# 1970

Coming into Operation ... .. 1st February, 1970.

### **The Pharmacists, Poisons and Pharmacy Ordinance, 1970**

#### ARRANGEMENT OF SECTIONS

##### PART I

###### Section

###### *Authorisation of Pharmacists*

1. Authority to practise.
2. Grant of authorisation.
3. Interim authorisation by a Law Officer of the Crown.
4. Cessation of authorisation.
5. Definition of "authorised pharmacist".

##### PART II

###### *Poisons*

6. Prohibitions and regulations with respect to sale of poisons.
7. Listed sellers to be entitled to sell poisons in Part II of the Poisons List.
8. Exemption with respect to medicines.
9. Additional restrictions of sale of poisons in the Fourth Schedule.

## Section

10. Complete exemption for articles and substances in the Third Schedule.
11. Restriction of sales by listed seller of Part II poisons.
12. Requirements as to colouring in certain cases.
13. Restriction of sales by shopkeepers.
14. Restriction of sales of Part I poisons to shopkeepers.
15. Restriction of sale of strychnine and certain other substances.
16. Manner of labelling containers.
17. Labelling of name of poison.
18. Labelling of particulars as to proportion of the poison.
19. Indication of the character of the poison.
20. Special precautions in the case of certain articles.
21. Name and address of premises.
22. Form of containers.
23. Storage of poisons.
24. Transport of poisons.
25. Special provisions with respect to the transport of poisons specified in the Ninth Schedule.
26. Supply of medicines to out-patients from certain hospitals, etc.
27. Supply of medicines for use in hospitals, etc.
28. Supply of oral contraceptives.
29. Storage of poisons in institutions.
30. Prohibition of sale of poisons by automatic machines.

## PART III

*Pharmacy*

31. Preparation and sale of medicines.
32. Control of importation of certain medicines.

## Section

33. Special provisions with respect to the sale of medicines specified in the Eleventh Schedule.
34. Standard of quality and purity of medicines.
35. Restrictions on sale of aspirins.
36. Exceptions in the case of doctors, dentists, etc.
37. Restrictions on sale of camphorated oil.

## PART IV

*Supplemental*

38. Preparation and sale of poisons and medicines by bodies corporate, etc.

## PART V

*Miscellaneous*

39. Inspection and enforcement of Ordinance.
40. Power to make orders.
41. Penalty.
42. Interpretation.
43. Metric system and imperial system.
44. Repeals.
45. Extent.
46. Citation and commencement.

## SCHEDULES

- |                   |                                                                                                                         |
|-------------------|-------------------------------------------------------------------------------------------------------------------------|
| First Schedule :  | Substances included in the Poisons List to which special restrictions apply.                                            |
| Second Schedule : | Form of entry to be made in the book to be kept by sellers of poisons in accordance with section six of this Ordinance. |

- Third Schedule: Articles exempted from the provisions of this Ordinance.
- Fourth Schedule: Substances required to be sold by retail only upon a prescription given by an authorised medical practitioner, authorised dentist or authorised veterinary surgeon.
- Fifth Schedule: PART A  
Form to which substances specified are restricted when sold by listed sellers of Part II poisons.
- PART B  
Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business.
- Sixth Schedule: Poisons required to be coloured in certain cases.
- Seventh Schedule: Statement of particulars permitted in certain cases as to proportion of the poisons.
- Eighth Schedule: Indication of character of articles prescribed for the purposes of section nineteen of this Ordinance.
- Ninth Schedule: Poisons required to be specially labelled for transport.
- Tenth Schedule: The Poisons List.
- Eleventh Schedule: Certificate for the purchase of a poison.
- Twelfth Schedule: Substance in which poison is exempted by subsection (7) of section six of this Ordinance.
- Thirteenth Schedule: Forms of certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetamide as a rodenticide.
- Fourteenth Schedule: Medicines to which special provisions apply.
- Fifteenth Schedule: Ordinances repealed.

## **The Pharmacists, Poisons and Pharmacy Ordinance, 1970**

THE STATES, on the representations of the  
States Board of Health, hereby order:—

### PART I

#### *Authorisation of Pharmacists*

1. A person, other than a person already authorised so to do by the Royal Court or by the Court, shall not practise in this Island as a pharmacist (which expression includes a pharmaceutical chemist or chemist and druggist) unless he has been authorised so to do by the Court. Authority to practise.

2. A person who applies to the Court to be authorised under the provisions of the last preceding section to practise as a pharmacist in this Island may be so authorised if the Court is satisfied that he is registered as qualified to practise as a pharmacist in the United Kingdom. Grant of authorisation.

3. Notwithstanding the provisions of the last preceding section, where there is no immediate opportunity for a person to apply to the Court to be authorised in accordance with the provisions of that section, a Law Officer of the Crown may, on being satisfied that that person is registered as qualified to practise as a pharmacist in the United Kingdom, authorise him to practise as a pharmacist in this Island until the first sitting of the Court next following the date on which that person is so authorised by a Law Officer of the Crown. Interim authorisation by a Law Officer of the Crown.

Cessation of authorisation.

4. A person authorised, whether under the provisions of this Ordinance or of any Ordinance repealed, either in whole or in part, by this Ordinance, to practise as a pharmacist in this Island shall cease to be so authorised if that person ceases for any reason to be registered as qualified to practise as a pharmacist in the United Kingdom.

Definition of "authorised pharmacist".

5. In this Ordinance, except where the context otherwise requires, the expression "authorised pharmacist" means a person authorised to practise as a pharmacist under and by virtue of the provisions of this Part of this Ordinance.

## PART II

### *Poisons*

Prohibitions and regulations with respect to sale of poisons.

6. (1) Subject to the provisions of this Part and Part IV of this Ordinance, a person shall not:—

(a) sell, offer for sale or attempt to sell any of the poisons included in Part I of the Tenth Schedule to this Ordinance (which Schedule is hereinafter referred to as "the Poisons List") unless—

- (i) he is an authorised pharmacist, and
- (ii) the sale is effected by, or under the supervision of, an authorised pharmacist;

(b) sell, offer for sale or attempt to sell any of the poisons included in Part II of the Poisons List unless either—

- (i) he is an authorised pharmacist, or
- (ii) his name is entered on a list kept by the Board in pursuance of section seven of this Ordinance entitling him, subject

to the provisions of this Ordinance, to sell poisons included in Part II of the Poisons List;

(c) sell, offer for sale or attempt to sell any of the poisons included in Part I or in Part II of the Poisons List unless the container of the poison is labelled—

- (i) with the name of the poison, and
- (ii) in the case of a preparation which contains any of the said poisons as one of the ingredients thereof, with particulars as to the proportion which the poison contained in the preparation bears to the total ingredients, and
- (iii) with the word "POISON" or, in the case of a preparation as aforesaid, an indication of the character of the preparation, and
- (iv) with the name of the seller of the poison and the address of the premises on which it was sold,

in clear legible capital letters.

(2) Subject to the provisions of this Part and Part IV of this Ordinance:—

(a) a person shall not sell, offer for sale or attempt to sell any of the poisons included in the First Schedule to this Ordinance to any person unless that person is either—

(i) certified in writing in the manner provided for in subsection (3) of this section and by the person authorised by the provisions of subsection (4) of this section to give a certificate for the purposes of this section; or

(ii) known by the seller or by some

authorised pharmacist in the employment of the seller at the premises where the sale is effected;

to be a person to whom the poison may properly be sold;

(b) the seller of any such poison shall not deliver it until—

(i) he has made or caused to be made an entry in a book to be kept for that purpose, each page of which shall be in the form set out in the Second Schedule to this Ordinance, stating the date of the sale, the name and address of the purchaser and of the person, if any, by whom the certificate required under paragraph (a) of this subsection was given, the name and quantity of the article sold and the purposes for which it is stated by the purchaser to be required; and

(ii) the purchaser has affixed his signature to the entry aforesaid;

(c) a person shall not sell, offer for sale or attempt to sell any of the poisons included in Part I or Part II of the Poisons List to any person unless that person is aged sixteen years or more.

(3) A certificate given for the purposes of paragraph (a) of subsection (2) of this section shall be in the form and shall contain the particulars set out in the Eleventh Schedule to this Ordinance.

(4) All householders are hereby authorised to give such certificates as aforesaid:

Provided that a certificate given by a householder who is not known to the seller of the poison to be

a responsible person of good character shall not be a sufficient certificate for the purposes of the said paragraph (a) of subsection (2) of this section unless it is endorsed in the manner specified in the Eleventh Schedule to this Ordinance by the Chief Officer of Police.

(5) On any sale of a poison upon such certificate as aforesaid the certificate shall be retained by the seller.

(6) Paragraph (a) of subsection (2) of this section shall, in its application to sales by listed sellers of poisons included in Part II of the Poisons List, be deemed to be satisfied if the person to whom the poison is sold is known by the person in charge of the premises on which the poison is sold or of the department of the business in which the sale is effected to be a person to whom the poison may properly be sold.

(7) The provisions of subsection (2) of this section shall not apply, so far as the poison specified in the first column of the Twelfth Schedule to this Ordinance is concerned, to sales of substances specified in the second column of that Schedule.

(8) Nothing in this Part of this Ordinance shall extend to or interfere with—

- (a) the sale of poisons by way of wholesale dealing; or
- (b) the sale of an article to an authorised medical practitioner, authorised dentist or authorised veterinary surgeon for the purposes of his profession; or
- (c) the sale of an article for use in or in connection with any hospital, infirmary, dispensary or similar institution approved by an order, whether general or special, of the Board; or

- (d) the sale of an article to a person or institution concerned with scientific education or research if the article is required for the purposes of that education or research.

Listed  
sellers to be  
entitled to  
sell poisons  
in Part II of  
the Poisons  
List.

7. (1) The Board shall keep, for the purposes of this Part of this Ordinance, a list of persons (in this Ordinance referred to as "listed sellers") who, not being entitled to sell poisons included in Part I of the Poisons List are, subject to the provisions of this Ordinance, to be entitled to sell poisons included in Part II of the Poisons List and shall, subject as hereinafter provided, enter in the list the name of any person who makes an application to the Board, in the form prescribed, to have his name entered in the list as a person entitled, subject to the provisions of this Ordinance, to sell such poisons.

(2) The Board may refuse to enter in or may remove from the list the name of any person who fails to pay the fees prescribed or who, in the opinion of the Board is, for any sufficient reason relating to him personally, not fit to be on the list.

(3) If any person is aggrieved by the refusal of the Board to enter his name in the said list or by the removal of his name therefrom under this section, he may, in such manner and within such period as may be directed by Order of the Royal Court, appeal to the Court against the refusal or removal.

(4) Every person shall pay to the Board such fees as may be prescribed in respect of—

- (a) the entry of his name in the list; and
- (b) the retention of his name in the list in any year subsequent to the year in which his name is first entered therein.

(5) If any person whose name is entered in the list is convicted before any court of any criminal

offence which, in the opinion of the court, renders him unfit to have his name on the list, the court may, as part of the sentence, order his name to be removed from the list and direct that he shall, for such period as may be specified in the order, be disqualified from having his name on the list.

(6) The list shall be open at all reasonable times to the inspection of any person without fee.

(7) In this section the expression "relating to him personally" means, in relation to a person being a body corporate, relating personally to the members of the Board of that body corporate or to the managers or other officers of the body corporate.

(8) A person whose name is entered in the list shall not use in connection with his business any title, emblem or description reasonably calculated to suggest that he is entitled to sell any poison other than a poison which he is under this Ordinance entitled to sell and if any person acts in contravention of this subsection he shall be guilty of an offence and liable, on conviction in respect of each offence, to a fine not exceeding twenty pounds and, in the case of a continuing offence, to a further fine not exceeding five pounds for every day subsequent to the day on which he is convicted of the offence during which the contravention continues.

8. (1) Nothing in section six of this Ordinance shall apply—

Exemption  
with respect  
to medicines.

(a) to a medicine which is supplied by an authorised medical practitioner for the purposes of medical treatment, by an authorised dentist for the purposes of dental treatment or by an authorised veterinary surgeon for the purposes of animal treatment; or

- (b) to a medicine which is dispensed by an authorised pharmacist; or
- (c) to a poison forming part of the ingredients of a medicine which is supplied by an authorised pharmacist;

if the requirements contained in the following provisions of this section are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name and address of the person by whom it is supplied or dispensed.

(3) On the day on which the medicine is supplied or dispensed or, if that is not reasonably practicable, on the day next following that day, there must be entered in a book which is used regularly for the purpose of this provision but which need not be used exclusively for that purpose the following particulars—

- (a) the date on which the medicine was supplied or dispensed;
- (b) the ingredients of the medicine and the quantity thereof supplied;
- (c) if the medicine was dispensed by an authorised pharmacist, the name or initials and, if it is known, the address of the person by whom, and the name and, if it is known, the address of the person to whom, and the date on which, the prescription was given;
- (d) if the medicine was not so dispensed, the name of the person to whom it was supplied:

Provided that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which the medicine has been supplied by the seller on a previous occasion, be deemed to be complied with if the day on which the medicine is

supplied and the quantity thereof supplied are entered in the book on that day or, if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to an entry in the book duly recording the dispensing of the medicine on the previous occasion :

Provided further that the provisions of this subsection need not be satisfied in the case of a medicine not being a substance included in the First Schedule to this Ordinance, which is supplied by—

- (i) an authorised medical practitioner for the purposes of medical treatment, or
- (ii) an authorised pharmacist on and in accordance with a prescription given by an authorised medical practitioner or an authorised dentist.

9. (1) A person shall not sell any poison included in the Fourth Schedule to this Ordinance, except on and in accordance with a prescription complying with the requirements of subsection (5) of this section given by an authorised medical practitioner, authorised dentist or authorised veterinary surgeon.

Additional restrictions of sale of poisons in the Fourth Schedule.

(2) Notwithstanding the provisions of the last preceding subsection, where an authorised pharmacist is reasonably satisfied that a person ordering any such poison as aforesaid is an authorised medical practitioner who is, by reason of some emergency, unable to furnish such a prescription immediately he may, notwithstanding that no such prescription has been given, if the said person undertakes to furnish him with such a prescription within the twenty-four hours next following, deliver the poison ordered in accordance with the directions of the said person, so, however, that, notwithstanding anything in any such directions, the supply shall not be repeated until such a prescription has been given.

(3) If any person by whom any such undertaking as aforesaid has been given fails to deliver to the seller a prescription in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the last preceding subsection knowingly makes a statement which is false in a material particular, he shall be deemed to have contravened the provisions of this section.

(4) This section shall apply to the sale of any such poison as aforesaid, notwithstanding that it is a transaction exempted by section eight of this Ordinance.

