on the list.

(6) The list shall be open at all reasonable times to the inspection of any person without fee.

(7) In this section the expression "relating to him personally" means, in relation to a person being a body corporate, relating personally to the members of the board of that body corporate or to the managers or other officers of the body corporate.

(8) A person whose name is entered in the list shall not use in connection with his business any title, emblem or description reasonably calculated to suggest that he is entitled to sell any poison other than a poison which he is under this Ordinance entitled to sell and if any person acts in contravention of this subsection he shall be guilty of an offence and liable, on conviction in respect of each offence, to a fine not exceeding twenty pounds and, in the case of a continuing offence, to a further fine not exceeding five pounds for every day subsequent to the day on which he is convicted of the offence during which the contravention continues.

8. (1) Nothing in section six of this Ordinance shall apply— Exemption
with respect
to medicines

- (a) to a medicine which is supplied by an authorised medical practitioner for the purposes of medical treatment, by an authorised dentist for the purposes of dental treatment or by an authorised veterinary surgeon for the purposes of animal treatment; or
- (b) to a medicine which is dispensed by an authorised pharmacist; or
- (c) to a poison forming part of the ingredients of a medicine which is supplied by an authorised pharmacist;

if the requirements contained in the following provisions of this section are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name and address of the person by whom it is supplied or dispensed.

(3) On the day on which the medicine is supplied or dispensed or, if that is not reasonably practicable, on the day next following that day, there must be entered in a book which is used regularly for the purpose of this provision but which need not be used exclusively for that purpose the following particulars—

- (a) the date on which the medicine was supplied or dispensed;
- (b) the ingredients of the medicine and the quantity thereof supplied;
- (c) if the medicine was dispensed by an authorised pharmacist, the name or initials and, if it is known, the address of the person by whom, and the name and, if it is known, the address of the person to whom, and the date on which, the prescription was given;
- (d) if the medicine was not so dispensed, the name of the person to whom it was supplied :

PROVIDED that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which the medicine has been supplied by the seller on a previous occasion, be deemed to be complied with if the day on which the medicine is supplied and the quantity thereof supplied are entered in the book on that day or, if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to an entry in the book duly recording the dispensing of the medicine on the previous occasion.

Additional
restrictions
of sale of
poisons in
the Fourth
Schedule.

9. (1) A person shall not sell any poison included in the Fourth Schedule to this Ordinance except on and in accordance with a prescription given by an authorised medical practitioner, authorised dentist

or authorised veterinary surgeon in the form provided by this section.

(2) Notwithstanding the provisions of the last preceding subsection, where an authorised pharmacist is reasonably satisfied that a person ordering any such poison as aforesaid is an authorised medical practitioner who is, by reason of some emergency, unable to furnish such a prescription immediately he may, notwithstanding that no such prescription has been given, if the said person undertakes to furnish him with such a prescription within the twenty-four hours next following, deliver the poison ordered in accordance with the directions of the said person, so, however, that, notwithstanding anything in any such directions, the supply shall not be repeated until such a prescription has been given.

(3) If any person by whom any such undertaking as aforesaid has been given fails to deliver to the seller a prescription in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the last preceding subsection knowingly makes a statement which is false in a material particular, he shall be deemed to have contravened the provisions of this section.

(4) This section shall apply to the sale of any such poison as aforesaid, notwithstanding that it is a transaction exempted by section eight of this Ordinance.

(5) For the purposes of this section a prescription shall—

- (a) be in writing and be signed by the person giving it with his usual signature and be dated by him;
- (b) specify the name and address of the person for whose treatment it is given or, if the prescription is given by an authorised

veterinary surgeon, of the person to whom the medicine is to be delivered;

- (c) have written thereon, if given by a dentist, the words "For dental treatment only" or, if given by an authorised veterinary surgeon, the words "For animal treatment only";
 - (d) when the medicine is packed otherwise than in ampoules indicate—
 - (i) except in the case of a preparation contained in the British National Formulary, the total amount to be supplied; and
 - (ii) except in the case of a preparation which is to be used for external treatment only, the dose to be taken;
 - (e) when the medicine is packed in ampoules indicate—
 - (i) except in the case of a preparation contained in the British National Formulary, either the amount to be supplied or the total amount intended to be administered or injected; and
 - (ii) in any case, the amount intended to be administered or injected in each dose.
- (6) A person dispensing a prescription under the provisions of this section shall comply with the following requirements—
- (a) the prescription must not be dispensed more than once unless the prescriber has directed thereon either that it may be dispensed a stated number of times or that it may be dispensed at stated intervals;
 - (b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals it must not be dispensed otherwise than in accordance with that direction;

- (c) a prescription which contains a direction that it may be dispensed a stated number of times but no direction as to the intervals at which it may be dispensed shall not be dispensed more often than once in three days, and a prescription which contains a direction that it is to be dispensed at stated intervals but no direction as to the number of times that it may be dispensed shall not be dispensed more often than three times;
- (d) at the time of dispensing or, where a poison has been delivered under the provisions of subsection (2) of this section, on the subsequent receipt of the prescription there must be noted on the prescription, above the signature of the prescriber, the name and address of the seller and the date on which the prescription is dispensed or, as the case may be, the poison was delivered;
- (e) except in the case of a prescription which may be dispensed again, the prescription must, for a period of two years, be retained and kept on the premises on which it was dispensed in such manner as to be readily available for inspection.

10. Nothing in this Part of this Ordinance shall apply—

- (a) with respect to any article included in Group I of the Third Schedule to this Ordinance; or
- (b) so far as any poison specified in the first column of Group II of the Third Schedule to this Ordinance is concerned, with respect to any of the articles or substances specified in the second column of that Schedule beside the description of the poison.

Complete exemption for articles and substances in the Third Schedule.

Restriction
of sales by
listed sellers
of Part II
poisons.

11. (1) No shopkeeper shall be entitled by virtue of being a listed seller of the poisons contained in Part II of the Poisons List to sell—

- (a) any poison other than ammonia, hydrochloric acid, nitric acid, potassium quadroxalate and sulphuric acid, except in a closed container as closed by the manufacturer or other person from whom the poison was obtained;
- (b) any substance included in the First Schedule to this Ordinance unless the sale is effected by himself or by a responsible deputy.

(2) For the purposes of the last preceding subsection the expression “responsible deputy” means a person nominated as a deputy on the seller’s form of application for entry as a listed seller of the poisons contained in Part II of the Poisons List, or any person substituted, by notice in writing to the Board, for a person so nominated, and not more than two deputies shall be nominated at the same time in respect of one set of premises.

(3) No person shall be entitled by virtue of being a listed seller of the poisons contained in Part II of the Poisons List to sell—

- (a) any poison included in the first column of the Fifth Schedule to this Ordinance unless the article or substance sold is one of the articles or substances specified against the description of the poison in the second column of that Schedule, and the container of the substance is, in addition to any other provisions of this Ordinance with respect to labelling, labelled clearly with a notice of the special purpose for which the article or substance is intended, and a warning that it is only to be used for that purpose;
- (b) any of the following poisons, that is to say—

- (i) arsenical poisons other than lead arsenates, calcium arsenates and copper acetoarsenites;
- (ii) dinitrocresols (DNC), their compounds with a metal or a base other than winter washes containing not more than the equivalent of five per cent of dinitrocresols;
- (iii) dinosam, its compounds with a metal or a base;
- (iv) dinoseb, its compounds with a metal or a base;
- (v) mercuric chloride, mercuric iodide or any organic compound of mercury;
- (vi) any of the following phosphorus compounds, that is to say, amiton, demeton-O, demeton-S, diethyl 4-methyl-7-coumarinyl phosphorothionate, diethyl *p*-nitrophenyl phosphate, dimefox, ethyl *p*-nitrophenyl phenylphosphonothionate, mazidox, 2-methoxycarbonyl-1-methylvinyl dimethyl phosphate, mipafox (except when in the form of a cap on a stick or wire), parathion, schradan, sulfotep, triphosphoric pentadimethylamide;

unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture and requires the poison for the purpose of that trade or business.

12. A person shall not sell any poison included in the Sixth Schedule to this Ordinance which is intended for use as a weed killer or in the prevention or treatment of infestation by animals, plants or other living organisms unless there has been added to the poison a dye or other substance which renders it of a distinctive colour whether dry or wet or in solution :

Requirements as to colouring in certain cases.

PROVIDED that this section shall not apply in the case of poisons which are themselves of a distinctive colour or sheep dips which are already of a distinctive colour.

Restriction of sale of strychnine and monofluoroacetic acid.

13. (1) A person shall not sell or supply strychnine except as an ingredient in a medicine:

PROVIDED that this subsection shall not apply to the sale of strychnine for the purpose of being compounded in preparations prescribed or administered by an authorised medical practitioner or authorised veterinary surgeon.

