#### EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations make provision for the re-introduction, for a further experimental period of 12 months, of a section of prohibited road at Rue du Coudre to further assess the effect of limiting traffic flows through the introduction of signs and the installation of traffic bollards at either end of a section of lane supported by a wall which is not a retaining structure. The prohibition will not apply to vehicles accessing premises, nor to animals or cycles but will, unlike the previous Regulations which are hereby revoked, extend to motorcycles.

These Regulations come into force on the 28th day of July, 2019.
