EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the Import (Control) (Alderney) Order, 2010 ("**the Principal Order**") by adding a new paragraph 21 to Schedule 8 (goods that cannot be imported without a licence).

Under Article 1 to the Principal Order, goods listed in Schedule 8 are prohibited from being imported without a licence or a written permission issued under the Schedule.

The new paragraph 21 to Schedule 8 adds certain chemicals, mixtures of chemicals and articles containing chemicals so that their import is prohibited other than under and in accordance with a licence granted by the Policy and Finance Committee.

The goods mainly comprise those which must not be put on the market under the European Union Regulation concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), chemicals which are required to be eliminated or restricted under the Stockholm Convention on Persistent Organic Pollutants and chemicals subject to the prior informed consent procedure set out in the Rotterdam Convention on the prior informed consent procedure for certain hazardous chemicals and pesticides in international trade. Copies of REACH and the two Conventions are available online.

[Information on the chemicals affected is also available from the Guernsey Health and Safety Executive at gov.gg/hse.]

This Order comes into force on exit day, being 11pm on the 31st October, 2019, or such other day and time as the States of Guernsey Policy & Resources Committee may appoint by Regulations.