(2) A person shall not sell or supply monofluoroacetic acid or any salt thereof:

PROVIDED that this subsection shall not apply to the sale of monofluoroacetic acid or a salt thereof—

(a) by way of wholesale dealing; or

(b) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or

(c) to a person producing a certificate in form "A" of the forms set in the Thirteenth Schedule to this Ordinance issued within the preceding three months by the Medical Officer of Health certifying that monofluoroacetic acid or a salt thereof named in the certificate is required for use by employees of the States of Guernsey as a rodenticide in ships, aircraft, hangars or sewers in such places, or in such industrial premises or warehouses as are identified, in the certificate; or

(d) to a person producing a certificate in form "B" of the forms set out as aforesaid issued within the said period by the Medical Officer of Health certifying that monofluoroacetic acid or a salt thereof is required for use by such person or by the employees of such

body of persons carrying on a business of pest control as is named in the certificate as a rodenticide in ships, aircraft, hangars or sewers in such places, or in such industrial premises or warehouses as are identified, in the certificate.

14. (1) Subject to the provisions of this Part of this Ordinance, the particulars with which the container of a poison is required to be labelled under the provisions of this Part of this Ordinance must appear in a conspicuous position on the container in which the poison is sold and on every box or other covering of whatever nature enclosing the container, and the particulars must be clearly and distinctly set out and not in any way obscured or obliterated.

Manner of
labelling
containers.

(2) Where the poison is contained in an ampoule, cachet or similar article, it shall not be necessary to label that article itself, if every box or other covering in which the article is enclosed is duly labelled.

(3) Nothing in this Part of, or in sections fourteen to nineteen inclusive of, this Ordinance shall require the labelling of any transparent cover or any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

15. (1) Subject as hereinafter provided, for the purposes of sub-paragraph (i) of paragraph (c) of subsection (1) of section six of this Ordinance and of paragraph (a) of subsection (3) of section twenty-four of this Ordinance the name of a poison shall be—

Labelling of
name of
poison.

(a) where the term under which a poison is included in the Poisons List describes the poison specifically—

(i) the said term;

(ii) the name published by the General Medical Council as the approved name of the poison; or

- (iii) if the poison is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph;
- (b) where the said term describes a group of poisons and not the poison specifically—
 - (i) if the poison is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph; and
 - (ii) in any other case, the accepted scientific name, the name descriptive of the true nature and origin of the poison or the name published by the General Medical Council as the approved name of the poison.
- (2) For the purposes aforesaid it shall, in the case of—
 - (a) a substance which is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex, or any dilution, concentration or admixture of such a substance;
 - (b) a preparation contained in the British Pharmacopoeia or the General Monographs or Formulary of the British Pharmaceutical Codex or the British National Formulary or in the British Veterinary Codex or any

dilution, concentration or admixture of such a preparation; or

- (c) a surgical dressing for which a standard is described in the British Pharmaceutical Codex;

be sufficient, notwithstanding anything in the last preceding subsection of this section, to state the name, synonym or abbreviated name used to describe the substance, preparation or surgical dressing in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex with the addition of the letters "B.P." or "B.P.C., B.N.F. or B.Vet.C.", as the case may be.

(3) For the purposes aforesaid it shall, in the case of a preparation containing a poison specified in the first column of the Seventh Schedule to this Ordinance, be sufficient, notwithstanding anything in subsection (1) of this section, to state the name of the poison or substance mentioned in the second column of the said Schedule in respect of which the proportion of the poison to the total ingredients of the preparation is in accordance with the provisions of subsection (2) of section sixteen of this Ordinance expressed.

(4) For the purposes aforesaid it shall, in the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, be sufficient, notwithstanding anything in subsection (1) of this section, to state the name of strychnine or morphine, as the case may be, or one of the names or abbreviated names of strychnine or morphine, as the case may be, set out at the head of the monographs in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex.

Labelling of
particulars
as to pro-
portion of
the poison.

16. (1) For the purposes of sub-paragraph (ii) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires preparations containing poisons to be labelled with the prescribed particulars as to the proportion of poison therein) the label of the container of any preparation containing a poison as one of its ingredients shall, subject as hereinafter provided, include a statement of the proportion which the poison bears to the total ingredients of the preparation.

(2) In the case of a preparation containing a poison specified in the first column of the Seventh Schedule to this Ordinance, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(3) In the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, it shall be sufficient, so far as those alkaloids are concerned, to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(4) In the case of a substance, preparation or surgical dressing which is named in accordance with subsection (2) of the last preceding section, it shall not be necessary to state on the label the proportion of the poison contained in the substance, preparation or surgical dressing and, in the case of any dilution, concentration or admixture of such a substance or preparation, it shall be sufficient to state the proportion which the substance or preparation bears to the total ingredients of the dilution, concentration or admixture.

(5) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules, it shall be sufficient to state on the label of the box

or other covering in which the articles are enclosed the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in the last foregoing subsection the amount of the preparation, contained in each article.

(6) Where any proportion is stated as a percentage, the statement shall indicate whether the percentage is calculated on the basis of weight in weight, weight in volume, or volume in volume.

17. (1) For the purposes of sub-paragraph (iii) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires the containers of poisons to be labelled with the word "Poison" or other prescribed indication of character), the container of any article specified in the Eighth Schedule to this Ordinance shall, instead of being labelled with the word "Poison", be labelled with the words specified in the said Schedule as applicable to that article.

Indication of the character of the poison.

(2) The said words specified as aforesaid or the word "Poison", as the case may be, must not be modified in meaning by the addition of any other words or marks, and

(a) in the case of a substance included in the First Schedule to this Ordinance, must either be in red lettering or be set against a red background; and

(b) in all cases must either be on a separate label or be surrounded by a line within which there must be no other words except words with which the container of the poison is required to be labelled under the provisions of this Ordinance.

18. (1) It shall not be lawful to sell or supply any poison—

Special precautions in the case of certain articles.

(a) in the case of a liquid other than a medicine, contained in a bottle of a capacity of not

more than one hundred and twenty fluid ounces, unless the bottle is labelled with the words "Not to be taken";

- (b) in the case of an embrocation, liniment, lotion, liquid antiseptic or other liquid preparation for external application, unless the container is labelled with the name of the article and the words "For external use only".

(2) It shall not be lawful to sell or supply any compressed hydrocyanic acid unless the container is labelled with the words "Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use".

(3) This section shall be in addition to the other requirements of this Part of this Ordinance with respect to labelling and shall apply to transactions exempted by section eight of this Ordinance.

Name and
address of
premises.

19. (1) The provisions of sub-paragraph (iv) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires the container of a poison to be labelled with the name of the seller and the address of the premises on which it was sold) shall not apply in the case of an article sold for the purpose of being sold again in the same container.

(2) The requirements of the said paragraph shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depôt, if the container of the poison is labelled with the address of the supplier's principal place of business or, in the case of a body corporate, of the registered office of the body corporate.

(3) Where any poison (other than a substance included in the First Schedule to this Ordinance) is sold in a container and outer covering, being the con-

tainer and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(4) Where the names of more than one person or more than one address appear on any label, there must also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

20. (1) It shall not be lawful to sell, whether whole-sale or retail or supply any poison unless— Form of containers.

(a) it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport; and

(b) in the case of a liquid contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, not being a preparation made up ready for the internal treatment of human or animal ailments, or a local anaesthetic for injection in the treatment of human or animal ailments, the outer surface of the bottle is fluted vertically with ribs or grooves recognisable by touch.

(2) Paragraph (a) of the last preceding subsection shall apply to transactions exempted by section eight of this Ordinance, and paragraph (b) of that subsection shall not apply to the sale or supply of poisons to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

*21. (1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling. Storage of poisons.

(2) It shall not be lawful to store any substance included in the First Schedule to this Ordinance in any retail shop or premises used in connection therewith unless the substance is stored—

- (a) in a cupboard or drawer reserved solely for the storage of poisons; or
- (b) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access; or
- (c) on a shelf reserved solely for the storage of poisons and—
 - (i) no food is kept directly under the shelf, and
 - (ii) the container of the substance is rendered distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises :

PROVIDED that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substances on any shelf, or in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

Transport of poisons.

22. It shall not be lawful to consign any poison for transport unless it is sufficiently stoutly packed to avoid leakage arising from the ordinary risks of handling and transport.

Special provisions with respect to the transport of poisons specified in the Ninth Schedule.

23. (1) It shall not be lawful to consign for transport by carrier any poison included in the Ninth Schedule to this Ordinance unless the outside of the package containing the article is labelled conspicuously with the name or description of the poison

as set forth in the said Schedule and a notice indicating that it is to be kept separate from food and from empty containers in which food has been contained.

(2) It shall not be lawful for any person knowingly to transport any such poison as aforesaid, either on his own behalf or for another person, in any vehicle in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the poison, or is otherwise adequately protected from the risk of contamination.

