

GUERNSEY

STATUTORY INSTRUMENT

No. 24 1962

The Hatching Eggs (Importation) Order, 1962

Made 13th December, 1962.

Coming into operation 17th December, 1962.

The States Committee for Agriculture, in pursuance of the provisions of paragraph (b) of section two of the Poultry and Hatching Eggs (Importation and Exportation) Ordinance, 1962 (a), as amended by the States Committee for Agriculture and Fisheries (Transfer of Functions) Ordinance, 1962 (b), and of all other powers enabling it in that behalf, hereby order:-

1. The certificate which is required to accompany each consignment of hatching eggs imported into this Island from Australia, New Zealand, Denmark, Norway or Sweden shall be in the form, and shall contain the particulars, set out in the Schedule to this Order.
2. This Order may be cited as the Hatching Eggs (Importation) Order, 1962.
3. This Order shall come into force on the seventeenth day of December, nineteen hundred and sixty-two.

Dated this 13th day of December, nineteen hundred and sixty-two.

H. R. OZANNE.

President,
of the States Committee for
Agriculture for and on behalf of the Committee

(a) Ordinance No. XIV of 1962. (b) Ordinance No. XXXVII of 1962.

The Poultry and Hatching Eggs (Importation and
Exportation) Ordinance, 1962.

The Hatching Eggs (Importation) Order, 1962.

Form of Veterinary Certificate required to accompany each consignment of hatching eggs, imported into Guernsey from Australia, New Zealand, Denmark, Norway or Sweden.

Veterinary Certificate

I, the undersigned, being a Veterinary Officer of the Government of (insert name of country of origin) _____ hereby certify as follows:-

(1) That this certificate relates to the hatching eggs described in the following table:-

Description	Number to be shipped	Proposed date of shipment	Date of test for Bacillary White Diarrhoea and Fowl Typhoid (domestic fowls and turkeys only)
Domestic Fowls: eggs			
Turkeys: eggs ...			
Geese: eggs.. ...			
Ducks: eggs.. ...			
Guinea fowl: eggs..			

(2) That during the period of six months immediately preceding the said proposed date of shipment the poultry from which the eggs were produced have been free from fowl pest (including Newcastle disease, fowl plague and pneumo-encephalitis) and have not been kept on, or within a radius of 15 miles from, any premises on which fowl pest (including Newcastle disease, fowl plague and pneumo-encephalitis) then existed or had previously existed within the aforesaid period of six months;

(3) That the flocks from which the said eggs were produced are free from fowl cholera.

(4) (a) That the domestic fowls or turkeys from which the said eggs were produced were tested for bacillary white diarrhoea and fowl typhoid within the period of six months immediately preceding the said proposed date of shipment and were found to be free from those diseases, and that the said birds have not subsequently been in contact with untested birds or with birds that have reacted to the test; and

- (4) (b) that the flocks from which the said eggs were produced are free from any or all of the following diseases of poultry, namely:-

contagious bronchitis, infectious laryngo-tracheitis, tuberculosis, fowl pox and fowl paralysis.

Dated this _____ day of _____ 19__.

(Signed) _____

Veterinary Officer of the Government of _____

District _____

-
- N.B. - (1) Where this certificate does not relate to eggs of domestic fowls or turkeys, sub-paragraphs (a) and (b) of paragraph 4 of the certificate should be deleted by the certifying officer.
- (2) This certificate must accompany the eggs and be delivered up to the States Supervisor, States Office, Guernsey, before the eggs are landed.

EXPLANATORY NOTE

(This Note is for information only and forms no part of the Order).

This Order prescribes the form of certificate, and the particulars to be contained therein, with each consignment of poultry hatching eggs imported into Guernsey, Herm and Jethou from Australia, New Zealand, Denmark, Norway and Sweden.
