EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision for the introduction, for an experimental period of up to 12 months, of a prohibition on driving or riding a power-driven vehicle on La

Vieille Rue during specified times. The purpose is to ascertain the best method of regulating traffic in close proximity to St Sampson's High School on school days, at times when pupils typically arrive at or leave the school, with a view to ensuring the safety of pedestrians and cyclists and encouraging the adoption of active transportation methods.

The prohibition does not apply to electrically assisted pedal cycles, emergency vehicles or vehicles travelling to or from premises located on La Vieille Rue. It also does not apply to anything done in accordance with permission given by the Committee for the Environment & Infrastructure or at the direction of, or with the permission of, a police officer.