(3) This section shall not apply with respect to medicines.

24. (1) The provisions of this Part of this Ordinance, except the provisions of section eighteen, shall not apply with respect to—

Supply of medicines to out-patients from certain hospitals, etc.

(a) any medicine for the treatment of human ailments dispensed from a hospital, infirmary, health centre or dispensary maintained by any public authority, or out of public funds, or by a charity;

(b) any preparation for the treatment of animals supplied from a veterinary hospital which is under the superintendence of an authorised veterinary surgeon;

if the requirements contained in the following provisions of this section are satisfied in relation thereto.

(2) The medicine or preparation must not be supplied except by, or on and in accordance with a prescription of, an authorised medical practitioner for the purposes of medical treatment, or an authorised dentist for the purposes of dental treatment, or an authorised veterinary surgeon for the purposes of animal treatment.

(3) In a case where a substance included in the First Schedule to this Ordinance is supplied, a record

must be kept on the premises in such a way that there can readily be traced at any time during a period of two years after the date on which the substance was supplied the following particulars—

- (a) the name and quantity of the poison supplied; and
 - (b) the date on which the poison was supplied and
 - (c) the name and address of the person to whom the poison was supplied; and
 - (d) the name of the person who supplied the poison or who gave the prescription upon which it was supplied.
- (4) The container of the medicine or preparation must be labelled—
- (a) with a designation and address sufficient to identify the hospital, infirmary, health centre or dispensary from which it was supplied;
 - (b) except in the case of a medicine or preparation made up ready for treatment, with the word "Poison";
 - (c) in the case of a poison supplied from a veterinary hospital, with the words "For animal treatment only";

and in the case of a medicine or preparation to which section eighteen of this Ordinance applies the requirements of that section shall be satisfied in addition to the requirements aforesaid.

Supply of
medicines for
use in
hospitals,
etc.

25. (1) This section and the next succeeding section shall apply to any hospital, infirmary, health centre, dispensary, clinic, nursing home or other institution at which human ailments are treated (hereafter in this and the next following section referred to as an "institution").

(2) In any institution in which medicines are dispensed in a dispensing or pharmaceutical depart-

ment in charge of a person appointed for that purpose, no medicine containing a poison shall be supplied from that department for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this section.

(3) The medicines must not be supplied except upon a written order signed by an authorised medical practitioner, authorised dentist, or by a sister or nurse in charge of a ward, theatre or other section of the institution :

PROVIDED that in a case of emergency a medicine containing a poison may be supplied, notwithstanding that no such said written order is produced, on an undertaking by the person ordering the medicine to furnish such a said written order within the twenty-four hours next following.

(4) If any person, by whom any such undertaking as aforesaid has been given, fails to furnish to the supplier a written order in accordance with the undertaking, or if any person for the purposes of obtaining the supply of any medicine under the last preceding subsection knowingly makes a statement which is false in a material particular, he shall be deemed to have contravened the provisions of this section.

(5) The container of the medicine must be labelled—

- (a) with words describing its contents;
- (b) in the case of substances included in the First Schedule to this Ordinance, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

26. (1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for the purpose,

Storage of
poisons in
institutions.

all poisons other than those issued for use within the institution must be stored in that department.

(2) In any institution to which the foregoing subsection does not apply all poisons other than those issued for use within the institution must be stored—

- (a) in charge of a person appointed for the purpose by the governing body or person in control of the institution; and
- (b) in the case of substances which are included in the First Schedule to this Ordinance, either in a cupboard or drawer, or on a shelf, reserved solely for the storage of poisons, and in a case where a poison is stored on a shelf the container of the poison must be rendered distinguishable by touch from the containers of articles other than poisons stored on the same premises.

(3) In every institution every substance included in the First Schedule to this Ordinance which is stored in the wards must be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) All places in which poisons are required by this section to be stored must be inspected at regular intervals of time not exceeding three months by an authorised pharmacist or by some other person appointed for the purpose by the governing body or person in control of the institution.

PART III—*Pharmacy*

Preparation
and sales of
medicines.

27. (1) Subject to the succeeding provisions of this Part, Part II and Part IV of this Ordinance a person shall not prepare or sell medicines, other than those set out in the Fourteenth Schedule to this Ordinance, in this Island unless he is an authorised pharmacist.

(2) Nothing in this section contained shall prohibit the preparation or supply of medicines in the

exercise of his profession by any authorised medical practitioner, authorised dentist or authorised veterinary surgeon.

28. (1) A person shall not import any receptacle into this Island containing any of the medicines, other than sulphur, set out in the Fourteenth Schedule to this Ordinance unless there is attached to the exterior thereof a declaration made by the manager or other responsible employee of the manufacturer of the substance to the effect that the standard of purity and quality of the substance, or of any constituent part thereof, is not less than that laid down for the substance in the British Pharmacopoeia. Control of importation of certain medicines.

(2) In the absence of any such declaration as is referred to in subsection (1) of this section the States Supervisor, or any person authorised by him in that behalf, may detain the receptacle concerned and the contents thereof until the declaration as aforesaid is delivered to him.

(3) As soon as may be after the detention of a receptacle under the provisions of the last preceding subsection the States Supervisor shall notify the consignee thereof of the fact of such detention and the reason therefor.

(4) If on the expiration of twenty-one days after such notification as aforesaid the States Supervisor has not received the declaration as required by this section the President of the Board may order the destruction of the contents of the receptacle concerned and they shall be destroyed accordingly.

(5) The Medical Officer of Health may take samples of any medicines referred to in subsection (1) of this section before delivery to the consignee thereof in this Island, whether or not the receptacle containing those medicines is accompanied by a declaration

required under subsection (1) of this section, and may cause the medicines to be submitted to any analysis or test which he may consider necessary and if, as a result of any such analysis or test, it is found that the purity or quality of any such sample does not conform to the standard required by the provisions of subsection (1) of this section the Medical Officer of Health may order the sample to be confiscated and destroyed.

(6) The States Supervisor, or any person authorised by him in that behalf, shall detain any medicines a sample of which has been taken in accordance with the provisions of the last preceding subsection for so long during the analysis or test as aforesaid as may be required by the Medical Officer of Health and, if the sample has been destroyed in accordance with the provisions of the last preceding subsection, the Medical Officer of Health or any person authorised by him in that behalf shall destroy the remainder of the medicines from which the sample was taken, otherwise the States Supervisor shall release the same from detention and shall so inform the consignee.

(7) Every receptacle containing any of the medicines referred to in subsection (1) of this section shall have imprinted thereon or attached or stuck thereto at the time of sale by retail the name, in English, of the medicines in letters at least one sixteenth of an inch in height.

Special provisions with respect to the sale of medicines specified in the Fourteenth Schedule.

29. A person shall not sell any of the medicines mentioned in Part II of the Fourteenth Schedule to this Ordinance otherwise than in closed receptacles.

30. A person shall not sell any of the medicines mentioned in the Fourteenth Schedule to this Ordinance unless they are of a standard of quality or purity not less than that laid down for the medicine in the British Pharmacopoeia. Standard of quality and purity of medicines.

31. Aspirins shall not be sold to any child who appears to the seller or the person conducting the sale to be under the age of fourteen years. Restrictions on sale of aspirins.

32. Nothing in sections twenty-eight, twenty-nine and thirty-one of this Ordinance shall apply to an authorised medical practitioner, authorised dentist, authorised veterinary surgeon or authorised pharmacist or to any receptacle imported into this Island by him. Exceptions in the case of doctors, dentists, etc.

33. Camphorated oil shall not be sold otherwise than in bottles which are easily distinguishable by touch from bottles ordinarily used for medicines and which bear a label "FOR EXTERNAL USE ONLY" in clearly legible letters of at least one eighth of an inch in height. Restrictions on sale of camphorated oil.

PART IV—*Supplemental*

34. (1) A body corporate or unincorporate may carry on a business which consists of or includes the preparation and sale of poisons included in Part I of the Poisons List or medicines if— Preparation and sale of poisons and medicines by bodies corporate, etc.

- (a) on any premises where the business of that body is carried on such poisons or medicines are prepared by a person and sold by or under the supervision of a person who is an authorised pharmacist; and
- (b) the name of that authorised pharmacist is conspicuously exhibited on the premises.

(2) If a person authorised to practise as an authorised pharmacist dies or becomes subject to any legal disability, the transferee or other person succeeding to the business or succeeding to the management of the business who is not an authorised pharmacist may carry on that business in so far as it consists of or includes the preparation and sale of such poisons or medicines if—

- (a) on any premises where the business is carried on such poisons or medicines are prepared by a person and sold by or under the supervision of a person who is an authorised pharmacist; and
- (b) the name of that authorised pharmacist is conspicuously exhibited on the premises.

