EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the definition of "electrically assisted pedal cycle" in the Motor Vehicles (Electrically Assisted Pedal Cycles) (Exemption) (Guernsey) Law, 2002, specifically, with regard to the permitted electric power output and speed of electrically assisted pedal cycles. This will give Guernsey cyclists a wider choice of currently manufactured electrically assisted pedal cycles.

These Regulations come into force on the 3rd May, 2016.