(5) For the purposes of this section a prescription shall, in the case of any poison included in the Fourth Schedule to this Ordinance, be in writing and be signed by the person giving it with his usual signature and be dated by him; and in the case of any poison included in Part A of the Fourth Schedule to this Ordinance—

- (a) specify the name and address of the person for whose treatment it is given or, if the prescription is given by an authorised veterinary surgeon, of the person to whom the medicine is to be delivered;
- (b) have written thereon, if given by a dentist, the words "For dental treatment only" or, if given by an authorised veterinary surgeon, the words "For animal treatment only";
- (c) when the medicine is packed otherwise than in ampoules indicate—
  - (i) except in the case of a preparation contained in the British National Formulary, the total amount to be supplied; and

- (ii) except in the case of a preparation which is to be used for external treatment only, the dose to be taken;
- (d) when the medicine is packed in ampoules indicate—
  - (i) except in the case of a preparation contained in the British National Formulary, either the total amount to be supplied or the total amount intended to be administered or injected; and
  - (ii) in any case, the amount intended to be administered or injected in each dose.
- (6) A person dispensing a prescription under the provisions of this section shall comply with the following requirements—
  - (a) the prescription must not be dispensed more than once unless the prescriber has directed thereon either that it may be dispensed a stated number of times or that it may be dispensed at stated intervals;
  - (b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals it must not be dispensed otherwise than in accordance with that direction;
  - (c) a prescription which contains a direction that it may be dispensed a stated number of times but no direction as to the intervals at which it may be dispensed shall not be dispensed more often than once in three days, and a prescription which contains a direction that it is to be dispensed at stated intervals but no direction as to the number of times that it may be dispensed shall not be dispensed more often than three times;

- (d) at the time of dispensing or, where a poison has been delivered under the provisions of subsection (2) of this section, on the subsequent receipt of the prescription there must be noted on the prescription, above the signature of the prescriber, the name and address of the seller and the date on which the prescription is dispensed or, as the case may be, the poison was delivered;
- (e) except in the case of a prescription which may be dispensed again, the prescription must, for a period of two years, be retained and kept on the premises on which it was dispensed in such manner as to be readily available for inspection.

Complete exemption for articles and substances in the Third Schedule.

10. Nothing in this Part of this Ordinance shall apply—

- (a) with respect to any article included in Group I of the Third Schedule to this Ordinance; or
- (b) so far as any poison specified in the first column of Group II of the Third Schedule to this Ordinance is concerned, with respect to any of the articles or substances specified in the second column of that Schedule beside the description of the poison.

Restriction of sales by listed sellers of Part II poisons.

11. (1) No shopkeeper shall be entitled by virtue of being a listed seller of the poisons contained in Part II of the Poisons List to sell—

- (a) any poison other than ammonia, hydrochloric acid, nitric acid, potassium quadroxalate and sulphuric acid, except in a closed container as closed by the manufacturer or other person from whom the poison was obtained;

- (b) any substance included in the First Schedule to this Ordinance unless the sale is effected by himself or by a responsible deputy.

(2) For the purposes of the last preceding subsection the expression "responsible deputy" means a person nominated as a deputy on the seller's form of application for entry as a listed seller of the poisons contained in Part II of the Poisons List, or any person substituted, by notice in writing to the Board, for a person so nominated, and not more than two deputies shall be nominated at the same time in respect of one set of premises.

(3) No person shall be entitled by virtue of being a listed seller of the poisons contained in Part II of the Poisons List to sell—

- (a) any poison included in the first column of Part A of the Fifth Schedule to this Ordinance unless the article or substance sold is one of the articles or substances specified against the description of the poison in the second column of that Part, and the container of the substance is, in addition to any other provisions of this Ordinance with respect to labelling, labelled clearly with a notice of the special purpose for which the article or substance is intended, and a warning that it is only to be used for that purpose;
- (b) any poison included in Part B of the Fifth Schedule to this Ordinance, unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture and requires the poison for the purposes of that trade or business.

Require-  
ments as to  
colouring  
in certain  
cases.

12. A person shall not sell any poison included in the Sixth Schedule to this Ordinance which is intended for use as a weed killer or in the prevention or treatment of infestation by animals, plants or other living organisms unless there has been added to the poison a dye or other substance which, in the case of a poison included in that Schedule as a poison in solution, renders it of a distinctive colour or, in the case of any other poison, renders it of a distinctive colour whether dry or wet or in solution:

Provided that this section shall not apply in the case of poisons which are themselves of a distinctive colour or sheep dips which are already of a distinctive colour.

Restriction  
of sales by  
shopkeepers.

13. A shopkeeper shall not sell poisons on any premises used for or in connection with his retail business, notwithstanding that the sale is exempted by subsection (8) of section six of this Ordinance, unless he complies with the provisions of paragraph (a) or paragraph (b), as the case may be, of subsection (1) of section six of this Ordinance.

Restriction  
of sales of  
Part I  
poisons to  
shopkeepers.

14. A person shall not sell by way of wholesale dealing any poison included in Part I of the Poisons List to a person carrying on a business of shopkeeping unless the seller—

- (a) has reasonable grounds for believing that the purchaser is an authorised pharmacist; or
- (b) has received a statement signed by the purchaser or by a person authorised by him on his behalf to the effect that the purchaser does not intend to sell the poison on any premises used for or in connection with his retail business.

15. (1) A person shall not sell or supply strychnine except as an ingredient in a medicine:

Provided that this subsection shall not apply to the sale of strychnine for the purpose of being compounded in preparations prescribed or administered by an authorised medical practitioner or authorised veterinary surgeon or to the sale of strychnine to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

Restriction  
of sale or  
supply of  
strychnine  
and certain  
other  
substances.

(2) A person shall not sell or supply any substance to which this subsection applies:

Provided that this subsection shall not apply to the sale of a substance to which this subsection applies—

- (a) by way of wholesale dealing; or
- (b) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or
- (c) to a person producing a certificate in form "A" of the forms set out in the Thirteenth Schedule to this Ordinance issued within the preceding three months by the Medical Officer of Health certifying that a substance to which this subsection applies named in the certificate is required for use by employees of the States of Guernsey as a rodenticide in ships or sewers in such places as are identified in the certificate so, however, that the quantity sold shall not exceed the quantity specified in the certificate; or
- (d) to a person producing a certificate in form "B" of the forms set out as aforesaid issued within the said period by the said Medical Officer of Health certifying that a substance to which this subsection applies named in

this certificate is required for use by such person or by the employees of such body of persons carrying on a business of pest control as is named in the certificate as a rodenticide in ships or sewers in such places as are identified in the certificate so, however, that the quantity sold shall not exceed the quantity specified in the certificate.

(3) The provisions of the last preceding subsection shall apply to monofluoroacetic acid, any salt thereof, fluoroacetamide and fluoroacetanilide.

(4) A person shall not sell or supply sodium arsenites or potassium arsenites except as an ingredient in—

- (a) a medicine, or
- (b) a sheep dip or sheep wash in a container clearly labelled with, in addition to any other particulars prescribed under the provisions of this Ordinance with respect to labelling, a notice of the special purpose for which the substance is intended, and a warning that it is only to be used for that purpose:

Provided that the provisions of this subsection shall not apply to the sale of sodium arsenites or potassium arsenites—

- (i) for the purpose of being compounded in preparations prescribed or administered by an authorised medical practitioner or authorised veterinary surgeon; or
- (ii) to a person or institution concerned with scientific education or research or chemical analysis, for the purpose of that education or research or analysis.

(5) A person shall not sell or supply any substance to which this subsection applies:

Provided that this subsection shall not apply to the sale of a substance to which this subsection applies—

- (a) to a person concerned with scientific education or research or chemical analysis, for the purpose of that education or research or analysis; or
- (b) to an authorised medical practitioner for purpose of his profession as such.

(6) The provisions of the last preceding subsection shall apply to lysergide and its salts, mescaline and its salts, other derivatives of phenethylamine formed by substitution in the aromatic ring and their salts and psilocybin.

(7) A person shall not sell or supply embutramide or mebezonium iodide:

Provided that this subsection shall not apply to the sale of embutramide or mebezonium iodide—

- (a) to a person or institution concerned with scientific education or research or chemical analysis, for the purpose of that education or research or analysis; or
- (b) to an authorised veterinary surgeon for the purpose of killing animals or birds in the course of his profession as such.

(8) A person shall not sell or supply fluanisone: Provided that this subsection shall not apply to the sale of fluanisone—

- (a) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or
- (b) to an authorised veterinary surgeon for the purpose of his profession as such.

(9) Any certificate issued under the provisions of this section shall be retained by the seller of the poison to which the certificate relates.

Manner of  
labelling  
containers.

16. (1) Subject to the provisions of this Part of this Ordinance, the particulars with which the container of a poison is required to be labelled under the provisions of this Part of this Ordinance must appear in a conspicuous position on the container in which the poison is sold and on every box or other covering of whatever nature enclosing the container, and the particulars must be clearly and distinctly set out and not in any way obscured or obliterated.

(2) Where the poison is contained in an ampoule, cachet or similar article, it shall not be necessary to label that article itself, if every box or other covering in which the article is enclosed is duly labelled.

(3) Nothing in this Part of, or in sections sixteen to twenty-one inclusive of, this Ordinance shall require the labelling of any transparent cover or any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

Labelling of  
name of  
poison.

17. (1) Subject as hereinafter provided, for the purposes of sub-paragraph (i) of paragraph (c) of subsection (1) of section six of this Ordinance and of paragraph (a) of subsection (3) of section twenty-six of this Ordinance the name of a poison shall be—

(a) where the term under which a poison is included in the Poisons List describes the poison specifically—

(i) the said term;

- (ii) the name published by the General Medical Council as the approved name of the poison; or
  - (iii) if the poison is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph;
- (b) where the said term describes a group of poisons and not the poison specifically—
- (i) if the poison is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph; and
  - (ii) in any other case, the accepted scientific name, the name descriptive of the true nature and origin of the poison or the name published by the General Medical Council as the approved name of the poison.
- (2) For the purposes aforesaid it shall, in the case of—
- (a) a substance which is the subject of a monograph in the British Pharmacopoeia or the British Pharmaceutical Codex or the British Veterinary Codex, or any dilution, concentration or admixture of such a substance;
  - (b) a preparation contained in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or in the British Veterinary Codex or any

dilution, concentration or admixture of such a preparation; or

- (c) a surgical dressing for which a standard is described in the British Pharmaceutical Codex;

be sufficient, notwithstanding anything in the last preceding subsection of this section, to state the name, synonym or abbreviated name used to describe the substance, preparation or surgical dressing in the British Pharmacopoeia or the British Pharmaceutical Codex or the British National Formulary or the British Veterinary Codex with the addition of the letters "B.P." or "B.P.C.", "B.N.F." or "B.Vet.C.", as the case may be.

(3) For the purposes aforesaid it shall, in the case of a preparation containing a poison specified in the first column of the Seventh Schedule to this Ordinance, be sufficient, notwithstanding anything in subsection (1) of this section, to state the name of the poison or substance mentioned in the second column of the said Schedule in respect of which the proportion of the poison to the total ingredients of the preparation is in accordance with the provisions of subsection (2) of section eighteen of this Ordinance expressed.

(4) For the purposes aforesaid it shall, in the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, be sufficient, notwithstanding anything in subsection (1) of this section, to state the name of strychnine or morphine, as the case may be, or one of the names or abbreviated names of strychnine or morphine, as the case may be, set out at the head of the monographs in the British Pharmacopoeia or the British Pharmaceutical Codex or the British Veterinary Codex.

18. (1) For the purposes of sub-paragraph (ii) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires preparations containing poisons to be labelled with the prescribed particulars as to the proportion of poison therein) the label of the container of any preparation containing a poison as one of its ingredients shall, subject as hereinafter provided, include a statement of the proportion which the poison bears to the total ingredients of the preparation.

Labelling of  
particulars  
as to pro-  
portion of  
the poison

(2) In the case of a preparation containing a poison specified in the first column of the Seventh Schedule to this Ordinance, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(3) In the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, it shall be sufficient, so far as those alkaloids are concerned, to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(4) In the case of a substance, preparation or surgical dressing which is named in accordance with subsection (2) of the last preceding section, it shall not be necessary to state on the label the proportion of the poison contained in the substance, preparation or surgical dressing and, in the case of any dilution, concentration or admixture of such a substance or preparation, it shall be sufficient to state the proportion which the substance or preparation bears to the total ingredients of the dilution, concentration or admixture.

(5) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules,

it shall be sufficient to state on the label of the box or other covering in which the articles are enclosed the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in the last foregoing subsection the amount of the preparation, contained in each article.

(6) Where any proportion is stated as a percentage, the statement shall indicate whether the percentage is calculated on the basis of weight in weight, weight in volume, or volume in volume.

Indication  
of the  
character of  
the poison.

19. (1) For the purposes of sub-paragraph (iii) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires the containers of poisons to be labelled with the word "Poison" or other prescribed indication of character), the container of any article specified in the Eighth Schedule to this Ordinance shall, instead of being labelled with the word "Poison", be labelled with the words specified in the said Schedule as applicable to that article.

(2) The said words specified as aforesaid or the word "Poison", as the case may be, must not be modified in meaning by the addition of any other words or marks, and

- (a) in the case of a substance included in the First Schedule to this Ordinance, must either be in red lettering or be set against a red background; and
- (b) in all cases must either be on a separate label or be surrounded by a line within which there must be no other words except words with which the container of the poison is required to be labelled under the provisions of this Ordinance.

20. (1) It shall not be lawful to sell or supply any poison—

Special precautions in the case of certain articles.

- (a) in the case of a liquid other than a medicine, contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, unless the bottle is labelled with the words "Not to be taken";
- (b) in the case of an embrocation, liniment, lotion, liquid antiseptic or other liquid preparation for external application, unless the container is labelled with the name of the article and the words "For external use only".

(2) It shall not be lawful to sell or supply any compressed hydrocyanic acid unless the container is labelled with the words "Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use".

(3) This section shall be in addition to the other requirements of this Part of this Ordinance with respect to labelling and shall apply to transactions exempted by section eight of this Ordinance.

21. (1) The provisions of sub-paragraph (iv) of paragraph (c) of subsection (1) of section six of this Ordinance (which requires the container of a poison to be labelled with the name of the seller and the address of the premises on which it was sold) shall not apply in the case of an article sold for the purpose of being sold again in the same container.

Name and address of premises.

(2) The requirements of the said sub-paragraph shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depôt, if the container of the poison is labelled with the address of the supplier's principal place of business or, in

the case of a body corporate, of the registered office of the body corporate.

(3) Where any poison is sold in a container and outer covering, being the container and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(4) Where the names of more than one person or more than one address appear on any label, there must also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

**Form of  
containers.**

22. (1) It shall not be lawful to sell, whether wholesale or retail or supply any poison unless—

- (a) it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport; and
- (b) in the case of a liquid contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, not being—
  - (i) a preparation made up ready for the internal treatment of human or animal ailments, or
  - (ii) a local anaesthetic for injection in the treatment of human or animal ailments, or
  - (iii) a sterile ophthalmic solution in a single dose sterile bottle enclosed in a sealed container,

the outer surface of the bottle is fluted vertically with ribs or grooves recognisable by touch.