(3) An assistant or apprentice to an authorised pharmacist may prepare and sell such poisons or medicines under the supervision of that authorised pharmacist and any such poisons or medicines so prepared and sold shall be deemed to have been prepared and sold by that authorised pharmacist.

PART V—*Miscellaneous*

Inspection
and enforce-
ment of
Ordinance.

35. (1) The Board shall, by means of inspection and otherwise, take all reasonable steps to secure compliance with the provisions of Part II, Part III and Part IV of this Ordinance and for that purpose the Board shall appoint such number of inspectors as it shall deem necessary.

(2) An inspector appointed by the Board under the provisions of this section shall, for securing compliance with the provisions of Part II, Part III and Part IV of this Ordinance, have power, on the production by him of his authority in writing by the Board in that behalf if so required, at all reasonable times,

to enter any premises in which he has reasonable cause to suspect that a breach of the law has been committed in relation to any poisons, and shall have power to make such examination and enquiry and to do such other things (including the taking, on payment therefor, of samples) as may be necessary for ascertaining whether the aforesaid provisions are being complied with.

(3) If a person wilfully delays or obstructs an inspector in the exercise of any powers under this section, or refuses to allow any sample to be taken in accordance with the provisions of this section, or fails without reasonable excuse to give any information which he is duly required under this section to give, he shall in respect of each offence be liable, on conviction, to a fine not exceeding fifty pounds.

(4) Without prejudice to the generality of the foregoing provisions, it shall be the duty of every person who appears to an inspector to be conducting in any premises any business which comprises the retail sale of drugs to state, on being required so to do by such inspector, who the owner of the business is, and if any person fails without reasonable excuse to comply with the provisions of this subsection he shall be liable, on conviction, in respect of each offence, to a fine not exceeding fifty pounds.

(5) Nothing in this section shall authorise any inspector appointed thereunder to enter or inspect the premises of an authorised medical practitioner, an authorised dentist or an authorised veterinary surgeon.

36. (1) The Board may from time to time by order prescribe anything that is required to be prescribed under any of the provisions of this Ordinance. Order making power

(2) Every order made by the Board under this section shall be laid before a meeting of the States

as soon as may be after the making thereof and if, at that meeting or at the next subsequent meeting, the States resolve that the order be annulled the order shall cease to have effect but without prejudice to anything done thereunder or to the making by the Board of a new order.

Penalty.

37. Except where otherwise specifically provided, any person who contravenes any of the provisions of this Ordinance shall be guilty of an offence and liable, on conviction, to a fine not exceeding one hundred pounds.

Interpretation.

38. (1) In this Ordinance, unless the context otherwise requires, the following expressions shall have the meanings hereby respectively assigned to them—

“ aspirin ” means acetyl salicylic acid and includes the salts thereof;

“ authorised medical practitioner ”, “ authorised dentist ” and “ authorised veterinary surgeon ” mean a medical practitioner, a dentist or a veterinary surgeon, as the case may be, authorised to practise as such in this Island according to the law for the time being in force;

“ the Board ” means the States Board of Health;

“ British Pharmaceutical Codex ”, “ British Pharmacopoeia ”, “ British National Formulary ” and “ British Veterinary Codex ” include supplements;

“ the Court ” means the Royal Court sitting as an Ordinary Court;

“ dispensing ” in relation to a medicine or a poison means supplying a medicine or a poison on and in accordance with a prescription duly given by an authorised medical practitioner, an authorised dentist or an authorised veterinary surgeon and the expression “ dispensed ” shall be construed accordingly;

“ this Island ” includes the Island of Herm;

“ legal disability ” means certification as a person of unsound mind, subjection to guardianship, being an inmate for reasons of mental illness of any hospital or other institution or undergoing imprisonment;

“ medicine ” means an article consisting of or comprising a substance for the prevention or treatment of any ailment, infirmity or injury affecting the human body;

“ poison ” means a poison included in the Poisons List;

“ receptacle ” includes a bottle, box, packet, parcel or other package;

“ the Royal Court ” means the Royal Court sitting as a Full Court.

(2) Except so far as the context otherwise requires, any reference in this Ordinance to any other enactment shall be construed as a reference to that enactment as re-enacted, amended, extended or applied by or under any subsequent enactment including this Ordinance.

39. The Ordinances set out in the left hand column of the Fifteenth Schedule to this Ordinance are hereby repealed to the extent indicated in the right hand column of that Schedule. Repeals.

40. This Ordinance shall have effect in the Islands of Guernsey and Herm. Extent.

41. (1) This Ordinance may be cited as the Pharmacists, Poisons and Pharmacy (Guernsey) Ordinance, 1959. Citation and commencement.

(2) This Ordinance shall come into force on the first day of July, 1959.

FIRST SCHEDULE Sections 11 and 21

Substances included in the Poisons List to which special restrictions apply

Alkaloids, the following; their salts, simple or complex; their quaternary compounds:—

Acetyldihydrocodeine

Acetyldihydrocodeinone; its esters

Aconite, alkaloids of, except substances containing less than 0.02 per cent. of the alkaloids of aconite

Apomorphine except substances containing less than 0.2 per cent. of apomorphine

Atropine except substances containing less than 0.15 per cent. of atropine or not more than one per cent. of atropine methonitrate

Belladonna, alkaloids of, except substances containing less than 0.15 per cent. of the alkaloids of belladonna calculated as hyoscyamine

Benzoylmorphine

Benzylmorphine

Brucine except substances containing less than 0.2 per cent. of brucine

Calabar bean, alkaloids of

Coca, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of coca

Cocaine except substances containing less than 0.1 per cent. of cocaine

Codeine except substances containing less than 1.5 per cent. of codeine.

Colchicine, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of colchicum calculated as colchicine

Coniine except substances containing less than 0.1 per cent. of coniine

Cotarnine except substances containing less than 0.2 per cent. of cotarnine

Curare, alkaloids of; curare bases

Diacetylmorphine

Dihydrocodeine

Dihydrocodeinone; its esters

Dihydrodesoxymorphine

Dihydrohydroxycodeinone; its esters

Dihydromorphine; its esters

Dihydromorphinone; its esters

Alkaloids (continued)—

- Ecgonine; its esters, except substances containing less than the equivalent of 0.1 per cent. of ecgonine
- Emetine except substances containing less than one per cent. of emetine
- Ergot, alkaloids of
- Ethylmorphine except substances containing less than 0.2 per cent. of ethylmorphine
- Gelsemium, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of gelsemium
- Homatropine except substances containing less than 0.15 per cent. of homatropine
- Hyoscine except substances containing less than 0.15 per cent. of hyoscine
- Hyoscyamine except substances containing less than 0.15 per cent. of hyoscyamine
- Jaborandi, alkaloids of, except substances containing less than 0.5 per cent. of alkaloids of jaborandi
- Lobelia, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of lobelia
- Morphine except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine
- Nicotine
- Papaverine except substances containing less than one per cent. of papaverine
- Pomegranate, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of pomegranate
- Quebracho, alkaloids of
- Sabadilla, alkaloids of, except substances containing less than one per cent. of the alkaloids of sabadilla
- Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0.15 per cent. of solanaceous alkaloids calculated as hyoscyamine
- Stavesacre, alkaloids of, except substances containing less than 0.2 per cent. of the alkaloids of stavesacre
- Strychnine except substances containing less than 0.2 per cent. of strychnine
- Thebaine except substances containing less than one per cent. of thebaine
- Veratrum, alkaloids of, except substances containing less than one per cent. of the alkaloids of veratrum
- Yohimba, alkaloids of
- Allylisopropylacetylurea
- Alphameprodine; its salts
- Alphaprodine; its salts

- Amidopyrine; its salts; amidopyrine sulphonates; their salts
- Amino-alcohols, esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid, or the derivatives of those acids, except in substances containing less than ten per cent. of esterified amino-alcohols and except procaine when in a preparation containing any substance to which the Penicillin and Allied Substances Ordinance, 1950, as amended by the Penicillin and Allied Substances (Amendment) Ordinance, 1953, applies; their salts
- Anileridine; its salts
- Anti-histamine substances, the following; their salts; their molecular compounds:—
- Antazoline
 - Bromazine
 - Chlorcyclizine
 - Diphenhydramine
 - 3-Di-*n*-butylaminomethyl-4:5:6-trihydroxyphthalide
 - Phenindamine
 - Promethazine
 - Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine
- Antimonial poisons except substances containing less than the equivalent of one per cent. of antimony trioxide
- Arsenical poisons except substances containing less than the equivalent of 0.01 per cent. of arsenic trioxide and except dentifrices containing less than 0.5 per cent. of acetarsol
- Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
- Barium, salts of
- Beta-aminopropylbenzene; its salts, its N-alkyl derivatives; their salts; beta-aminoisopropylbenzene; its salts, its N-alkyl derivatives; their salts
- Betameprodine; its salts
- Betaprodine; its salts
- Cannabis; the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabim tannate
- Cantharidin except substances containing less than 0.01 per cent. of cantharidin