(2) Paragraph (a) of the last preceding subsection shall apply to transactions exempted by section

eight of this Ordinance, and paragraph (b) of that subsection shall not apply to the sale or supply of poisons to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

23. (1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling. Storage of  
poisons.

(2) It shall not be lawful to store any substance included in the First Schedule to this Ordinance in any retail shop or premises used in connection therewith unless the substance is stored—

- (a) in a cupboard or drawer reserved solely for the storage of poisons; or
- (b) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access; or
- (c) on a shelf reserved solely for the storage of poisons and—
  - (i) no food is kept directly under the shelf, and
  - (ii) the container of the substance is rendered distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises:

Provided that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substances on any shelf, or in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

Transport of  
poisons.

24. It shall not be lawful to consign any poison for transport unless it is sufficiently stoutly packed to avoid leakage arising from the ordinary risks of handling and transport.

Special  
provisions  
with respect  
to the trans-  
port of  
poisons  
specified in  
the Ninth  
Schedule.

25. (1) It shall not be lawful to consign for transport by carrier any poison included in the Ninth Schedule to this Ordinance unless the outside of the package containing the article is labelled conspicuously with the name or description of the poison as set forth in the said Schedule and a notice indicating that it is to be kept separate from food and from empty containers in which food has been contained.

(2) It shall not be lawful for any person knowingly to transport any such poison as aforesaid, either on his own behalf or for another person, in any vehicle in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the poison, or is otherwise adequately protected from the risk of contamination.

(3) This section shall not apply with respect to medicines.

Supply of  
medicines to  
out-patients  
from certain  
hospitals,  
etc.

26. (1) The provisions of this Part of this Ordinance, except the provisions of section twenty, shall not apply with respect to—

- (a) any medicine for the treatment of human ailments dispensed from a hospital, infirmary, health centre or dispensary maintained by any public authority, or out of public funds, or by a charity;
- (b) any preparation for the treatment of animals supplied from a veterinary hospital which is under the superintendence of an authorised veterinary surgeon;

if the requirements contained in the following provisions of this section are satisfied in relation thereto.

(2) The medicine or preparation must not be supplied except by, or on and in accordance with a prescription of, an authorised medical practitioner for the purposes of medical treatment, or an authorised dentist for the purposes of dental treatment, or an authorised veterinary surgeon for the purposes of animal treatment.

(3) In a case where a substance included in the First Schedule to this Ordinance is supplied, a record must be kept on the premises in such a way that there can readily be traced at any time during a period of two years after the date on which the substance was supplied the following particulars—

- (a) the name and quantity of the poison supplied; and
- (b) the date on which the poison was supplied; and
- (c) the name and address of the person to whom the poison was supplied; and
- (d) the name of the person who supplied the poison or who gave the prescription upon which it was supplied.

(4) The container of the medicine or preparation must be labelled—

- (a) with a designation and address sufficient to identify the hospital, infirmary, health centre or dispensary from which it was supplied;
- (b) except in the case of a medicine or preparation made up ready for treatment, with the word "Poison";

- (c) in the case of a poison supplied from a veterinary hospital, with the words "For animal treatment only";

and in the case of a medicine or preparation to which section twenty of this Ordinance applies the requirements of that section shall be satisfied in addition to the requirements aforesaid.

Supply of medicines for use in hospitals, etc.

27. (1) This section shall apply to any hospital, infirmary, health centre, dispensary, clinic, nursing home or other institution at which human ailments are treated (hereinafter in this and the next following section referred to as an "institution").

(2) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for that purpose, no medicine containing a poison shall be supplied from that department for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this section.

(3) The medicines must not be supplied except upon a written order signed by an authorised medical practitioner, authorised dentist, or by a sister or nurse in charge of a ward, theatre or other section of the institution:

Provided that in a case of emergency a medicine containing a poison may be supplied, notwithstanding that no such said written order is produced, on an undertaking by the person ordering the medicine to furnish such a said written order within the twenty-four hours next following.

(4) If any person, by whom any such undertaking as aforesaid has been given, fails to furnish to the supplier a written order in accordance with the undertaking, or if any person for the purposes of

obtaining the supply of any medicine under the last preceding subsection knowingly makes a statement which is false in a material particular, he shall be deemed to have contravened the provisions of this section.

(5) The container of the medicine must be labelled—

- (a) with words describing its contents;
- (b) in the case of substances included in the First Schedule to this Ordinance, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

28. (1) The provisions of this Part of this Ordinance shall not apply with respect to any oral contraceptive supplied:—

Supply of oral contraceptives.

- (a) by an authorised medical practitioner otherwise than from a family planning clinic; or
- (b) from a family planning clinic but only provided that—
  - (i) it is supplied on and in accordance with a prescription given by an authorised medical practitioner; and
  - (ii) the container of the oral contraceptive supplied is labelled with words describing its contents and with a designation and address sufficient to identify the family planning clinic from which it was supplied.

(2) In this section “family planning clinic” means a health centre, dispensary or clinic which is maintained by the Board or by an institution

approved for the purposes of paragraph (c) of subsection (8) of section six of this Ordinance by an order made thereunder and at which contraceptive substances are supplied.

**Storage of  
poisons in  
institutions.**

29. (1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in the charge of a person appointed for the purpose, all poisons other than those issued for use shall be stored in that department.

(2) In any institution to which the provisions of the last preceding subsection do not apply, all poisons other than those issued for use shall be stored—

- (a) in the charge of a person appointed for the purpose by the governing body or person in control of the institution;
- (b) otherwise than on an open shelf, unless the container of the poison is distinguishable by touch from containers of substances other than poisons kept on the same premises; and
- (c) in the case of substances which are included in the First Schedule to this Ordinance, either in a cupboard or drawer or on a shelf reserved solely for the storage of poisons.

(3) In every institution every substance included in the First Schedule to this Ordinance which is stored in the wards must be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) All places in which poisons are required by this section to be stored must be inspected at regular intervals of time not exceeding three months by an authorised pharmacist or by some other person appointed for the purpose by the governing body or person in control of the institution.

(5) In this section "institution" means any hospital, infirmary, health centre, dispensary, clinic, nursing home or other institution at which human ailments are treated or any family planning clinic as defined in subsection (2) of the preceding section.

30. A person shall not expose a poison for sale in, or offer a poison for sale by means of, an automatic machine.

Prohibition of sale of poisons by automatic machines.

### PART III

#### *Pharmacy*

31. (1) Subject to the succeeding provisions of this Part, Part II and Part IV of this Ordinance a person shall not prepare or sell medicines, other than those set out in the Fourteenth Schedule to this Ordinance, in this Island unless he is an authorised pharmacist.

Preparation and sales of medicine.

(2) Nothing in this section contained shall prohibit the preparation or supply of medicines in the exercise of his profession by any authorised medical practitioner, authorised dentist or authorised veterinary surgeon.

32. (1) A person shall not import any receptacle into this Island containing any of the medicines, other than sulphur, set out in the Fourteenth Schedule to this Ordinance unless there is attached to the exterior thereof a declaration made by the manager or other responsible employee of the manufacturer of the substance to the effect that the standard of purity and quality of the substance, or of any constituent part thereof, is not less than that laid down for the substance in the British Pharmacopoeia.

Control of importation of certain medicines.

(2) In the absence of any such declaration as is referred to in subsection (1) of this section the States Supervisor, or any person authorised by him in that behalf, may detain the receptacle concerned and the contents thereof until the declaration as aforesaid is delivered to him.

(3) As soon as may be after the detention of a receptacle under the provisions of the last preceding subsection the States Supervisor shall notify the consignee thereof of the fact of such detention and the reason therefor.

(4) If on the expiration of twenty-one days after such notification as aforesaid the States Supervisor has not received the declaration as required by this section the President of the Board may order the destruction of the contents of the receptacle concerned and they shall be destroyed accordingly.

(5) The Medical Officer of Health may take samples of any medicines referred to in subsection (1) of this section before delivery to the consignee thereof in this Island, whether or not the receptacle containing those medicines is accompanied by a declaration required under subsection (1) of this section, and may cause the medicines to be submitted to any analysis or test which he may consider necessary and if, as a result of any such analysis or test, it is found that the purity or quality of any such sample does not conform to the standard required by the provisions of subsection (1) of this section the Medical Officer of Health may order the sample to be confiscated and destroyed.

(6) The States Supervisor, or any person authorised by him in that behalf, shall detain any medicines a sample of which has been taken in accordance with the provisions of the last preceding subsection for so long during the analysis or test as

aforesaid as may be required by the Medical Officer of Health and, if the sample has been destroyed in accordance with the provisions of the last preceding subsection, the Medical Officer of Health or any person authorised by him in that behalf shall destroy the remainder of the medicines from which the sample was taken, otherwise the States Supervisor shall release the same from detention and shall so inform the consignee.

(7) Every receptacle containing any of the medicines referred to in subsection (1) of this section shall have imprinted thereon or attached or stuck thereto at the time of the sale by retail the name, in English, of the medicines in letters at least one sixteenth of an inch in height.

33. A person shall not sell any of the medicines mentioned in Part II of the Fourteenth Schedule to this Ordinance otherwise than in closed receptacles.

Special provisions with respect to the sale of medicines specified in the Fourteenth Schedule.

34. A person shall not sell any of the medicines mentioned in the Fourteenth Schedule to this Ordinance unless they are of a standard of quality or purity not less than that laid down for the medicine in the British Pharmacopoeia.

Standard of quality and purity of medicines.

35. Aspirins shall not be sold to any child who appears to the seller or the person conducting the sale to be under the age of fourteen years.

Restrictions on sale of aspirins.

36. Nothing in sections thirty-two, thirty-three and thirty-five of this Ordinance shall apply to an authorised medical practitioner, authorised dentist, authorised veterinary surgeon or authorised pharma-

Exceptions in the case of doctors, dentists, etc.

cist or to any receptacle imported into this Island by him.

Restrictions on the sale of camphorated oil.

37. Camphorated oil shall not be sold otherwise than in bottles which are easily distinguishable by touch from bottles ordinarily used for medicines and which bear a label "FOR EXTERNAL USE ONLY" in clearly legible letters of at least one eighth of an inch in height.

## PART IV

### *Supplemental*

Preparation and sale of poisons and medicines by bodies corporate, etc.

38. (1) A body corporate or unincorporate may carry on a business which consists of or includes the preparation and sale of poisons included in Part I of the Poisons List or medicines if—

- (a) on any premises where the business of that body is carried on such poisons or medicines are prepared by a person and sold by or under the supervision of a person who is an authorised pharmacist; and
- (b) the name of that authorised pharmacist is conspicuously exhibited on the premises.

(2) If a person authorised to practise as an authorised pharmacist dies or becomes subject to any legal disability, the transferee or other person succeeding to the business or succeeding to the management of the business who is not an authorised pharmacist may carry on that business in so far as it consists of or includes the preparation and sale of such poisons or medicines if—

- (a) on any premises where the business is carried on such poisons or medicines are prepared by a person and sold by or under the supervision of a person who is an authorised pharmacist; and

(b) the name of that authorised pharmacist is conspicuously exhibited on the premises.

(3) An assistant or apprentice to an authorised pharmacist may prepare and sell such poisons or medicines under the supervision of that authorised pharmacist and any such poisons or medicines so prepared and sold shall be deemed to have been prepared and sold by that authorised pharmacist.

## PART V

### *Miscellaneous*

39. (1) The Board shall, by means of inspection and otherwise, take all reasonable steps to secure compliance with the provisions of Part II, Part III and Part IV of this Ordinance and for that purpose the States Civil Service Board shall appoint such number of inspectors as it shall deem necessary.

Inspection  
and  
enforcement  
of Ordinance.

(2) An inspector appointed by the States Civil Service Board under the provisions of this section shall, for securing compliance with the provisions of Part II, Part III and Part IV of this Ordinance, have power on the production by him of his authority in writing by the States Civil Service Board in that behalf if so required, at all reasonable times, to enter any premises in which he has reasonable cause to suspect that a breach of the law has been committed in relation to any poisons, and shall have power to make such examination and enquiry and to do such other things (including the taking, on payment therefor, of samples) as may be necessary for ascertaining whether the aforesaid provisions are being complied with.

(3) If a person wilfully delays or obstructs an inspector in the exercise of any powers under this

section, or refuses to allow any sample to be taken in accordance with the provisions of this section, or fails without reasonable excuse to give any information which he is duly required under this section to give, he shall in respect of each offence be liable, on conviction, to a fine not exceeding fifty pounds.

(4) Without prejudice to the generality of the foregoing provisions, it shall be the duty of every person who appears to an inspector to be conducting in any premises any business which comprises the retail sale of drugs to state, on being required so to do by such inspector, who the owner of the business is, and if any person fails without reasonable excuse to comply with the provisions of this subsection he shall be liable, on conviction, in respect of each offence, to a fine not exceeding fifty pounds.

(5) Nothing in this section shall authorise any inspector appointed thereunder to enter or inspect the premises of an authorised medical practitioner, an authorised dentist or an authorised veterinary surgeon.

Power to  
make  
orders.

40. (1) The Board may from time to time by order prescribe anything that is required to be prescribed under any of the provisions of this Ordinance.

(2) Every order made by the Board under this section shall be laid before a meeting of the States as soon as may be after the making thereof and if, at that meeting or at the next subsequent meeting, the States resolve that the order be annulled the order shall cease to have effect but without prejudice to anything done thereunder or to the making by the Board of a new order.

Penalty.

41. Except where otherwise specifically provided, any person who contravenes any of the provisions

of this Ordinance shall be guilty of an offence and liable, on conviction, to a fine not exceeding one hundred pounds.

42. (1) In this Ordinance, unless the context otherwise requires, the following expressions shall have the meanings hereby respectively assigned to them—

Interpretation.

“antimonial poisons” means chlorides of antimony, oxides of antimony, sulphides of antimony, antimonates, antimonites and organic compounds of antimony;

“arsenical poisons” means halides of arsenic, oxides of arsenic, sulphides of arsenic, arsenates, arsenites, copper acetoarsenite, sodium thioarsenates and organic compounds of arsenic;

“aspirin” means acetyl salicylic acid and includes the salts thereof;

“authorised medical practitioner”, “authorised dentist” and “authorised veterinary surgeon” mean a medical practitioner, a dentist or a veterinary surgeon, as the case may be, authorised to practise as such in this Island according to the law for the time being in force;

“the Board” means the States Board of Health;

“British Pharmaceutical Codex”, “British Pharmacopoeia”, “British National Formulary” and “British Veterinary Codex” include supplements;

“the Court” means the Royal Court sitting as an Ordinary Court;

“dispensing” in relation to a medicine or a poison means supplying a medicine or a poison on and in accordance with a prescription duly given by an authorised medical practitioner, an authorised dentist or an authorised

veterinary surgeon and the expression "dispensed" shall be construed accordingly;

"this Island" includes the Island of Herm;

"legal disability" means certification as a person of unsound mind, subjection to guardianship, being a patient for reasons of mental illness in any hospital or other institution or undergoing imprisonment;

"medicine" means an article consisting of or comprising a substance for the prevention or treatment of any ailment, infirmity or injury affecting the human body;

"poison" means a poison included in the Poisons List;

"receptacle" includes a bottle, box, packet, parcel or other package;

"the Royal Court" means the Royal Court sitting as a Full Court.

(2) Except so far as the context otherwise requires, any reference in this Ordinance to any other enactment shall be construed as a reference to that enactment as re-enacted, amended, extended or applied by or under any subsequent enactment including this Ordinance.

(3) Any reference in the Schedules to this Ordinance to the percentage of a poison contained in any substance or preparation shall, unless otherwise expressly provided, be construed in the following manner, that is to say, a reference to a substance or preparation containing one per cent of any poison means—

- (a) in the case of a solid, that one gramme of the poison is contained in every hundred grammes of the substance or preparation;
- (b) in the case of a liquid, that one millilitre of

the poison, or, if the poison itself is a solid, one gramme of the poison, is contained in every hundred millilitres of the substance or preparation;

and so in proportion for any greater or lesser percentage.

43. (1) For the purposes of this Ordinance a poison shall not be regarded as sold, issued or supplied otherwise than in accordance with a prescription or other order by reason only that the prescription or order specifies a quantity of the poison in terms of the imperial system and the quantity sold, issued or supplied is the equivalent of that amount in the metric system, or by reason only that the prescription or order specifies a quantity of the poison in terms of the metric system and the quantity sold, issued or supplied is the equivalent of that amount in the imperial system.

Metric system and imperial system.

(2) For the purposes of this Ordinance the quantity of a poison in the imperial system which is the equivalent of a particular quantity in the metric system, and the quantity of a poison in the metric system which is the equivalent of a similar quantity in the imperial system shall be deemed to be that set out as such in the Tables of Equivalents contained in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex.

44. The Ordinances set out in the Fifteenth Schedule to this Ordinance are hereby repealed.

Repeals.

45. This Ordinance shall have effect in the Islands of Guernsey and Herm.

Extent.

46. (1) This Ordinance may be cited as the Pharmacists, Poisons and Pharmacy Ordinance, 1970.

Citation and commence-

(2) This Ordinance shall come into force on the first day of February, nineteen hundred and seventy.

## FIRST SCHEDULE

Sections 11 and 23

*Substances included in the Poisons List to which special restrictions apply*

- Acetorphine; its salts; its esters and ethers; their salts  
 Acetyldihydrocodeine; its salts  
 Alcuronium chloride  
 Alkaloids, the following; their quaternary compounds; any salt, simple or complex, of any substance falling within the following:—  
 Aconite, alkaloids of, except substances containing less than 0.02 per cent. of the alkaloids of aconite  
 Atropine except substances containing less than 0.15 per cent. of atropine or not more than one per cent. of atropine methonitrate  
 Belladonna, alkaloids of, except substances containing less than 0.15 per cent. of the alkaloids of belladonna calculated as hyoscyamine  
 Brucine except substances containing less than 0.2 per cent. of brucine  
 Calabar bean, alkaloids of  
 Coca, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of coca  
 Cocaine except substances containing less than 0.1 per cent. of cocaine  
 Codeine; its esters and ethers; except substances containing less than 1.5 per cent. of codeine  
 Coniine except substances containing less than 0.1 per cent. of coniine  
 Cotarnine except substances containing less than 0.2 per cent. of cotarnine  
 Curare, alkaloids of; curate bases  
 Ecgonine; its esters and ethers; except substances containing less than the equivalent of 0.1 per cent. of ecgonine  
 Emetine except substances containing less than one per cent. of emetine  
 Ephedrine; its optical isomers; except when contained in liquid preparations or preparations not intended for the internal treatment of human ailments and except solid preparations containing less than ten per cent. of ephedrine or its optical isomers otherwise than in an inert diluent  
 Gelsemium, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of gelsemium

- Homatropine except substances containing less than 0.15 per cent. of homatropine
- Hyoscine except substances containing less than 0.15 per cent. of hyoscine
- Hyoscyamine except substances containing less than 0.15 per cent. of hyoscyamine
- Jaborandi, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of jaborandi
- Lobelia, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of lobelia
- Morphine; its esters and ethers; except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine
- Nicotine
- Papaverine except substances containing less than one per cent. of papaverine
- Pomegranate, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of pomegranate
- Quebracho, alkaloids of
- Sabadilla, alkaloids of, except substances containing less than one per cent. of the alkaloids of sabadilla
- Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0.15 per cent. of solanaceous alkaloids calculated as hyoscyamine
- Stavesacre, alkaloids of, except substances containing less than 0.2 per cent. of the alkaloids of stavesacre
- Strychnine except substances containing less than 0.2 per cent. of strychnine
- Thebaine except substances containing less than one per cent. of thebaine
- Veratrum, alkaloids of, except substances containing less than one per cent. of the alkaloids of veratrum
- Yohimba, alkaloids of
- Allylisopropylacetylurea
- Allylprodine; its salts
- Alphameprodine; its salts
- Alphaprodine; its salts
- Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids, except substances containing less than ten per cent. of esterified amino-alcohols and except procaine when in a preparation containing any substance to which Part II of the Therapeutic Substances Act 1956(a) for the time being applies; their salts
- Anileridine; its salts

- Antimonial poisons except substances containing less than the equivalent of one per cent. of antimony trioxide
- Apomorphine; its salts; except substances containing less than 0.2 per cent. of apomorphine
- Arsenical poisons except substances containing less than the equivalent of 0.01 per cent. of arsenic trioxide and except dentifrices containing less than 0.5 per cent. of acetarsol
- Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
- Barium, salts of
- Benzethidine; its salts
- Benzoylmorphine; its salts
- Benzylmorphine; its salts
- Betameprodine; its salts
- Betaprodine; its salts
- Busulphan; its salts
- Cannabis; the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabin tannate
- Cantharidin except substances containing less than 0.01 per cent. of cantharidin
- Cantharidates except substances containing less than the equivalent of 0.01 per cent. of cantharidin
- Carbachol
- Carperidine; its salts
- Chloroform, except substances containing not more than 5 per cent. of chloroform or when in preparations not intended for the internal treatment of human ailments
- Clonitazene; its salts
- 4-Cyano-2-dimethylamino-4,4-diphenylbutane; its salts
- 4-Cyano-1-methyl-4-phenylpiperidine; its salts
- Dehydroemetine; its salts
- Demecarium bromide
- Desomorphine; its salts; its esters and ethers; their salts
- Dextromethorphan; its salts; except substances containing less than 1.5 per cent. of dextromethorphan
- Dextromoramide; its salts
- Dextrorphan; its salts
- Diacetylmorphine; its salts
- Diacetylnalorphine; its salts
- Diampromide; its salts
- Digitalis, glycosides and other active principles of, except substances containing less than one unit of activity (as defined in the British Pharmacopoeia) in two grammes of the substance.
- Dihydrocodeine; its salts; its esters and ethers; their salts

- Dihydrocodeinone; its salts  
 Dihydromorphine; its salts; its esters and ethers; their salts  
 Dimenoxadole; its salts  
 Dimepheptanol; its salts; its esters and ethers; their salts  
 Dinitrocresols (DNOC); their compounds with a metal or a base;  
   except winter washes containing not more than the equivalent  
   of five per cent. of dinitrocresols  
 Dinitronaphthols; dinitrophenols; dinitrothymols  
 Dinosam; its compounds with a metal or a base  
 Dinoseb; its compounds with a metal or a base  
 Dioxaphetyl butyrate; its salts  
 Diphenoxylate; its salts; except (a) pharmaceutical preparations in  
   solid or liquid form containing not more than 2.5 milligrammes  
   of diphenoxylate calculated as base and not less than 25 micro-  
   grammes of atropine calculated as atropine sulphate per dosage  
   unit and containing no other substance to which any Part of the  
   Dangerous Drugs Act 1965(a) applies and (b) liquid preparations  
   containing 0.5 milligrammes diphenoxylate hydrochloride, 0.005  
   milligrammes atropine sulphate, 0.16 millilitres ethyl alcohol,  
   0.002 millilitres imitation cherry flavour, 0.45 millilitres glycerine,  
   0.4 millilitres sorbital solution (70 per cent.), 0.01 milligrammes  
   red dye colour index No. 14700 (F.D. 4C. Red No. 4), 0.0008  
   millilitres water  
 Dipipanone; its salts  
 Disulfiram  
 Dithienylallylamines; dithienylalkylallylamines; their salts  
 Dyflos  
  
 Ecothiopate iodine  
 Embutramide  
 Endosulfan  
 Endothal; its salts  
 Endrin  
 Ethylmorphine; its salts; its esters and ethers; their salts; except  
   substances containing less than 0.2 per cent. of ethylmorphine  
 Etonitazene; its salts  
 Etorphine; its salts; its esters and ethers; their salts  
 Etoxidine; its salts  
  
 Fentanyl; its salts  
 Fluanisone  
 Fluoroacetamide; fluoroacetanilide  
 Furethidine; its salts  
  
 Gallamine; its salts; its quaternary compounds  
 Guanidines, the following:—  
   polymethylene diguanidines; di-*p*-anisyl-*p*-phenetylguanidine

Hydrocyanic acid except substances containing less than 0.15 per cent., weight in weight, of hydrocyanic acid (HCN); cyanides, other than ferrocyanides and ferricyanides, except substances containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN)  
 Hydromorphanol; its salts; its esters and ethers; their salts  
 Hydromorphone; its salts; its esters and ethers; their salts  
 Hydroxycinchoninic acids; derivatives of; their salts; their esters; except substances containing less than three per cent. of a hydroxycinchoninic acid or a derivative thereof  
 Hydroxypethidine; its salts; its esters and ethers; their salts  
 Hydroxyurea  
 Isomethadone (isoamidone); its salts  
 Ketobemidone; its salts; its esters and ethers; their salts  
 Laudexium; its salts  
 Lead, compounds of, with acids from fixed oils  
 Levomethorphan; its salts  
 Levomoramide; its salts  
 Levophenacylmorphane; its salts; its esters and ethers; their salts  
 Levorphanol; its salts; its esters and ethers; their salts  
 Mannomustine; its salts  
 Mebezonium iodide  
 Mercaptopurine; its salts; derivatives of mercaptopurine; their salts  
 Mercuric chloride except substances containing less than one per cent. of mercuric chloride; mercuric iodide except substances containing less than two per cent. of mercuric iodide; nitrates of mercury except substances containing less than the equivalent of three per cent., weight in weight, of mercury (Hg); potassiummercuric iodides except substances containing less than the equivalent of one per cent. of mercuric iodide; organic compounds of mercury except substances, not being aerosols, containing less than the equivalent of 0.2 per cent., weight in weight, of mercury (Hg)  
 Mescaline, and other derivatives of phenethylamine formed by substitution in the aromatic ring; their salts  
 Metazocine; its salts; its esters and ethers; their salts  
 Methadone (amidone); its salts  
 Methadyl acetate; its salts  
 Methyl-desorphine; its salts; its esters and ethers; their salts  
 Methyl-dihydromorphanol; its salts; its esters and ethers; their salts  
 2-Methyl-3-morpholino-1, 1-diphenylpropanecarboxylic acid; its salts; its esters; their salts  
 1-Methyl-4-phenylpiperidine-4-carboxylic acid; esters of; their salts  
 Metopon; its salts; its esters and ethers; their salts

Monofluoroacetic acid; its salts  
 Morpheridine; its salts  
 Mustine and any other *N*-substituted derivative of di-(2-chloro-ethyl)amine; their salts  
 Myrorphine; its salts  
 Nalorphine; its salts  
 Nicocodine; its salts  
*m*-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol  
 Noracymethadol; its salts  
 Norcodeine; its salts; its esters and ethers; their salts  
 Norlevorphanol; its salts; its esters and ethers; their salts  
 Normethadone; its salts  
 Normorphine; its salts; its esters and ethers; their salts  
 Norpipanone  
 Nux Vomica except substances containing less than 0.2 per cent. of strychnine  
 Opium except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine  
 Organo-tin compounds, the following:—  
   Compounds of fentin  
 Ouabain  
 Oxycodone; its salts; its esters and ethers; their salts  
 Oxymorphone; its salts; its esters and ethers; their salts  
 Phenacemide  
 Phenadoxone; its salts  
 Phenampromide; its salts  
 Phenazocine; its salts; its esters and ethers; their salts  
 Phencyclidine; its salts  
 Phenomorphan; its salts; its esters and ethers; their salts  
 Phenoperidine; its salts; its esters and ethers; their salts  
 2-Phenylcinchoninic acid; 2-salicylcinchoninic acid; their salts; their esters  
 4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts  
 Pholcodine; its salts; its esters and ethers; their salts; except substances containing less than 1.5 per cent. of pholcodine  
 Phosphorus compounds, the following:—  
   Amiton  
   Azinphos-ethyl  
   Azinphos-methyl  
   Chlorfenvinphos except sheep dips containing not more than ten per cent., weight in weight, of chlorfenvinphos  
   Demeton-O  
   Demeton-S  
   Demeton-O-methyl  
   Demeton-S-methyl

Dichlorvos  
 Diethyl 4-methyl-7-coumarinyl phosphorothionate  
 Diethyl p-nitrophenyl phosphate  
 Dimefox  
 Disulfoton  
 Ethion  
 Ethyl-p-nitrophenyl phenylphosphonothionate  
 Mazidox  
 Mecarbam  
 Mevinphos  
 Mipafox  
 Oxydemeton-methyl  
 Parathion  
 Phenkapton  
 Phorate  
 Phosphamidon  
 Schradan  
 Sulfotep  
 TEPP (HETP)  
 Thionazin  
 Triphosphoric pentadimethylamide  
 Vamidothion  
 Picrotoxin  
 Piminodine; its salts  
 Piritramide; its salts  
 Polymethylenebis(trimethylammonium) salts  
 Proheptazine; its salts  
 Propoxyphene; its salts  
 Racemethorphan; its salts  
 Racemoramide; its salts  
 Racemorphan; its salts; its esters and ethers; their salts  
 Savin, oil of  
 Strophanthus, glycosides of  
 Thallium, salts of  
 Thebacon; its salts  
 Tretamine; its salts  
 Triaziquone  
 Trimeperidine; its salts  
 Zinc phosphide

SECOND SCHEDULE

Section 6

Form of entry to be made in the book to be kept by sellers of poisons in accordance with section six of this Ordinance

Date of sale	Name and quantity of poison supplied	Purchaser's			Purpose for which stated to be required	Date of certificate (if any)	Name and address of person giving certificate (if any)	Signature of purchaser
		Name	Address	Business trade or occupation				

## THIRD SCHEDULE

Section 10

*Articles exempted from the provisions of this Ordinance*

## GROUP I

## GENERAL EXEMPTIONS

Adhesives; anti-fouling compositions; builders' materials; ceramics; distempers; electrical valves; enamels; explosives; fillers; fireworks; fluorescent lamps; glazes; glue; inks; lacquer solvents; loading materials; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; propellants; rubber; varnishes; vascular plants and their seeds.