Cantharidates except substances containing less than the equivalent of 0.01 per cent. of cantharidin

Carbachol

Chlorambucil; its salts

Dextromethorphan; its salts, except substances containing less than 1.5 per cent. of dextromethorphan

Dextromoramide; its salts

Dextrorphan; its salts

Diacetyl-N-allylnormorphine; its salts

Digitalis, glycosides and other active principles of, except substances containing less than one unit of activity (as defined in the British Pharmacopoeia) in two grammes of the substance

Di-isopropyl fluorophosphonate

1 : 4-Dimethanesulphoxybutane; its salts

1 : 3-Dimethyl-4-phenyl-4-propionyloxyhexamethyleneimine; its salts

Dinitrocresols (DNC); their compounds with a metal or a base, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinitronaphthols; dinitrophenols; dinitrothymols

Dipipanone; its salts

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Dioxaphetyl butyrate; its salts

Disulfiram

Dithienylallylamines; dithienylalkylallylamines; their salts

Endrin

Ergot; extracts of ergot; tinctures of ergot

Etoxeridine; its salts

Fluoroacetamide; fluoroacetanilide

Gallamine; its salts; its quaternary compounds

Guanidines, the following:—

polymethylene diguanidines; dipara-anisylphenetyl guanidine

Hydrocyanic acid except substances containing less than 0.15 per cent., weight in weight, of hydrocyanic acid (HCN); cyanides except substances containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN); double cyanides of mercury and zinc

Hydroxypethidine; its salts

Isomethadone (isoamidone); its salts

Ketobemidone; its salts

Laudexium; its salts

Lead, compounds of, with acids from fixed oils

Levomethorphan; its salts

Levomoramide; its salts

Levorphan; its salts

6-Mercaptopurine; its salts

Mercuric chloride except substances containing less than one per cent. of mercuric chloride; mercuric iodide except substances containing less than two per cent. of mercuric iodide; nitrates of mercury except substances containing less than the equivalent of three per cent., weight in weight, of mercury (Hg); potassio-mercuric iodides except substances containing less than the equivalent of one per cent. of mercuric iodide; organic compounds of mercury except substances, not being aerosols, containing less than the equivalent of 0.2 per cent., weight in weight, of mercury (Hg)

Metanitrophenol; orthonitrophenol; paranitrophenol

Methadol; its salts

Methadone (amidone); its salts

Methadyl acetate; its salts

Methyl-desomorphine; its salts

Methyldihydromorphine; its salts

Methylpentynol; its esters and other derivatives

1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of; their salts

Metopon; its salts

Monofluoroacetic acid; its salts

Morpheridine; its salts

- Morpholinylethylmorphine; its salts, except substances containing less than 1.5 per cent. of morpholinylethylmorphine
- Mustine; its salts
- Myrophine; its salts
- Nalorphine; its salts
- Normethadone; its salts
- Nux Vomica except substances containing less than 0.2 per cent. of strychnine
- Opium except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine
- Ouabain
- Oxycinchonic acid, derivatives of; their salts, their esters
- Oxymorphone; its salts
- Para-aminobenzenesulphonamide; its salts; derivatives of para-aminobenzenesulphonamide having any of the hydrogen atoms of the para-amino group or of the sulphonamide group substituted by another radical; their salts
- Paramethadione
- Pethidine; its salts
- Phenadoxone; its salts
- Phenetidylphenacetin
- Phenomorphan; its salts
- 3-(10-Phenothiazinyl) propane substituted in the 1-position; its salts; derivatives of 3-(10-Phenothiazinyl) propane substituted in the 1-position; their salts
- Phenylacetylurea
- Phenylbutazone; its salts
- Phenylcinchoninic acid; salicylcinchonic acid; their salts; their esters
- Phenylethylhydantoin; its salts, its acyl derivatives; their salts
- Phosphorus compounds, the following:—
- Amiton
 - Demeton-O
 - Demeton-S
 - Demeton-O-methyl
 - Demeton-S-methyl
 - Diethyl 4-methyl-7-coumarinyl phosphorothionate
 - Diethyl *p*-nitrophenyl phosphate
 - Dimefox

Phosphorus compounds (continued)—

- Ethyl *p*-nitrophenyl phenylphosphonothionate
- Mazidox
- 2-methoxycarbonyl-1-methylvinyl dimethyl phosphate
- Mipafox
- Parathion
- Schradan
- Sulfotep
- TEPP (HETP)
- Triphosphoric pentadimethylamide
- Picrotoxin
- Polymethylenebis(trimethylammonium) salts
- Propoxyphene; its salts

- Racemethorphan; its salts
- Racemoramide; its salts
- Racemorphan; its salts

- Savin, oil of
- Strophanthus, glycosides of
- Sulphonals; alkyl sulphonals

- Thallium, salts of
- Tolbutamide
- Tribromomethyl alcohol
- Tri-(2-chloroethyl)amine; its salts
- Tropine diphenylmethyl ether; its salts
- Triethanomelamine; its salts
- Trimeperidine; its salts
- Troxidone

- Zinc phosphide

SECOND SCHEDULE

Section 6

Form of entry to be made in the book to be kept by sellers of poisons in accordance with section six of the Ordinance

Date of sale	Name and quantity of poison supplied	Purchaser's			Purpose for which stated to be required	Date of certificate (if any)	Name and address of person giving certificate (if any)	Signature of purchaser
		Name	Address	Business, trade or occupation				

THIRD SCHEDULE

Section 10

Articles exempted from the provisions of the Ordinance

GROUP I

General Exemptions

Adhesives, anti-fouling compositions; builders' materials; ceramics; distempers; electrical valves; enamels; explosives; fillers; fire-works; fluorescent lamps; glazes; glue; inks; lacquer solvents; loading materials; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; propellants; rubber; varnishes.

GROUP II

Special Exemptions

<i>Poison</i>	<i>Substance or article in which exempted</i>
Acetanilide; alkyl acetanilides	Substances not being preparations for the treatment of human ailments
Alkaloids, the following:—	
Brucine	Surgical spirit containing not more than 0.015 per cent. of brucine
Emetine	Ipecacuanha; extracts and tinctures of ipecacuanha; substances containing less than 0.05 per cent. of emetine
Ephedra, alkaloids of	Substances containing less than one per cent. of the alkaloids of ephedra
Jaborandi, alkaloids of	Substances containing less than 0.025 per cent. of the alkaloids of jaborandi
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants; substances containing less than 0.1 per cent. of the alkaloids of lobelia
Nicotine	Tobacco
Pomegranate, alkaloids of	Pomegranate bark

<i>Poison</i>	<i>Substance or article in which exempted</i>
Solanaceous alkaloids	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants
Stavesacre, alkaloids of	Soaps; ointments; lotions for external use
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than five per cent., weight in weight, of ammonia (NH ₃); refrigerators; smelling bottles
Anti-histamine substances, the following; their salts; their molecular compounds	Preparations intended for external application only and preparations containing not more than one per cent. of anti-histamine substances for application in the nose or eye
Antazoline	
Bromazine	
Chlorcyclizine	
Diphenhydramine	
3-Di- <i>n</i> -butylaminomethyl-4:5:6-trihydroxyphthalide	
Phenindamine	
Promethazine	
Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine	
Antimony, chlorides of	
Arsenical poisons	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities
Barium, salts of	Witherite other than finely ground witherite
Beta-aminopropylbenzene; its salts; its N-alkyl derivatives; their salts; beta-aminoisopropylbenzene; its salts; its N-alkyl derivatives; their salts	Appliances for inhalation in which the poison is absorbed in inert solid material
Chloroform	Substances containing less than ten per cent. of chloroform

<i>Poison</i>	<i>Substance or article in which exempted</i>
Creosote obtained from wood	Substances containing less than fifty per cent. of creosote obtained from wood
Dinitrocresols (DNC); their compounds with a metal or a base	Substances being neither preparations for the treatment of human ailments nor preparations for use in agriculture or horticulture
Dinitrophenols	Substances not being preparations for the treatment of human ailments
Dinosam; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Formaldehyde	Substances containing less than five per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions
Formic acid	Substances containing less than five per cent., weight in weight, of formic acid (H.COOH)
Fluoroacetamide; fluoroacetanilide	Substances being neither preparations for use in agriculture or horticulture nor preparations for the destruction of rats and mice and solutions containing not more than one per cent. of fluoroacetamide or fluoroacetanilide and containing also acetamide and a bitter principle and a dye
Hydrochloric acid	Substances containing less than nine per cent., weight in weight, of hydrochloric acid (HCl)
Lead acetate	Substances containing less than four per cent. of lead acetate