## GROUP II

## SPECIAL EXEMPTIONS

<i>Poison</i>	<i>Substance or article in which exempted</i>
Acetanilide; alkyl acetanilides	Substances not being preparations for the treatment of human ailments
Alkaloids, the following:—	
Brucine	Surgical spirit containing not more than 0.015 per cent. of brucine
Emetine	Ipecacuanha; extracts and tinctures of ipecacuanha; substances containing less than 0.05 per cent. of emetine
Ephedra, alkaloids of	Substances containing less than one per cent. of the alkaloids of ephedra
Jaborandi, alkaloids of	Substances containing less than 0.025 per cent. of the alkaloids of jaborandi
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants; substances containing less than 0.1 per cent. of the alkaloids of lobelia

<i>Poison</i>	<i>Substance or article in which exempted</i>
Nicotine	Tobacco; preparations containing not more than 7.5 per cent. of nicotine, weight in weight; aerosols containing not more than 0.2 per cent. of nicotine, weight in weight
Pomegranate, alkaloids of	Pomegranate bark
Solanaceous alkaloids	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants
Stavesacre, alkaloids of	Soaps; ointments; lotions for external use
<i>p</i> -Aminobenzenesulphonamide; its salts; derivatives of <i>p</i> -aminobenzenesulphonamide having any of the hydrogen atoms of the <i>p</i> -amino group or of the sulphonamide group substituted by another radical; their salts	Feeding stuffs containing not more than 0.5 per cent. of total sulphonamides; sulphaquinoxaline when contained, to a concentration not exceeding 0.5 per cent., in preparations for the destruction of rats and mice
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than five per cent., weight in weight, of ammonia (NH <sub>3</sub> ); refrigerators; smelling bottles
Androgenic, oestrogenic and progestational substances, the following:—	Preparations intended for external application only, except preparations containing more than four milligrammes of oestrogenic substance per hundred grammes of inert substance; feeding stuffs containing hexoestrol or stilboestrol or both and not containing any other androgenic, oestrogenic or progestational substance
Benzoestrol	
Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters	
Steroid compounds with androgenic or oestrogenic or progestational activity; their esters	

<i>Poison</i>	<i>Substance or article in which exempted</i>
Anti-histamine substances, the following; their salts; their molecular compounds:—	
Antazoline	Preparations intended for external application only and preparations containing not more than one per cent. of anti-histamine substances for application in the nose or eye
Bromodiphenhydramine	
Buclizine	
Carbinoxamine	
Chlorcyclizine	
Chlorpheniramine	
Cinnarizine	
Clemizole	
Cyclizine	
3-Di-n-butylaminomethyl-4, 5, 6-trihydroxyphthalide	
Diphenhydramine	
Diphenylpyraline	
Doxylamine	
Isothipendyl	
Mebhydrolin	
Meclozine	
Phenindamine	
Pheniramine	
Phenyltoloxamine	
Promethazine	
Pyrrobutamine	
Thenalidine	
Tolpropamine	
Triprolidine	
Substances being tetra- <i>N</i> -substituted derivatives of ethylenediamine or propyl-enediamine	
Antimony, chlorides of	Polishes
Arsenical poisons	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities; poultry or pig feeding stuffs containing not more than 0.005 per cent. of 4-hydroxy-3-nitrophenyl-arsonic acid and not containing any other arsenical poison

<i>Poison</i>	<i>Substance or article in which exempted</i>
Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance	Self heating preparations, in aerosol dispensers, intended for external application only, containing 1,5-diethyl-2-thio-4,6-pyrimidinedione and not containing any other substance mentioned opposite hereto in the first column
Barium, salts of	Witherite other than finely ground witherite, barium carbonate bonded to charcoal for case hardening; fire extinguishers containing barium chloride
Carbarsone	Poultry feeding stuffs containing not more than 0.0375 per cent. of carbarsone
Chloroform	Substances containing less than one per cent. of chloroform; solid preparations; toothpaste
Creosote obtained from wood	Substances containing less than fifty per cent. of creosote obtained from wood
Diamines, the following; their salts:— phenylene diamines; tolylene diamines; other alkylated-benzene diamines	Substances other than preparations for the dyeing of hair
Dinitrocresols (DNOC); their compounds with a metal or a base	Substances being neither preparations for the treatment of human ailments nor preparations for use in agriculture or horticulture
Dinitrophenols	Substances not being preparations for the treatment of human ailments
Dinosam; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture

<i>Poison</i>	<i>Substance or article in which exempted</i>
Diperodon; its salts	Preparations intended for external application only, containing not more than one per cent. of diperodon, calculated as anhydrous base
Disulfiram	Substances not being preparations for the treatment of human ailments
Formaldehyde	Substances containing less than five per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions
Formic acid	Substances containing less than five per cent., weight in weight, of formic acid (H.COOH)
Hydrochloric acid	Substances containing less than nine per cent., weight in weight, of hydrochloric acid (HCl)
Hydrocyanic acid	Preparations of wild cherry
Lead acetate	Substances containing less than four per cent. of lead acetate
Lead, compounds of	Machine-spread plasters
Mercuric chloride	Batteries
Mercuric chloride; mercuric iodide; organic compounds of mercury	Dressings on seeds or bulbs
Mercury, nitrates of	Ointments containing less than the equivalent of three per cent., weight in weight, of mercury (Hg)
Mercury, oxides of	Canker and wound paints (for trees) containing not more than three per cent., weight in weight, of yellow mercuric oxide
Mescaline; its salts	Living plants

<i>Poison</i>	<i>Substance or article in which exempted</i>
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid ( $\text{HNO}_3$ )
Nitrobenzene	Substances containing less than 0.1 per cent. of nitrobenzene; soaps containing less than one per cent. of nitrobenzene; polishes
<i>p</i> -Nitrobenzyl cyanide	Photographic solutions containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid ( $\text{HCN}$ )
<i>p</i> -Nitrophenol	Preparations for use in agriculture or horticulture containing not more than 0.5 per cent. of <i>p</i> -nitrophenol as preservative
Organo-tin compounds, the following:—	
Compounds of fentin	Substances other than preparations for use in agriculture or horticulture
Oxalic acid; metallic oxalates	Laundry blue; polishes; cleaning powders or scouring products, containing the equivalent of not more than ten per cent. of oxalic acid dihydrate
Paraquat, salts of	Preparations in pellet form containing not more than five per cent. of salts of paraquat calculated as paraquat ion
Phenols	Carvacrol; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than one per cent. of phenols; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments or suppositories containing less than 2.5 per cent. of phenols;

<i>Poison</i>	<i>Substance or article in which exempted</i>
Phenols—(continued)	smelling bottles; soaps for washing; solid substances, other than pastilles, lozenges, capsules, pessaries, ointments and sup- positories, containing less than sixty per cent. of phenols; tar (coal or wood), crude or re- fined; <i>p</i> -tertiary-amylphenol; tertiary-butylcresol; <i>p</i> -tertiary-butylphenol; <i>p</i> -(1,1,3,3-tetramethylbutyl) phe- nol; thymol
Phenyl mercuric salts	Toilet, cosmetic and therapeutic preparations containing not more than 0.01 per cent. of phenyl mercuric salts as a preservative; antiseptic dress- ings on toothbrushes; in tex- tiles containing not more than 0.01 per cent. of phenyl mer- curic salts as a bacteriostat and fungicide
Phosphoric acid	Substances containing phosphoric acid, not being descaling pre- parations containing more than fifty per cent., weight in weight, of ortho-phosphoric acid
Phosphorus compounds, the fol- lowing:—	
Amiton	} Substances other than prepara- Azinphos-ethyl                    } tions for use in agriculture or Azinphos-methyl                   } horticulture
Chlorfenvinphos	

<i>Poison</i>	<i>Substance or article in which exempted</i>
Demeton-O Demeton-S	Substances other than preparations for use in agriculture or horticulture
Dichlorvos	Substances other than preparations for use in agriculture or horticulture, not being preparations in— (a) impregnated materials containing not more than twenty per cent., weight in weight, of dichlorvos in a resinous or plastic base, or (b) aerosols containing not more than one per cent., weight in weight, of dichlorvos, or (c) thermal vaporisers containing not more than thirty per cent., weight in weight, of dichlorvos in an impregnated, fixed, rigid and porous base
Diethyl 4-methyl-7-coumarinyl phosphorothionate Diethyl <i>p</i> -nitrophenyl phosphate Dimefox	Substances other than preparations for use in agriculture or horticulture
Disulfoton	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Ethion Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate Mazidox Mecarbam Mevinphos Mipafox	Substances other than preparations for use in agriculture or horticulture

<i>Poison</i>	<i>Substance or article in which exempted</i>
Oxydemeton-methyl	} Substances other than preparations for use in agriculture or, except in aerosol canisters containing not more than 0.25 per cent., weight in weight, of oxydemeton-methyl, for use in horticulture
Parathion	
Phenkapton	} Substances other than preparations for use in agriculture or horticulture
Phorate	} Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Phosphamidon Schradan Sulfotep TEPP (HETP) Thionazin Triphosphoric penta- dimethylamide Vamidothion	} Substances other than preparations for use in agriculture or horticulture
Picric acid	
Podophyllum resin	Substances containing less than five per cent. of picric acid
Potassium hydroxide	Preparations containing not more than 1.5 per cent., weight in weight, of podophyllum resin
Procaine	Substances containing less than twelve per cent. of potassium hydroxide; accumulators; batteries
	Feeding stuffs containing any substance to which Part II of the Therapeutic Substances Act 1956 for the time being applies

<i>Poison</i>	<i>Substance or article in which exempted</i>
Sodium ethyl mercurithio- salicylate	Therapeutic substances contain- ing less than 0.1 per cent. of sodium ethyl mercurithiosali- cylate as a preservative
Sodium fluoride	Substances containing less than three per cent. of sodium fluoride as a preservative; denti- frices containing not more than 0.3 per cent. of sodium fluoride; mouth wash tablets containing not more than 0.2 per cent. of sodium fluoride and liquid mouth washes containing not more than 0.05 per cent. thereof
Sodium hydroxide	Substances containing less than twelve per cent. of sodium hydroxide
Sodium nitrate	Substances other than prepara- tions containing more than 0.1 per cent. of sodium nitrite for the destruction of rats or mice
Sodium silicofluoride	Substances containing less than three per cent. of sodium silico- fluoride as a preservative
Sulphuric acid	Substances containing less than nine per cent., weight in weight, of sulphuric acid ( $H_2SO_4$ ); accumulators; batteries and sealed containers in which sul- phuric acid is packed together with car batteries for use in those batteries; fire extingui- shers

In Group II in this Schedule the expression " granular prepara-  
tion " in relation to a poison means a preparation—

- (a) which consists of absorbent mineral or synthetic solid particles  
impregnated with the poison, the size of the particles being  
such that not more than four per cent., weight in weight, of

the preparation is capable of passing a sieve with a mesh of 250 microns, and not more than one per cent. a sieve with a mesh of 150 microns;

- (b) which has an apparent density of not less than 0.4 grammes per millilitre if compacted without pressure; and
- (c) not more than 12 per cent. of which, weight in weight, consists of the poison.

## FOURTH SCHEDULE

## Section 9

*Substances required to be sold by retail only upon a prescription given by an authorised medical practitioner, authorised dentist or authorised veterinary surgeon.*

## PART A

Alcuronium chloride

Allylisopropylacetylurea

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance

Busulphan; its salts

Demecarium bromide

Dinitrocresols (DNOC); their compounds with a metal or a base, except preparations for use in agriculture or horticulture

Dinitronaphthols; dinitrophenols; dinitrothymols

Disulfiram

Dithienylallylamines; dithienylalkylallylamines; their salts; except diethylthiambutene, dimethylthiambutene and ethylmethylthiambutene

Gallamine; its salts; its quaternary compounds

Hydroxyurea

Mannomustine; its salts

Mercaptopurine; its salts; derivatives of mercaptopurine; their salts

Mustine and any other *N*-substituted derivatives of di-(2-chloroethyl)amine; their salts

Phenacemide

Phencyclidine; its salts

2-Phenylcinchoninic acid; 2-salicylcinchoninic acid; their salts; their esters

Polymethylenebistrimethylammonium salts

Tretamine; its salts

Triaziquone

## PART B

- Acetanilide; alkyl acetanilides  
 Acetohexamide  
 Acetylcarbromal  
 Amidopyrine; its salts; amidopyrine sulphonates; their salts  
*p*-Aminobenzenesulphonamide; its salts; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical; their salts; except when contained in ointments or surgical dressings or in preparations for the prevention and treatment of diseases in poultry  
 Aminorex; its salts  
 Amitriptyline; its salts  
 Androgenic, oestrogenic and progestational substances, the following:—  
   Benzoestrol  
   Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters  
   Steroid compounds with androgenic or oestrogenic or progestational activity; their esters  
 Azacyclonol; its salts  
 Benactyzine; its salts  
 Benzhexol; its salts  
 Benztropine and its homologues; their salts  
 Bromvaletone  
 Captodiame; its salts  
 Caramiphen; its salts; except tablets containing not more than the equivalent of 7.5 milligrammes of caramiphen base, and liquid preparations containing not more than the equivalent of 0.1 per cent. of caramiphen base  
 Carbromal  
 Carisoprodol  
 Chloral; its addition and its condensation products; their molecular compounds; except when contained, in the form of chloral hydrate, in preparations intended for external application only and except when contained, in the form of alpha-chloralose in preparations intended for indoor use in the destruction of rats or mice containing not more than four per cent., weight in weight, of alpha-chloralose  
 Chlordiazepoxide; its salts  
 Chlormethiazole; its salts  
 Chlorothiazide and other derivatives of benzo-1,2,4-thiadiazine-7-sulphonamide 1, 1-dioxide, whether hydrogenated or not  
 Chlorphenoxamine; its salts  
 Chlorphentermine; its salts

- Chlorpropamide; its salts  
 Chlorprothixene and other derivatives of 9-methylenethioxanthene;  
 their salts  
 Chlorzhalidone and other derivatives of *o*-chlorobenzene sulphonamide  
 Clorexolone  
 Clorprenaline; its salts; when contained in aerosol dispensers  
 Colchicum, alkaloids of; their salts  
 Corticotrophins, natural and synthetic  
 Cyclobarbitate  
 Cycrimine; its salts  
 Desipramine; its salts  
 Diazepam and other compounds containing the chemical structure  
 of dihydro-1, 4-benzodiazepine substituted to any degree; their  
 salts  
 Diphenoxylate and its salts contained in (a) pharmaceutical pre-  
 parations in solid or liquid form containing not more than  
 2.5 milligrammes of diphenoxylate calculated as base and not  
 less than 25 microgrammes of atropine calculated as atropine  
 sulphate per dosage unit and containing no other substance to  
 which any Part of the Dangerous Drugs Act 1965 applies or (b)  
 liquid preparations containing 0.5 milligrammes diphenoxylate  
 hydrochloride, 0.005 milligrammes atropine sulphate, 0.16 milli-  
 litres ethyl alcohol, 0.002 millilitres imitation cherry flavour, 0.45  
 millilitres glycerine, 0.4 millilitres sorbital solution (70 per cent.),  
 0.01 milligrammes red dye colour index No. 14700 (F.D. 4C. Red  
 No. 4), 0.0008 millilitres water  
 Ectylurea  
 Emylcamate  
 Ephedrine; its optical isomers; their salts; when contained in aerosol  
 dispensers  
 Ergot, alkaloids of, whether hydrogenated or not; their homologues;  
 any salt of any substance falling within this item  
 Ethacrynic acid; its salts  
 Ethchlorvynol  
 Ethinamate  
 Ethionamide  
 Echoheptazine; its salts  
 Ethylnoradrenaline; its salts; when contained in aerosol dispensers  
 Fenfluramine; its salts  
 Flufenamic acid; its salts; its esters; their salts  
 Glutethimide; its salts  
 Glymidine  
 Haloperidol and other 4-substituted derivatives of *N*-(3-*p*-fluoro-  
 benzoylpropyl) piperidine

Hexapropymate

Hydrazines, benzyl phenethyl or phenoxyethyl; their alpha-methyl derivatives; acyl derivatives of any of the foregoing substances comprised in this item; salts of any compounds comprised in this item

Hydroxy-*N,N*-dimethyltryptamines; their esters or ethers; any salt of any substance falling within this item

Hydroxyzine; its salts

Imipramine; its salts

Indomethacin; its salts

Iprindole; its salts

Isoetharine; its salts; when contained in aerosol dispensers

Isoprenaline; its salts; when contained in aerosol dispensers

Mebutamate

Meclofenoxate; its salts

Mefenamic acid; its salts; its esters; their salts

Mephesisin; its esters

Meprobamate

Metaxalone

Metformin; its salts

Methaqualone; its salts

Methixene; its salts

Methocarbamol

Methoxsalen

Methoxyphenamine; its salts; when contained in aerosol dispensers

Methylaminoheptane; its salts; when contained in aerosol dispensers

Methylpentynol; its esters and other derivatives

alpha-Methylphenethylamine, beta-methylphenethylamine and alpha-ethylphenethylamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure or by substitution in the aromatic ring (with or without substitution at the nitrogen atom), except ephedrine and its optical isomers, *N*-substituted derivatives, fenfluramine, hydroxyamphetamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item

Methyprylone

Metoclopramide; its salts

Mitopodozide; its salts

Nortryptiline; its salts

Orciprenaline; its salts; when contained in aerosol dispensers

Orphenadrine; its salts

Oxethazaine

**E**

Oxyphenbutazone  
 Oxytocins, natural and synthetic  
 Paraldehyde  
 Paramethadione  
 Pargyline; its salts  
 Pemoline; its salts  
 Pentazocine; its salts  
 Phenaglycodol  
 Phenbutrazate  
 Phenetidylphenacetin  
 Phenformin; its salts  
 Phenothiazine, derivatives of; their salts; except dimethoxanate, its salt and promethazine; its salts and molecular compounds  
 Phenylbutazone; its salts  
 5-Phenylhydantoin; its alkyl and aryl derivatives; their salts  
 Pituitary gland, the active principles of, other than corticotrophins, oxytocins and vasopressins; except when contained in inhalants or in preparations intended for external application only  
 Procainamide; its salts  
 Procarbazine; its salts  
 Procyclidine; its salts  
 Promoxolan  
 Prophylhexedrine; its salts; except when contained in inhalers  
 Prothionamide  
 Prothipendyl; its salts  
**Quinethazone**  
 Rauwolfia, alkaloids of; their salts; derivatives of the alkaloids of rauwolfia; their salts  
 Styramate  
 Sulphinpyrazone  
 Sulphonal; alkyl sulphonals  
 Suprarenal gland medulla, the active principles of; their salts; except when contained in preparations intended for external application only or in inhalants (other than inhalants in aerosol dispensers containing adrenaline or its salts), rectal preparations or preparations intended for use in the eye  
 Syrosingopine  
 Tetrabenazine; its salts  
 Thalidomide; its salts  
 Thiocarlide; its salts  
 Thyroid gland, the active principles of; their salts  
 Tolbutamide

Tribromethyl alcohol

2,2,2-Trichloroethyl alcohol, esters of; their salts

Trimipramine; its salts

Troxidone

Tybamate

Vasopressins, natural and synthetic

Verapamil; its salts

Zoxazolamine; its salts

## FIFTH SCHEDULE

Section 11

## PART A

*Form to which the substances specified are restricted when sold by listed sellers of Part II poisons*

<i>Poison</i>	<i>Form to which sale is restricted</i>
Arsenical substances—	
Arsenious oxide	Sheep dips, sheep washes
Arsenic sulphides	Sheep dips, sheep washes
Calcium arsenates	Preparations for use in agriculture or horticulture
Calcium arsenites	Agricultural and horticultural insecticides or fungicides
Copper acetoarsenite	Agricultural and horticultural insecticides or fungicides
Copper arsenates	Agricultural and horticultural insecticides or fungicides
Copper arsenites	Agricultural and horticultural insecticides or fungicides
Lead arsenates	Agricultural and horticultural insecticides or fungicides
Sodium arsenates	Sheep dips, sheep washes
Sodium thioarsenates	Sheep dips, sheep washes
Barium carbonate	Preparations for the destruction of rats or mice
Dinitrocresols (DNOC); their compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinosam; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Endosulfan	Preparations for use in agriculture or horticulture
Endothal; its salts	Preparations for use in agriculture or horticulture
Endrin	Preparations for use in agriculture or horticulture
Mercurial substances—	
Mercuric chloride	Agricultural and horticultural fungicides, seed and bulb dressings, insecticides

*Form to which sale is restricted**Poison*

Mercuric iodide	Agricultural and horticultural fungicides, seed and bulb dressings
Organic compounds of mercury	Agricultural and horticultural fungicides, seed and bulb dressings, solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths
Metallic oxalates other than potassium quadroxalate	Photographic solutions or materials
Nitrobenzene	Agricultural and horticultural insecticides; substances for the treatment of bee disease; ointments for the treatment of animals
Organo-tin compounds, the following:—	
Compounds of fentin	Preparations for use in agriculture or horticulture
Phosphorus compounds, the following:—	
Amiton	Preparations for use in agriculture or horticulture
Azinphos-ethyl	
Azinphos-methyl	
Chlorfenvinphos	
Demeton-O	
Demeton-S	
Dichlorvos	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox	
Disulfoton	
Ethion	
Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate	
Mazidox	
Mecarbam	
Mevinphos	

*Poison**Form to which sale is restricted*

Mipafox	
Oxydemeton-methyl	
Parathion	
Phenkapton	
Phorate	
Phosphamidon	
Schradan	
Sulfotep	
TEPP (HETP)	
Thionazin	
Triphosphoric pentadimethyl- amide	
Vamidothion	
Zinc phosphide	Preparations for the destruction of rats or mice

## PART B

*Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business*

Arsenical poisons other than lead arsenates, calcium arsenates and copper acetoarsenite

Dinitroresols (DNOC); their compounds with a metal or a base; except winter washes containing not more than the equivalent of five per cent. of dinitroresols

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Mercuric chlorides; mercuric iodides; organic compounds of mercury; except solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths

Organo-tin compounds, the following:—

Compounds of fentin

Phosphorus compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate  
 Dimetox  
 Disulfoton  
 Ethion  
 Ethyl *p*-nitrophenyl phenylphosphonothionate  
 Mazidox  
 Mecarbam  
 Mevinphos  
 Mipafox, except in the form of a cap on a stick or wire  
 Oxydemeton-methyl  
 Parathion  
 Phenkapton  
 Phorate  
 Phosphamidon  
 Schradan  
 Sulfotep  
 Thionazin  
 Triphosphoric pentadimethylamide  
 Vamidothion

## SIXTH SCHEDULE

Section 12

*Poisons required to be coloured in certain cases*

Arsenical poisons  
 Fluoroacetamide; fluoroacetanilide  
 Monofluoroacetic acid; its salts  
 Organo-tin compounds, the following:—  
   Compounds of fentin  
 Phosphorus compounds, the following: —  
   Azinphos-ethyl  
   Azinphos-methyl  
   Chlorfenvinphos  
   Dichlorvos  
   Disulfoton in solution  
   Ethion  
   Mecarbam  
   Mevinphos  
   Oxydemeton-methyl  
   Phenkapton  
   Phorate in solution  
   Phosphamidon  
   Thionazin  
   Vamidothion

## SEVENTH SCHEDULE Sections 17 and 18

*Statement of particulars permitted in certain cases as to proportion of the poisons*

<i>Name of Poison</i>	<i>Particulars</i>
Alkaloids	
Aconite, alkaloids of	The proportion of any one alkaloid of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid.
Belladonna, alkaloids of Calabar bean, alkaloids of Coca, alkaloids of Colchicum, alkaloids of Ephedra, alkaloids of Ergot, alkaloids of Gelsemium, alkaloids of Jaborandi, alkaloids of Lobelia, alkaloids of Pomegranate, alkaloids of Quebracho, alkaloids of, other than the alkaloids of red quebracho Sabadilla, alkaloids of Solanaceous alkaloids not otherwise included in the Poisons List Stavesacre, alkaloids of Veratrum, alkaloids of Yohimba, alkaloids of	The same as above, with the substitution for the reference to aconite of a reference to belladonna, calabar bean or such other of the said poisons as the case may require.
The proportion of antimony, trioxide ( $Sb_2O_3$ ) or antimony pentoxide ( $Sb_2O_5$ ) that the preparation would be calculated to contain on the assumption that the antimony (Sb) in the poison had been wholly converted into antimony trioxide or antimony pentoxide as the case may be.	Antimonial poisons

<i>Name of Poison</i>	<i>Particulars</i>
Arsenical poisons	The proportion of arsenic trioxide ( $\text{As}_2\text{O}_3$ ) or arsenic pentoxide ( $\text{As}_2\text{O}_5$ ) that the preparation would be calculated to contain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pentoxide as the case may be.
Barium, salts of	The proportion of one particular barium salt which the preparation would be calculated to contain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt.
Digitalis, glycosides of; other active principles of digitalis	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation.
Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides	The proportion of hydrocyanic acid (HCN) that the preparation would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid.
Insulin	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation.
Lead, compounds of, with acids from fixed oils	The proportion of lead oxide ( $\text{PbO}$ ) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide.
Mercury, organic compounds of	The proportion of organically-combined mercury (Hg) contained in the preparation.

<i>Name of Poison</i>	<i>Particulars</i>
Nux Vomica	The proportion of strychnine contained in the preparation.
Opium	The proportion of morphine contained in the preparation.
Phenols	The proportion of phenols (added together) contained in the preparation.
Compounds of a phenol with a metal	The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols.
Pituitary gland, the active principles of	<p>Either—</p> <p>(a) the number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation; or</p> <p>(b) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or</p> <p>(c) the amount of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, from which a specified quantity of the preparation was obtained together with an indication whether the amount relates to fresh or to dried gland substance.</p>

<i>Name of Poison</i>	<i>Particulars</i>
Potassium hydroxide	The proportion of potassium monoxide ( $K_2O$ ) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide.
Sodium hydroxide	The proportion of sodium monoxide ( $Na_2O$ ) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide.
Strophanthus, glycosides of	The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia 1948 which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia.
Suprarenal gland medulla, the active principles of; their salts	<p>Either—</p> <p>(a) the proportion of suprarenal gland or of the medulla of the gland, as the case may be, contained in the preparation; or</p> <p>(b) the amount of suprarenal gland or of the medulla of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance.</p>

<i>Name of Poison</i>	<i>Particulars</i>
Thyroid gland, the active principles of; their salts	Either— (a) the proportion of thyroid gland contained in the preparation; or (b) the amount of thyroid gland from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland.

#### EIGHTH SCHEDULE      Section 19

##### *Indication of character of article prescribed for the purposes of section nineteen of this Ordinance*

1. To be labelled with the words "*Caution. It is dangerous to take this preparation except under medical supervision.*"—

Medicines made up ready for the internal treatment of human ailments and containing insulin

2. To be labelled with the words "*Caution. It is dangerous to exceed the stated dose.*"—

Medicines (other than medicines containing insulin and medicines mentioned in paragraph 9 of this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in Schedule 1.

3. To be labelled with the words "*Poison. For animal treatment only.*"—

Medicines made up ready for the treatment of animals.

4. To be labelled with the words "*Caution. This preparation may cause serious inflammation of the skin in certain persons and should be used only in accordance with expert advice.*"—

Preparations for the dyeing of hair containing phenylene diamines, tolylene diamines or other alkylated-benzene diamines or their salts.

5. To be labelled with the words "*Caution. This substance is caustic.*"—

Potassium hydroxide, sodium hydroxide, and articles containing either of those substances.

6. To be labelled with the words "*Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing.*"—

Dinitrocresols (DNOC); their compounds with a metal or a base; except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base

Dinoseb, its compounds with a metal or a base

Endosulfan

Endothal; its salts

Endrin

Fluoroacetamide; fluoroacetanilide

Organic compounds of mercury in aerosols

Organo-tin compounds, the following:—

Compounds of fentin

Phosphorus compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Disulfoton

Ethion

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

Mecarbam

Mevinphos

Mipafox

Oxydemeton-methyl

Parathion

Phenkapton

Phorate

Phosphamidon

Schradan  
 Sulfotep  
 TEPP (HETP)  
 Thionazin  
 Triphosphoric pentadimethylamide  
 Vamidothion

7. To be labelled with the words "*Caution. This preparation should be administered only under medical supervision. The vapour is dangerous.*":—

Medicines made up ready for the internal or external treatment of human ailments and containing dyflos.