<i>Poison</i>	<i>Substance or article in which exempted</i>
Lead, compounds of	Machine-spread plasters
Mercuric chloride	Batteries
Mercuric chloride; mercuric iodide; organic compounds of mercury	Dressings on seeds or bulbs
Mercury, nitrates of	Ointments containing less than the equivalent of three per cent., weight in weight, of mercury (Hg)
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid (HNO ₃)
Nitrobenzene	Substances containing less than 0.1 per cent. of nitrobenzene; soaps containing less than one per cent. of nitrobenzene; polishes
Oxalic acid; metallic oxalates	Laundry blue; polishes
Oxycinchoninic acid, derivatives of; their salts; their esters	Preparations for external application only, containing not more than the equivalent of three per cent. of oxycinchoninic acid
Paranitrobenzyl cyanide	Photographic solutions containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN)
Paranitrophenol	Preparations for use in agriculture or horticulture containing not more than 0.5 per cent. of paranitrophenol as a preservative
Phenols	Carvacrol; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than one per cent. of phenols; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments or suppositories containing less than 2.5 per cent. of phenols;

<i>Poison</i>	<i>Substance or article in which exempted</i>
Phenols (continued)—	paratertiary amyl phenol; smelling bottles; soaps for washing; solid substances, other than pas- tilles, lozenges, capsules, pes- saries, ointments and supposi- tories containing less than sixty per cent. of phenols; tar (coal or wood), crude or refined; tertiary butyl-cresol; thymol
Phenylene diamines; toluene dia- mines; other alkylated-benzene diamines; their salts	Substances other than prepara- tions for the dyeing of hair
Phenyl mercuric salts	Toilet, cosmetic and therapeutic preparations containing not more than 0.01 per cent. of phenyl mercuric salts as a preservative and antiseptic dressings on tooth brushes
Phosphorus compounds, the following:—	Substances other than prepara- tions for use in agriculture or horticulture
Amiton	
Demeton-O	
Demeton-S	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox Ethyl <i>p</i> -nitrophenyl phonylphosphonothionate	
Mazidox	
2-methoxycarbonyl-1-methyl- vinyl dimethyl phosphate	
Mipafox	
Parathion	
Schradan	
Sulfotep	
TEPP (HETP)	
Triphosphoric pentadimethyla- mide	
Picric acid	Substances containing less than five per cent. of picric acid

<i>Poison</i>	<i>Substance or article in which exempted</i>
Potassium hydroxide	Substances containing less than twelve per cent. of potassium hydroxide, accumulators; batteries
Procaine	Preparations for animal feeding containing any substance to which the Penicillin and Allied Substances Ordinance, 1950, as amended by the Penicillin and Allied Substances (Amendment) Ordinance, 1953, for the time being applies
Sodium ethyl mercurithiosalicylate	Therapeutic substances containing less than 0.1 per cent. of sodium ethyl mercurithiosalicylate as a preservative
Sodium fluoride	Substances containing less than three per cent. of sodium fluoride as a preservative
Sodium hydroxide	Substances containing less than twelve per cent. of sodium hydroxide
Sodium nitrite	Substances other than preparations containing more than 0.1 per cent. of sodium nitrite for the destruction of rats or mice
Sodium silicofluoride	Substances containing less than three per cent. of sodium silicofluoride as a preservative
Sulphuric acid	Substances containing less than nine per cent., weight in weight, of sulphuric acid (H_2SO_4); accumulators; batteries; fire extinguishers

FOURTH SCHEDULE

Section 9

Substances to be sold by retail only upon a prescription given by an authorised medical practitioner, authorised dentist or authorised veterinary surgeon

Allylisopropylacetylurea

Amidopyrine; its salts; amidopyrine sulphonates; their salts

Anti-histamine substances, the following; their salts; their molecular compounds:—

Antazoline

Bromazine

Chlorcyclizine

Diphenhydramine

3-Di-*n*-butylaminomethyl-4:5:6-trihydroxyphthalide

Phenindamine

Promethazine

Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance

Beta-aminopropylbenzene; its salts; its N-alkyl derivatives; their salts; beta-aminoisopropylbenzene; its salts; its N-alkyl derivatives; their salts

Chlorambucil; its salts

1:4-Dimethanesulphoxybutane; its salts

Dinitrocresols (DNC); their compounds with a metal or a base, except preparations for use in agriculture or horticulture

Dinitronaphthols; dinitrophenols; dinitrothymols

Disulfiram

Dithienylallylamines; dithienylalkylallylamines; their salts; except the diethylthiambutene, dimethylthiambutene and ethylmethylthiambutene

Gallamine; its salts; its quaternary compounds

6-Mercaptopurine

Mustine; its salts

Para-aminobenzenesulphonamide; its salts; derivatives of para-aminobenzenesulphonamide having any of the hydrogen atoms of the para-amino group or of the sulphonamide group substituted by another radical; their salts, except when contained

in ointments or surgical dressings or in preparations for the treatment of coccidiosis in poultry

Paramethadione

3-(10-Phenothiazinyl) propane substituted in the 1-position; its salts; derivatives of 3-(10-Phenothiazinyl) propane substituted in the 1-position; their salts

Phenylacetylurea

Phenylbutazone; its salts

Phenylcinchoninic acid; salicylcinchoninic acid; their salts; their esters

Polymethylenebis(trimethylammonium) salts

Sulphonal; alkyl sulphonals

Tolbutamide

Tri-(2-chloroethyl)amine; its salts

Triethanomelamine; its salts

Tropine diphenylmethyl ether; its salts

Troxidone.

FIFTH SCHEDULE

Section 11

Form to which the substances specified are restricted when sold by listed sellers of Part II poisons

<i>Poison</i>	<i>Form to which sale is restricted</i>
Arsenical substances—	
Arsenious oxide	Sheep dips, sheep washes
Arsenic sulphides	” ” ” ”
Calcium arsenates	Preparations for use in agriculture or horticulture
Calcium arsenites	Agricultural and horticultural insecticides or fungicides
Copper acetoarsenite	” ” ” ”
Copper arsenates	” ” ” ”
Copper arsenites	” ” ” ”
Lead arsenates	” ” ” ”
Potassium arsenites	Sheep dips, sheep washes and potato haulm destroyers
Sodium arsenates	Sheep dips, sheep washes
Sodium arsenites	Sheep dips, sheep washes and potato haulm destroyers
Sodium thioarsenates	Sheep dips, sheep washes

<i>Poison</i>	<i>Form to which sale is restricted</i>
Barium carbonate	Preparations for the destruction of rats and mice
Dinitrocresols (DNC); their compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinosam; its compounds with a metal or a base	" " " "
Dinoseb; its compounds with a metal or a base	" " " "
Endrin	" " " "
Fluoroacetamide; fluoroacetanilide	Preparations for use in agriculture or horticulture; preparations for the destruction of rats and mice
Mercurial substances—	
Mercuric chloride	Agricultural and horticultural fungicides, seed and bulb dressings, insecticides
Mercuric iodide	Agricultural and horticultural fungicides, seed and bulb dressings
Organic compounds of mercury	" " " "
Metallic oxalates other than potassium quadroxalate	Photographic solutions or materials
Nitrobenzene	Agricultural and horticultural insecticides; substances for the treatment of bee disease; ointments for the treatment of animals
Phosphorus compounds, the following—	
Amiton	Preparations for use in agriculture or horticulture
Demeton-O	
Demeton-S	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox	
Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate	
Mazidox	
2-methoxycarbonyl-1-methylvinyl dimethyl phosphate	
Mipafox	

Phosphorus compounds (continued)—

Parathion

Schradan

Sulfotep

TEPP (HETP)

Triphosphoric pentadimethylamide

Zinc phosphide

Preparations for the destruction of rats and mice

SIXTH SCHEDULE

Section 12

Poisons required to be coloured in certain cases

Arsenates

Arsenites

Copper acetoarsenite

Fluoroacetamide; fluoroacetanilide

Halides of arsenic

2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate

Monofluoroacetic acid; its salts

Organic compounds of arsenic

Oxides of arsenic

Sodium thioarsenates

Sulphides of arsenic

SEVENTH SCHEDULE Sections 15 and 16

Statement of particulars permitted in certain cases as to proportion of poison

<i>Name of Poison</i>	<i>Particulars</i>
Alkaloids	
Aconite, alkaloids of	The proportion of any one alkaloid of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid

<i>Name of Poison</i>	<i>Particulars</i>
Belladonna, alkaloids of	<p>The same as above, with the substitution for the reference to aconite of a reference to belladonna, calabar bean or such other of the said poisons as the case may require</p>
Calabar bean, alkaloids of	
Coca, alkaloids of	
Colchicum, alkaloids of	
Ephedra, alkaloids of	
Ergot, alkaloids of	
Gelsemium, alkaloids of	
Jaborandi, alkaloids of	
Lobelia, alkaloids of	
Pomegranate, alkaloids of	
Quebracho, alkaloids of, other than the alkaloids of red quebracho	
Sabadilla, alkaloids of	
Solanaceous alkaloids not otherwise included in the Poisons List	<p>The proportion of antimony trioxide (Sb_2O_3) or antimony pentoxide (Sb_2O_5) that the preparation would be calculated to contain on the assumption that the antimony (Sb) in the poison had been wholly converted into antimony trioxide or antimony pentoxide as the case may be</p>
Stavesacre, alkaloids of	
Veratrum, alkaloids of	
Yohimba, alkaloids of	<p>The proportion of arsenic trioxide (As_2O_3) or arsenic pentoxide (As_2O_5) that the preparation would be calculated to contain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pentoxide as the case may be</p>
Antimonial poisons	
Arsenical poisons	<p>The proportion of one particular barium salt which the preparation would be calculated to contain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt</p>
Barium, salts of	

<i>Name of Poison</i>	<i>Particulars</i>
Digitalis, glycosides of; other active principles of digitalis	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation
Hydrocyanic acid; cyanides; double cyanides of mercury and zinc	The proportion of hydrocyanic acid (HCN) that the preparation would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid
Insulin	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation
Lead, compounds of, with acids from fixed oils	The proportion of lead oxide (PbO) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide
Mercury, organic compounds	The proportion of organically-combined mercury (Hg) contained in the preparation
Nux Vomica	The proportion of strychnine contained in the preparation
Opium	The proportion of morphine contained in the preparation
Phenols	The proportion of phenols (added together) contained in the preparation
Compounds of a phenol with a metal	The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols
Pituitary gland, the active principles of	Either— (a) the number of units of activity as defined in the British Pharmacopoeia con-

<i>Name of Poison</i>	<i>Particulars</i>
	<p>tained in a specified quantity of the preparation; or</p> <p>(b) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or</p> <p>(c) the amount of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance</p>
Potassium hydroxide	The proportion of potassium monoxide (K_2O) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide
Sodium hydroxide	The proportion of sodium monoxide (Na_2O) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide
Strophanthus, glycosides of	The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia
Suprarenal gland, the active principles of; their salts	<p>Either—</p> <p>(a) the proportion of suprarenal</p>

<i>Name of Poison</i>	<i>Particulars</i>
	gland or of the cortex or of the medulla of the gland, as the case may be, contained in the preparation; or
	(b) the amount of suprarenal gland, or of the cortex or of the medulla of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance
Thyroid gland, the active principles of; their salts	Either—
	(a) the proportion of thyroid gland contained in the preparation; or
	(b) the amount of thyroid gland from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland

EIGHTH SCHEDULE

Section 17

Indication of character of article prescribed for the purposes of section seventeen of the Ordinance

1. To be labelled with the words "Caution. It is dangerous to take this preparation except under medical supervision." :—
Medicines made up ready for the internal treatment of human ailments if the poison is one of the following :—
Insulin
Phenylethyhydantoin; its salts; its acyl derivatives; their salts
Pituitary gland, the active principles of
Thyroid gland, the active principles of; their salts
2. To be labelled with the words "Caution. It is dangerous to exceed the stated dose." :—
Medicines (other than medicines mentioned in paragraph 1 of

this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in the First Schedule

3. To be labelled with the words "Poison. For animal treatment only.":—

Medicines made up ready for the treatment of animals

4. To be labelled with the words "Caution. This preparation may cause serious inflammation of the skin in certain persons and should be used only in accordance with expert advice.":—

Preparations for the dyeing of hair containing phenylene diamine, toluene diamines or other alkylated-benzene diamines or their salts

5. To be labelled with the words "Caution. This substance is caustic.":—

Potassium hydroxide, sodium hydroxide, and articles containing either of those substances

6. To be labelled with the words "Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing.":—

Dinitrocresols (DNC), their compounds with a metal or a base, except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base

Dinoseb, its compounds with a metal or a base

Endrin

Fluoroacetamide; fluoroacetanilide

Organic compounds of mercury in aerosols

Phosphorus compounds, the following:—

Amiton, demeton-O, demeton-S, diethyl 4-methyl-7-coumarinyl phosphorothionate, diethyl *p*-nitrophenyl phosphate, dimetox, ethyl *p*-nitrophenyl phenylphosphonothionate, mazidox, 2-methoxycarbonyl-1-methylvinyl dimethyl phosphate, mipafox, parathion, schradan, sulfotep, TEPP (HETP), triphosphoric pentadimethylamide

7. To be labelled with the words "Caution. This preparation should be administered only under medical supervision. The vapour is dangerous.":—

Medicines made up ready for the internal or external treatment of human ailments and containing di-isopropyl fluorophosphonate

8. To be labelled with the words "Caution. This substance is poisonous. Inhalation of the powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing":—

Monofluoroacetic acid; its salts.

NINTH SCHEDULE

Section 23

Poisons required to be specially labelled for transport

Arsenical poisons

Barium, salts of

Dinitrocresols (DNC), their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Dinoseb, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Endrin

Fluoroacetamide; fluoroacetanilide

Hydrocyanic acid; cyanides

Monofluoroacetic acid; its salts

Nicotine except when contained in solid preparations containing less than four per cent. of nicotine

Phosphorus compounds, the following:—

Amiton, demeton-O, demeton-S, demeton-O-methyl, demeton-S-methyl, diethyl 4-methyl-7-coumarinyl phosphorothionate, diethyl *p*-nitrophenyl phosphate, dimefox, ethyl *p*-nitrophenyl phenylphosphonothionate, mazidox, 2-methoxycarbonyl-1-methylvinyl dimethyl phosphate, mipafox, parathion, schradan, sulfotep, TEPP (HETP), triphosphoric pentadimethylamide

Strychnine

Thallium, salts of

TENTH SCHEDULE

Section 6

Poisons List

PART I

Acetanilide, alkyl acetanilides

Alkali fluorides other than those specified in Part II of this List

Alkaloids, the following; their salts, simple or complex; their quaternary compounds:—

Acetyldihydrocodeine

Acetyldihydrocodeinone; its esters

Aconite, alkaloids of

Apomorphine

Atropine

Belladonna, alkaloids of

Benzoylmorphine

Benzylmorphine

Brucine

Calabar bean, alkaloids of

Coca, alkaloids of

Cocaine

Codeine

Colchicum, alkaloids of

Coniine

Cotarnine

Curare, alkaloids of; curare bases

Diacetylmorphine

Dihydrocodeine

Dihydrocodeinone; its esters

Dihydrodesoxymorphine

Dihydrohydroxycodeinone; its esters

Dihydromorphine, its esters

Dihydromorphinone; its esters

Ecgonine; its esters

Emetine

Ephedra, alkaloids of

Ergot, alkaloids of

Ethylmorphine

Gelsemium, alkaloids of

Homatropine

Hyoscine

Hyoscyamine

Jaborandi, alkaloids of

Lobelia, alkaloids of

Morphine

- Papaverine
- Pomogranate, alkaloids of
- Quebracho, alkaloids of, other than the alkaloids of red quebracho
- Sabadilla, alkaloids of
- Solanaceous alkaloids not otherwise included in this List
- Stavesacre, alkaloids of
- Strychnine
- Thebaine
- Veratrum, alkaloids of
- Yohimba, alkaloids of
- Allylisopropylacetylurea
- Alphameprodine; its salts
- Alphaprodine; its salts
- Amidopyrine; its salts; amidopyrine sulphonates; their salts
- Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids; their salts
- Amyl nitrite
- Anileridine; its salts
- Anti-histamine substances, the following; their salts; their molecular compounds:—
 - Antazoline
 - Bromazine
 - Chlorcyclizine
 - Diphenhydramine
 - 3-Di-*n*-butylaminomethyl-4:5:6-trihydroxyphthalide
 - Phenindamine
 - Promethazine
 - Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine
- Antimony, chlorides of; oxides of antimony; sulphides of antimony; antimonates; antimonites; organic compounds of antimony
- Arsenical substances, the following, except those specified in Part II of this List; halides of arsenic; oxides of arsenic; arsenates; arsenites; organic compounds of arsenic
- Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
- Barium, salts of, other than barium sulphate and the salts of barium specified in Part II of this List