8. To be labelled with the words "*Caution. This substance is poisonous. Inhalation of the powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing.*":—

Monofluoroacetic acid; its salts.

9. To be labelled with the words "*Caution. This may cause drowsiness. If affected, do not drive or operate machinery.*":—

Medicines made up ready for the internal treatment of human ailments if the poison is one of the following:—

Anti-histamine substances, the following: their salts; their molecular compounds:—

Antazoline  
 Bromodiphenhydramine  
 Buclizine  
 Carbinoxamine  
 Chlorcyclizine  
 Chlorpheniramine  
 Cinnarizine  
 Clemizole  
 Cyclizine  
 Cyproheptadine  
 3-Di-*n*-butylaminomethyl-4,5,6-trihydroxyphthalide  
 Diphenhydramine  
 Diphenylpyraline  
 Doxylamine  
 Isothipendyl  
 Mebhydrolin  
 Meclozine  
 Phenindamine  
 Pheniramine  
 Phenyltoloxamine

Promethazine  
 Pyrrobutamine  
 Thenalidine  
 Tolpropamine  
 Triprolidine  
 Substances being tetra-*N*-substituted derivatives of ethylenediamine or propylenediamine

## NINTH SCHEDULE

Section 25

*Poisons required to be specially labelled for transport*

Arsenical Poisons

Barium, salts of

Dinitrocresols (DNOC), their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Dinoseb, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Endosulfan

Endothal; its salts

Endrin

Fluoroacetamide; fluoroacetanilide

Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides, except preparations containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN)

Monofluoroacetic acid; its salts

Nicotine, except in solid preparations containing less than four per cent. of nicotine

Organo-tin compounds, the following:—

Compounds of fentin

Phosphorus compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Demeton-O-methyl

Demeton-S-methyl

Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate  
 Dimefox  
 Disulfoton  
 Ethion  
 Ethyl *p*-nitrophenyl phenylphosphonothionate  
 Mazidox  
 Mecarbam  
 Mevinphos  
 Mipafox  
 Oxydemeton-methyl  
 Parathion  
 Phenkapton  
 Phorate  
 Phosphamidon  
 Schradan  
 Sulfotep  
 TEPP (HETP)  
 Thionazin  
 Triphosphoric pentadimethylamide  
 Vamidothion  
 Strychnine  
 Thallium, salts of

## TENTH SCHEDULE

Section 6

## THE POISONS LIST

## PART I

Acetanilide; alkyl acetanilides  
 Acetohexamide  
 Acetorphine; its salts; its esters and ethers; their salts  
 Acetylcarbromal  
 Acetyldihydrocodeine; its salts  
 Alcuronium chloride  
 Alkali fluorides other than those specified in Part II of this List  
 Alkaloids, the following; their quaternary compounds; any salt,  
 simple or complex, of any substance falling within the follow-  
 ing:—  
   Aconite, alkaloids of  
   Atropine  
   Belladonna, alkaloids of  
   Brucine  
   Calabar bean, alkaloids of  
   Coca, alkaloids of

Cocaine  
 Codeine; its esters and ethers  
 Colchicum, alkaloids of  
 Coniine  
 Cotarnine  
 Curare alkaloids of; curare bases  
 Ecgonine; its esters and ethers  
 Emetine  
 Ephedra, alkaloids of  
 Ergot, alkaloids of, whether hydrogenated or not; their homologues  
 Gelsemium, alkaloids of  
 Homatropine  
 Hyoscine  
 Hyoscyamine  
 Jaborandi, alkaloids of  
 Lobelia, alkaloids of  
 Morphine; its esters and ethers  
 Papaverine  
 Pomegranate, alkaloids of  
 Quebracho, alkaloids of, other than the alkaloids of red quebracho  
 Rauwolfia, alkaloids of; their derivatives  
 Sabadilla, alkaloids of  
 Solanaceous alkaloids not otherwise included in this List  
 Stavesacre, alkaloids of  
 Strychnine  
 Thebaine  
 Veratrum, alkaloids of  
 Yohimba, alkaloids of  
 Allylisopropylacetylurea  
 Allylprodine; its salts  
 Alphameprodine; its salts  
 Alphaprodine; its salts  
 Amidopyrine; its salts; amidopyrine sulphonates; their salts  
 Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids; their salts  
*p*-Aminobenzenesulphonamide; its salts; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical; their salts  
*p*-Aminobenzoic acid, esters of; their salts  
 Aminorex; its salts  
 Amitriptyline; its salts

Amyl nitrite

Androgenic, oestrogenic and progestational substances, the following:—

Benzoestrol

Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters

Steroid compounds with androgenic or oestrogenic or progestational activity; their esters

Anileridine; its salts

Anti-histamine substances, the following; their salts; their molecular compounds:—

Antazoline

Bromodiphenhydramine

Buclizine

Carbinoxamine

Chlorcyclizine

Chlorpheniramine

Cinnarizine

Clemizole

Cyclizine

Cyproheptadine

3-Di-*n*-butylaminomethyl-4,5,6-trihydroxyphthalide

Diphenhydramine

Diphenylpyraline

Doxylamine

Isothipendyl

Mebhydrolin

Meclozine

Phenindamine

Pheniramine

Phenyltoloxamine

Promethazine

Pyrrbutamine

Thenalidine

Tolpropamine

Triprolidine

Substances being tetra-*N*-substituted derivatives of ethylenediamine or propylenediamine

Antimony, chlorides of; oxides of antimony; sulphides of antimony; antimonates; antimonites; organic compounds of antimony

Apomorphine; its salts

Arsenical substances, the following except those specified in Part

II of this List; halides of arsenic; oxides of arsenic; arsenates; arsenites; organic compounds of arsenic

Azacyclonol; its salts

Barbituric acid; its salts; derivatives of barbituric acid; their salts;  
 compounds of barbituric acid, its salts, its derivatives, their salts,  
 with any other substance  
 Barium, salts of, other than barium sulphate and the salts of  
 barium specified in Part II of this List  
 Benactyzine; its salts  
 Benzethidine; its salts  
 Benzhexol; its salts  
 Benzoylmorphine; its salts  
 Benztropine and its homologues; their salts  
 Benzylmorphine; its salts  
 Betameprodine; its salts  
 Betaprodine; its salts  
 Bromvaletone  
 Busulphan; its salts  
 Butylchloral hydrate  
 Cannabis (the dried flowering or fruiting tops of *Cannabis sativa*  
 Linn.); the resin of cannabis; extracts of cannabis; tinctures of  
 cannabis; cannabin tannate  
 Cantharidin; cantharidates  
 Captodiamine; its salts  
 Caramiphen; its salts  
 Carbachol  
 Carbromal  
 Carisoprodol  
 Carperidine; its salts  
 Chloral; its addition and its condensation products; their molecular  
 compounds  
 Chlordiazepoxide; its salts  
 Chlormethiazole; its salts  
 Chloroform  
 Chlorothiazide and other derivatives of benzo-1,2,4-thiadiazine-7-  
 sulphonamide 1, 1-dioxide, whether hydrogenated or not  
 Chlorphenoxamine; its salts  
 Chlorphentermine; its salts  
 Chlorpropamide; its salts  
 Chlorprothixene and other derivatives of 9-methylenethioxanthen;  
 their salts  
 Chlorthalidone and other derivatives of *o*-chlorobenzene sulphona-  
 mide  
 Clonitazene; its salts  
 Clorexolone  
 Clorprenaline; its salts  
 Corticotrophins, natural and synthetic  
 Creosote obtained from wood

Croton, oil of  
 4-Cyano-2-dimethylamino-4, 4-diphenylbutane; its salts  
 4-Cyano-1-methyl-4-phenylpiperidine; its salts  
 Cyclarbamate  
 Cycrimine; its salts  
 Dehydroemetine; its salts  
 Demecarium bromide  
 Desipramine; its salts  
 Desomorphine; its salts; its esters and ethers; their salts  
 Dextromethorphan; its salts  
 Dextromoramide; its salts  
 Dextrorphan; its salts  
 Diacetylmorphine; its salts  
 Diacetylnalorphine; its salts  
 Diampromide; its salts  
 Diazepam and other compounds containing the chemical structure  
 of dihydro-1, 4-benzodiazepine substituted to any degree; their  
 salts  
 Digitalis, glycosides of; other active principles of digitalis  
 Dihydrocodeine; its salts; its esters and ethers; their salts  
 Dihydrocodeinone; its salts  
 Dihydromorphine; its salts; its esters; their salts; its ethers; their  
 salts  
 Dimenoxadole; its salts  
 Dimepheptanol; its salts; its esters and ethers; their salts  
 Dinitronaphthols; dinitrophenols; dinitrothymols  
 Dioxaphetyl butyrate; its salts  
 Dipiperdon; its salts  
 Diphenoxylate; its salts  
 Dipipanone; its salts  
 Disulfiram  
 Dithienylallylamines; dithienylalkylallylamines; their salts  
 Dyflos  
 Ecothiopate iodine  
 Ectylurea  
 Elaterin  
 Embutramide  
 Emylcamate  
 Erythrityl tetranitrate  
 Ethacrynic acid; its salts  
 Ethchlorvynol  
 Ethinamate  
 Ethionamide  
 Ethoheptazine; its salts  
 Ethylmorphine; its salts; its esters and ethers; their salts

Ethylnoradrenaline; its salts  
 Etonitazene; its salts  
 Etorphine; its salts; its esters and ethers; their salts  
 Etoperidine; its salts  
 Fenfluramine; its salts  
 Fentanyl; its salts  
 Fluanisone  
 Flufenamic acid; its salts; its esters; their salts  
 Fluoroacetamide  
 Fluoroacetanilide  
 Furethidine; its salts  
 Gallamine; its salts; its quaternary compounds  
 Glutethimide; its salts  
 Glyceryl trinitrate  
 Glymidine  
 Guanidines, the following:—  
     polymethylene diguanidines; di-*p*-anisyl-*p*-phenethylguanidine  
 Haloperidol and other 4-substituted derivatives of *N*-(3-*p*-fluorobenzoylpropyl) piperidine  
 Hexapropymate  
 Hydrazines, benzyl, phenethyl and phenoxyethyl; their alpha-methyl derivatives; acyl derivatives of any of the foregoing substances comprised in this item; salts of any compounds comprised in this item  
 Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides  
 Hydromorphanol; its salts; its esters and ethers; their salts  
 Hydromorphone; its salts; its esters; their salts; its ethers; their salts  
 Hydroxycinchoninic acids; derivatives of; their salts; their esters  
 Hydroxy-*N,N*-dimethyltryptamines; their esters or ethers; any salt of any substance falling within this item  
 Hydroxypethidine; its salts; its esters and ethers; their salts  
 Hydroxyurea  
 Hydroxyzine; its salts  
 Imipramine; its salts  
 Indomethacin; its salts  
 Insulin  
 Iprindole; its salts  
 Isoaminile; its salts  
 Isoetharine; its salts  
 Isomethadone (isoamidone); its salts  
 Isoprenaline; its salts  
 Ketobemidone; its salts; its esters and ethers; their salts  
 Laudexium; its salts

Lead acetates; compounds of lead with acids from fixed oils  
 Levomethorphan; its salts  
 Levomoramide; its salts  
 Levophenacylmorphin; its salts; its esters and ethers; their salts  
 Levorphanol; its salts; its esters and ethers; their salts  
 Lysergide; its salts, simple or complex; its quaternary compounds  
 Mannityl hexanitrate  
 Mannomustine; its salts  
 Mebezonium iodide  
 Mebutamate  
 Meclofenoxate; its salts  
 Mefenamic acid; its salts; its esters; their salts  
 Mephesisin; its esters  
 Meprobamate  
 Mercaptopurine; its salts; derivatives of mercaptopurine; their salts  
 Mercury, oxides of; nitrates of mercury; mercuric ammonium chlorides; potassiomeric iodides; organic compounds of mercury which contain a methyl (CH<sub>3</sub>) group directly linked to the mercury atom; mercuric oxycyanides; mercuric thiocyanate  
 Mescaline and other derivatives of phenethylamine formed by substitution in the aromatic ring; their salts  
 Metaxalone  
 Metazocine; its salts; its esters and ethers; their salts  
 Metformin; its salts  
 Methadone (amidone); its salts  
 Methadyl acetate; its salts  
 Methaqualone; its salts  
 Methixene; its salts  
 Methocarbamol  
 Methoxsalen  
 Methoxyphenamine; its salts  
 Methylaminoheptane; its salts  
 Methyl-desorphine; its salts; its esters and ethers; their salts  
 Methyl-dihydromorphine; its salts; its esters and ethers; their salts  
 2-Methyl-3-morpholino-1,1-diphenylpropanecarboxylic acid; its salts; its esters; their salts  
 Methylpentynon; its esters and other derivatives  
 alpha-Methylphenethylamine, beta-methylphenethylamine and alpha-ethylphenethylamine;  
 any synthetic compounds structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom), except ephedrine and its optical isomers, *N*-substituted derivatives, fenfluramine,

hydroxyamphetamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item  
 1-Methyl-4-phenylpiperidine-4-carboxylic acid; esters of; their salts  
 Methypyrone  
 Metoclopramide; its salts  
 Metopon; its salts; its esters and ethers; their salts  
 Mitopodozide; its salts  
 Monofluoroacetic acid; its salts  
 Morpheridine; its salts  
 Mustine and any other *N*-substituted derivatives of di-(2-chloroethyl)amine; their salts  
 Myrophine; its salts  
 Nalorphine; its salts  
 Nicocodine; its salts  
*m*-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol  
 Noracymethadol; its salts  
 Norcodeine; its salts; its esters and ethers; their salts  
 Norlevorphanol; its salts; its esters and ethers; their salts  
 Normethadone; its salts  
 Normorphine; its salts; its esters and ethers; their salts  
 Norpipanone  
 Nortryptiline; its salts  
 Nux Vomica  
 Opium  
 Orciprenaline; its salts  
 Orphenadrine; its salts  
 Orthocaine; its salts  
 Ouabain  
 Oxalic acid  
 Oxethazine  
 Oxycodone; its salts; its esters; their salts; its ethers; their salts  
 Oxymorphone; its salts; its esters and ethers; their salts  
 Oxyphenbutazone  
 Oxytocins, natural and synthetic  
 Paraldehyde  
 Paramethadione  
 Pargyline; its salts  
 Pemoline; its salts  
 Pentazocine; its salts  
 Phenacemide  
 Phenadoxone; its salts  
 Phenaglycodol  
 Phenampromide; its salts  
 Phenazocine; its salts; its esters and ethers; their salts

Phenbutrazate  
 Phencyclidine; its salts  
 Phenetidylphenacetin  
 Phenformin; its salts  
 Phenols (any member of the series of phenols of which the first member is phenol and of which the molecular composition varies from member to member by one atom of carbon and two atoms of hydrogen) except in substances containing less than sixty per cent., weight in weight, of phenols; compounds of phenol with a metal, except in substances containing less than the equivalent of sixty per cent., weight in weight, of phenols  
 Phenomorphan; its salts; its esters and ethers; their salts  
 Phenoperidine; its salts; its esters and ethers; their salts  
 Phenothiazine, derivatives of; their salts; except dimethoxanate, its salts and promethazine, its salts and its molecular compounds  
 Phenylbutazone; its salts  
 2-Phenylcinchoninic acid; 2-salicylcinchoninic acid; their salts; their esters  
 5-Phenylhydantoin; its alkyl and aryl derivatives; their salts  
 4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts  
 Pholcodine; its salts; its esters and ethers; their salts  
 Phosphorus, yellow  
 Picric acid  
 Picrotoxin  
 Piminodine; its salts  
 Piritramide; its salts  
 Pituitary gland, the active principles of  
 Podophyllum resin  
 Polymethylenebistrimethylammonium salts  
 Procainamide; its salts  
 Procarbazine; its salts  
 Procyclidine; its salts  
 Proheptazine; its salts  
 Promoxolan  
 Propoxyphene; its salts  
 Propylhexedrine; its salts  
 Prothionamide  
 Prothipendyl; its salts  
 Quinethazone  
 Racemethorphan; its salts  
 Racemoramide; its salts  
 Racemorphan; its salts; its esters and ethers; their salts  
 Savin, oil of  
 Strophanthus; glycosides of strophanthus  
 Styramate

Sulphinpyrazone  
 Sulphonals, alkyl sulphonals  
 Suprarenal gland medulla, the active principles of; their salts  
 Syrosingopine  
 Tetrabenazine; its salts  
 Thalidomide; its salts  
 Thallium, salts of  
 Thebacon; its salts  
 Thiocarlide; its salts  
 Thyroid gland, the active principles of; their salts  
 Tolbutamide  
 Tretamine; its salts  
 Triaziquone  
 Tribromethyl alcohol  
 2,2,2-Trichloroethyl alcohol, esters of; their salts  
 Trimeperidine; its salts  
 Trimipramine; its salts  
 Troxidone  
 Tybamate  
 Vasopressins, natural and synthetic  
 Verapamil; its salts  
 Zoxazolamine; its salts

## PART II

Ammonia

Arsenical substances, the following:—

Arsenic sulphides  
 Arsenious oxide  
 Calcium arsenates  
 Calcium arsenites  
 Copper acetoarsenite  
 Copper arsenates  
 Copper arsenites  
 Lead arsenates  
 Potassium arsenites  
 Sodium arsenates  
 Sodium arsenites  
 Sodium thioarsenates

Barium, salts of, the following:—

Barium carbonate  
 Barium silicofluoride

Diamines, the following; their salts:—

phenylene diamines; tolylene diamines; other alkylated-benzene  
 diamines

Dinitrocresols (DNOC); their compounds with a metal or a base  
 Dinosam; its compounds with a metal or a base  
 Dinoseb; its compounds with a metal or a base  
 Endosulfan  
 Endothal; its salts  
 Endrin  
 Formaldehyde  
 Formic acid  
 Hydrochloric acid  
 Hydrofluoric acid; potassium fluoride; sodium fluoride; sodium  
 silicofluoride  
 Mercuric chloride; mercuric iodide; organic compounds of mercury  
 except compounds which contains a methyl (CH<sub>3</sub>) group directly  
 linked to the mercury atom  
 Metallic oxalates  
 Nicotine; its salts  
 Nitric acid  
 Nitrobenzene  
 Organo-tin compounds, the following:—  
     Compounds of fentin  
 Paraquat; salts of  
 Phenols as defined in Part I of this List in substances containing  
 less than sixty per cent., weight in weight, of phenols; compounds  
 of phenol with a metal in substances containing less than the  
 equivalent of sixty per cent., weight in weight, of phenols  
 Phosphoric acid  
 Phosphorus compounds, the following:—  
     Amiton, azinphos-ethyl, azinphos-methyl, chlorfenvinphos,  
     demeton-O, demeton-S, demeton-O-methyl, demeton-S-methyl,  
     dichlorvos, diethyl 4-methyl-7-coumarinyl phosphorothionate,  
     diethyl *p*-nitrophenyl phosphate, dimetox, disulfoton, ethion,  
     ethyl *p*-nitrophenyl phenylphosphonothionate, mazidox,  
     mecarbam, mevinphos, mipafox, oxydemeton-methyl, parath-  
     ion, phenkapton, phorate, phosphamidon, schradan, sulfotep,  
     TEPP (HETP), thionazin, triphosphoric pentadimethylamide,  
     vamidothion  
 Potassium hydroxide  
 Sodium hydroxide  
 Sodium nitrite  
 Sulphuric acid  
 Zinc phosphide

ELEVENTH SCHEDULE

Section 6

*Certificate for the purchase of a poison*

For the purposes of sub-paragraph (i) of paragraph (a) of sub-section (2) of section six of the Pharmacists, Poisons and Pharmacy Ordinance, 1970, I, the undersigned, a householder occupying (a) ..... hereby certify from my knowledge of (b) ..... of (a) ..... that he is a person to whom (c) ..... may properly be supplied.

I further certify that (d) ..... is the signature of the said (b) .....

.....  
Signature of householder giving certificate.

Date .....

- (a) Insert full postal address.
- (b) Insert full name of intending purchaser.
- (c) Insert name of poison.
- (d) Intending purchaser to sign his name here.

Endorsement required by subsection (4) of section six of the Pharmacists, Poisons and Pharmacy Ordinance, 1970, to be made by the Chief Officer of Police when, but only when, the householder giving the certificate is not known to the seller of the poison to be a responsible person of good character.

I hereby certify that in so far as is known to me (a) ..... is a responsible person of good character.

.....  
Signature of Chief Officer of Police.

Date .....

Office Stamp of Police Station.

- (a) Insert full name of householder giving the certificate.

TWELFTH SCHEDULE

Section 6

*Substances in which poison is exempted by section 6(7) of this Ordinance*

<i>Poison</i>	<i>Substances in which exempted</i>
Nicotine     ...     ...     ..     ...	Agricultural and horticultural insecticides consisting of nicotine dusts containing not more than four per cent., weight in weight, of nicotine.

THIRTEENTH SCHEDULE

Section 15

*Forms of certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide*

FORM A.

*Certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide for use by employees of the States of Guernsey.*

For the purposes of section fifteen of the Pharmacists, Poisons and Pharmacy Ordinance, 1970, as amended, I hereby certify that (a) ..... of (b) ..... is required for use by employees of the States of Guernsey as a rodenticide in (c) ..... situated at (d) .....

.....  
Signature of Medical Officer of Health.

Date .....

- 
- (a) Insert quantity required.
  - (b) Insert "monofluoroacetic acid" or the salt thereof, or fluoroacetamide or fluoroacetanilide as the case may require.
  - (c) State "ships" or "sewers" as the case may require.
  - (d) State the situation of the ships or sewers as the case may require.

## FORM B.

*Certificate authorising the purchase of monofluoroacetic acid, or a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide by persons carrying on, or by the employees of a body of persons carrying on, a business of pest control.*

For the purposes of section fifteen of the Pharmacists, Poisons and Pharmacy Ordinance, 1970, as amended, I hereby certify that (a) .....  
 of (b) .....  
 is required for use by (c) [employees of] .....  
 ..... (d) as a rodenticide  
 in (e) .....  
 situated at (f) .....

.....  
 Signature of Medical Officer of Health.

Date .....

- 
- (a) Insert quantity required.  
 (b) Insert "monofluoroacetic acid" or the salt thereof, or fluoroacetamide or fluoroacetanilide as the case may require.  
 (c) Delete when necessary.  
 (d) Insert name of person, or, as the case may be, body of persons carrying on a business of pest control.  
 (e) State "ships" or "sewers" as the case may require.  
 (f) State the situation of the ships or sewers, as the case may require.

## FOURTEENTH SCHEDULE

Section 31

*Medicines to which special provisions apply*

## PART I—General

Alum	Friar's balsam
Aspirin	Fuller's earth
Basilicon ointment	Glycerine
Borax	Glycerinc, honey and lemon (with no medicine)

Boric ointment	Iodine (weak solution of iodine B.P. only and in original bottles only)
Boric powder	
Castor oil	Liquid paraffin
Chocolate laxative (containing not more than ten per cent. Phenolphthalein and no other medicine)	Petroleum jelly
Coconut oil	Saltpetre
Cod-liver oil and malt	Syrup of figs
Embrocation	Yeast tablets
Eucalyptus oil	Zinc ointment

PART II—*Medicines required to be in closed receptacles when sold*

Bicarbonate of soda	Magnesia salts (Mag. Carb. and Mag. Ox. and Mag. Hydrox)
Camphorated oil	
Carbonate of ammonia	Seidlitz powders
Citric acid	Senna leaves
Cod-liver oil	Sulphur
Cream of tartar	Tartaric acid
Health salts (effervescent and still)	

FIFTEENTH SCHEDULE

Section 44

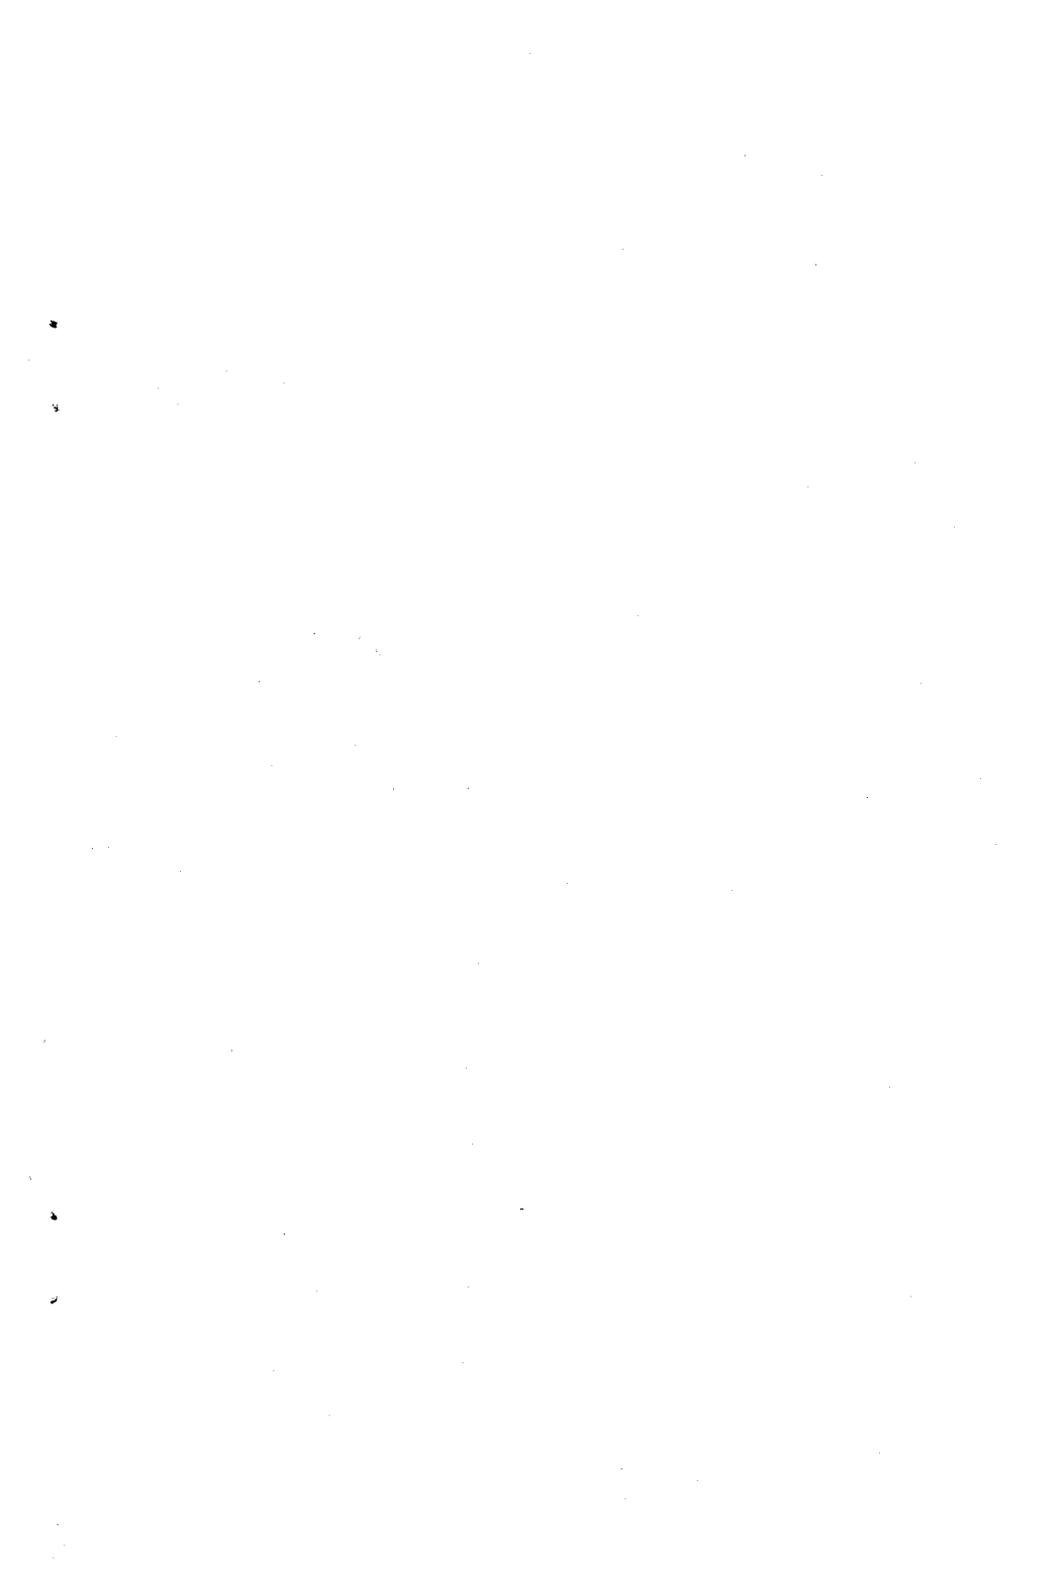

*Ordinances repealed*

- The Pharmacists, Poisons and Pharmacy (Guernsey) Ordinance, 1959(a).  
 The Pharmacists, Poisons and Pharmacy (Amendment) (Guernsey) Ordinance, 1962(b).  
 The Pharmacists, Poisons and Pharmacy (Amendment) (Guernsey) Ordinance, 1964(c).  
 The Pharmacists, Poisons and Pharmacy (Amendment) (Guernsey) Ordinance, 1966(d).