Beta-aminopropylbenzene; its salts; its N-alkyl derivatives; their salts; beta-aminoisopropylbenzene; its salts; its N-alkyl derivatives; their salts
 Betameprodine; its salts
 Betaprodine; its salts
 Butyl chloral hydrate
 Cannabis (the dried flowering or fruiting tops of *Cannabis sativa* Linn); the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabin tannate
 Canthardin; cantharidates
 Carbachol
 Chloral formamide
 Chloral hydrate
 Chlorambucil; its salts
 Chloroform
 Creosote obtained from wood
 Croton, oil of
 Dextromethorphan; its salts
 Dextromoramide; its salts
 Dextrorphan; its salts
 Diacetyl-N-allylnormorphine; its salts
 Digitalis, glycosides of; other active principles of digitalis
 Di-isopropyl fluorophosphonate
 1 : 4-Dimethanesulphonoxybutane; its salts
 1 : 3-Dimethyl-4-phenyl-4-propionyloxyhexamethyleneimine; its salts
 Dinitronaphthols; dinitrophenols; dinitrothymols
 Dioxaphetyl butyrate; its salts
 Dipipanone; its salts
 Disulfiram
 Dithienylallylamines; dithienylalkylallylamines; their salts
 Elaterin
 Ergot (the sclerotia of any species of *Claviceps*); extracts of ergot; tinctures of ergot
 Erythrityl tetranitrate
 Etoxeridine; its salts
 Gallamine; its salts; its quaternary compounds

Glyceryl trinitrate

Guanidines, the following:—

polymethylene diguanidines; dipara-anisylphenetyl guanidine

Hydrocyanic acid; cyanides; double cyanides of mercury and zinc

Hydroxypethidine; its salts

Insulin

Isomethadone (isoamidone); its salts

Ketobemidone; its salts

Laudexium; its salts

Lead acetates; compounds of lead with acids from fixed oils

Levomethorphan; its salts

Levomoramide; its salts

Levorphan; its salts

Mannityl hexanitrate

6-Mercaptopurine; its salts

Mercury, oxides of; nitrates of mercury; mercuric ammonium chlorides; potassic-mercuric iodides; organic compounds of mercury which contain a methyl (CH₃) group directly linked to the mercury atom; mercuric oxycyanides; mercuric thiocyanate

Metanitrophenol; orthonitrophenol; paranitrophenol

Methadol; its salts

Methadone (amidone); its salts

Methadyl acetate; its salts

Methyldesomorphine; its salts

Methyldihydromorphine; its salts

Methylpentynol, its esters and other derivatives

1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of; their salts

Metopon; its salts

Monofluoroacetic acid; its salts

Morpheridine; its salts

Morpholinylethylmorphine; its salts

Mustine; its salts

Myrophine; its salts

Nalorphine; its salts

Normethadone; its salts
 Nux Vomica
 Opium
 Orthocaine; its salts
 Ouabain
 Oxalic acid
 Oxycinchoninic acid, derivatives of; their salts; their esters
 Oxymorphone; its salts
 Para-aminobenzenesulphonamide; its salts; derivatives of para-aminobenzenesulphonamide having any of the hydrogen atoms of the para-amino group or of the sulphonamide group substituted by another radical; their salts
 Para-amino-benzoic acid, esters of; their salts
 Paramethadione
 Phenadoxone; its salts
 Phenetidylphenacetin
 Phenols (any member of the series of phenols of which the first member is phenol and of which the molecular composition varies from member to member by one atom of carbon and two atoms of hydrogen) except in substances containing less than sixty per cent., weight in weight, of phenols; compounds of phenol with a metal, except in substances containing less than the equivalent of sixty per cent., weight in weight, of phenols
 Phenomorphan; its salts
 3-(10-Phenothiazinyl)propane substituted in the 1-position; its salts; derivatives of 3-(10-Phenothiazinyl)propane substituted in the 1-position; their salts
 Phenylacetylurea
 Phenylbutazone; its salts
 Phenylcinchoninic acid; salicylcinchoninic acid; their salts; their esters
 Phenylethylhydantoin; its salts, its acyl derivatives; their salts
 Phosphorus, yellow
 Picric acid
 Picrotoxin
 Pituitary gland, the active principles of
 Polymethylenebistrimethylammonium salts
 Propoxyphene; its salts

Racemethorphan; its salts
 Racemoramide; its salts
 Racemorphan; its salts

 Savin, oil of
 Strophanthus; glycosides of strophanthus
 Sulphonal; alkyl sulphonals
 Suprarenal gland, the active principles of; their salts

 Thallium, salts of
 Thyroid gland, the active principles of; their salts
 Tolbutamide
 Tribromethyl alcohol
 Tri-(2-chloroethyl)amine; its salts
 Triethanomelamine; its salts
 Trimeperidine; its salts
 Tropine diphenylmethyl ether; its salts
 Troxidone

PART II

Ammonia

Arsenical substances, the following:—

Arsenic sulphides
 Arsenious oxide
 Calcium arsenates
 Calcium arsenites
 Copper acetoarsenite
 Copper arsenates
 Copper arsenites
 Lead arsenates
 Potassium arsenites
 Sodium arsenates
 Sodium arsenites
 Sodium thioarsenates

Barium, salts of, the following:—

Barium carbonate
 Barium silicofluoride

- Dinitrocresols (DNC); their compounds with a metal or a base
- Dinosam; its compounds with a metal or a base
- Dinoseb; its compounds with a metal or a base
- Endrin
- Fluoroacetamide; fluoroacetanilide
- Formaldehyde
- Formic acid
- Hydrochloric acid
- Hydrofluoric acid; potassium fluoride; sodium fluoride; sodium silicofluoride
- Mercuric chloride; mercuric iodide; organic compounds of mercury except compounds which contain a methyl (CH₃) group directly linked to the mercury atom
- Metallic oxalates
- Nicotine; its salts
- Nitric acid
- Nitrobenzene
- Phenols as defined in Part I of this List in substances containing less than sixty per cent., weight in weight, of phenols; compounds of phenol with a metal in substances containing less than the equivalent of sixty per cent., weight in weight, of phenols
- Phosphorus compounds, the following:—
- Amiton, demeton-O, demeton-S, demeton-O-methyl, demeton-S-methyl, diethyl 4-methyl-7-coumarinyl phosphorothionate, diethyl *p*-nitrophenyl phosphate, dimefox, ethyl *p*-nitrophenyl phenylphosphonothionate, mazidox, 2-methoxycarbonyl-1-methylvinyl dimethyl phosphate, mipafox, parathion, schradan, sulfotep, TEPP (HETP), triphosphoric pentadimethylamide
- Phenylene diamines; toluene diamines; other alkylated-benzene diamines; their salts
- Potassium hydroxide
- Sodium hydroxide
- Sodium nitrite
- Sulphuric acid
- Zinc phosphide

ELEVENTH SCHEDULE

Section 6

Certificate for the purchase of a poison

For the purposes of sub-paragraph (i) of paragraph (a) of subsection (2) of section six of the Pharmacists, Poisons and Pharmacy (Guernsey) Ordinance, 1959, I, the undersigned, a householder occupying (a) hereby certify from my knowledge of (b) of (a) that he is a person to whom (c) may properly be supplied.

I further certify that (d) is the signature of the said (b)

.....
Signature of householder
giving certificate.

Date

- (a) Insert full postal address.
- (b) Insert full name of intending purchaser.
- (c) Insert name of poison.
- (d) Intending purchaser to sign his name here.

Endorsement required by subsection (4) of section six of the Pharmacists, Poisons and Pharmacy (Guernsey) Ordinance, 1959, to be made by the Chief Officer of Police when, but only when, the householder giving the certificate is not known to the seller of the poison to be a responsible person of good character.

I hereby certify that in so far as is known to me (a) is a responsible person of good character.

.....
Signature of Chief Officer of Police.

Date

Office Stamp of Police Station.

- (a) Insert full name of householder giving the certificate.

TWELFTH SCHEDULE

Section 6

Substance in which poison is exempted by section 6 (7) of this Ordinance

<i>Poison</i>	<i>Substance in which exempted</i>
Nicotine	Agricultural and horticultural insecticides consisting of nicotine dust containing not more than four per cent. of nicotine

THIRTEENTH SCHEDULE

Section 13

Forms of certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide

Form A

Certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide for use by employees of the States of Guernsey.

I hereby certify that (a) is required for use by employees of the States of Guernsey as a rodenticide in (b) situated at (c)

.....
Signature of Medical Officer of Health.

Date

- (a) Insert "monofluoroacetic acid" or the salt thereof required as the case may require.
- (b) State "ships", "aircraft", "hangars", "sewers", "industrial premises" or "warehouse(s)" as the case may require.
- (c) State the situation of the ships, aircraft, hangars or sewers or give the address(es) of the premises or warehouse(s) as the case may require.

Form B

Certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide by persons carrying on, or by the employees of a body of persons carrying on, a business of pest control.

I hereby certify that (a) is required for use by (b) [employees of] (c) as a rodenticide in (d) situated at (e)

.....
Signature of Medical Officer of Health.

Date

- (a) Insert "monofluoroacetic acid" or the salt thereof required as the case may require.
- (b) Delete where necessary.
- (c) Insert name of person, or, as the case may be, body of persons, carrying on a business of pest control.
- (d) State "ships", "aircraft", "hangars", "sewers", "industrial premises" or "warehouse(s)" as the case may require.
